As a Catholic priest whose life parallels that of the recently martyred Oscar Romero of El Salvador, also assassinated for exposing the exploitation and marginalization of the poor, Fr. Michael was engaged in a selfless journey for justice. The volume analyzes the driving force of his quest to forge a healing bridge between the Christian and Buddhist populations of Sri Lanka through his spiritual grounding in Catholic social teaching and his unique formulation of an interreligious dialogue. A term paper is a scholarly paper written by students over an academic term, accounting for a major part of a grade. Its a vital component of your college education, often assigned towards the conclusion of a semester. The paper is a vehicle through which educators gauge your comprehension of the course content. Writing a term paper isnt just about summarizing facts. It requires a mix of organization, deep research, and the art of presenting your findings in a way thats both clear and analytical. This means structuring your arguments logically, citing relevant sources, and critically evaluating the information youve gathered. When grading a term paper, there are three important aspects to consider. First, the paper should be passionately written and captivating to read. Second, it should have good grammar and style (following MLA, APA, or CMS style). Third, it should be well documented with in-text references (in parentheses) linking their assertions to scholarly articles in the list of references at the end of the

paper.
