The Spread of Print in Colonial India 2021-11-11 Abhijit Gupta This study focuses on the spread of print in colonial India towards the middle and end of the nineteenth century. Till the first half of the century, much of the print production in the subcontinent emanated from presidency cities such as Calcutta, Bombay and Madras, along with centres of missionary production such as Serampore. But with the growing socialization of print and the entry of local entrepreneurs into the field, print began to spread from the metropole to the provinces, from large cities to mofussil towns. This Element will look at this phenomenon in eastern India, and survey how printing spread from Calcutta to centres such as Hooghly-Chinsurah, Murshidabad, Burdwan, Rangpur etc. The study will particularly consider the rise of periodicals and newspapers in the mofussil, and assess their contribution to a nascent public sphere.

Life Without Conflict 2015-04-16 Dada Bhagwan As much as we would prefer otherwise, conflict seems woven into the very fabric of life. On a daily basis, we find ourselves dealing with difficult people, facing unhealthy relationships, or suffering marriage problems. We might say that some of our relationships are the very definition of conflict! While asking ourselves how to adjust in these circumstances, and how to handle conflict, we remain confused and

perplexed. In the book "Life Without Conflict", Gnani Purush (embodiment of Self knowledge) Dada Bhagwan offers ultimate conflict resolution skills in the form of spiritual conflict resolution strategies. His spiritual teaching on how to resolve conflict - or to avoid it altogether - is offered in the context of common and everyday relationship challenges. Whether seeking relationship tips, marriage advice, or simply to learn how to stay healthy and to cultivate happy homes, this book will prove an invaluable resource.

Studies in Jaina History and Culture 2006-02-01 Peter Flügel The last ten years have seen interest in Jainism increasing, with this previously little-known Indian religion assuming a significant place in religious studies. Studies in Jaina History and Culture breaks new ground by investigating the doctrinal differences and debates amongst the Jains rather than presenting Jainism as a seamless whole whose doctrinal core has remained virtually unchanged throughout its long history. The focus of the book is the discourse concerning orthodoxy and heresy in the Jaina tradition, the question of omniscience and Jaina logic, role models for women and female identity, Jaina schools and sects, religious property, law and ethics. The internal diversity of the Jaina tradition and Jain techniques of living with diversity are explored from an interdisciplinary point of view by fifteen leading scholars in Jaina studies. The contributors focus on the principal social units of the tradition: the schools, movements, sects and orders, rather than Jain religious culture in abstract. Peter Flügel provides a representative snapshot of the current state of Jaina studies that will interest students and academics involved in the study of religion or South Asian cultures.

Hindu Wife, Hindu Nation 2001 Tanika Sarkar What are the major Hindu ideas and traditions of India that have shaped dominant conceptions of womanhood, domesticity, wifeliness, mothering, and of India as a "Hindu" nation? Tanika Sarkar analyzes literary and social traditions; the elite voices and popular culture that helped create the lived reality of north India today. She explores the proto-nationalist novels of Bankimchandra Chattopadhyaya as well as scandal literature, rumors, women's memoirs, and the popular press of colonial times for the "subaltern" ideas that have shaped contemporary India. Sarkar also examines the way earlier Indian religious traditions of saintliness, sacrifice, heroism, and warfare are being subverted or transformed by militant and fundamentalist forms of Hinduism.

The Flawless Vision 2015-05-04 Dada Bhagwan Those seeking to lead a spiritual life will naturally ask themselves how to become more spiritual, and just how to live spiritual values. Is positive thinking the foundation of spirituality and, if so, how to get rid of negative thoughts? Must one somehow transcend good and bad, right and wrong? Where does one's spiritual development truly begin? By enlightened definition, the foundation of a spiritual life is a faultless worldview; and to achieve such flawless vision, a spiritual awakening or Self realization is required. In the book "The Flawless Vision", Gnani Purush (embodiment of Self knowledge) Dada Bhagwan states: "When a person does not have Self-realization (spiritual enlightenment), he always sees faults in others and can never see his own mistake." Then, Dadashri explains how to attain the Self – describing that the knowledge of Self the beginning of true spirituality. An automatic outcome and one of the most prominent signs of spiritual awakening, is a flawless or faultless vision of others and the world. Among the many spiritual books available from spiritual teachers today, "The Flawless Vision" is a unique and invaluable resource.
