## *Telecommunications for Older People and Disabled People in Europe*

1997 Kevin Cullen This book presents the result of the MART study, an action funded under the TIDE (Technology Initiative for Disabled and Elderly People) programme of the EU. TIDE supports research and development in assistive technology with the aim of contributing to the quality of life of older people and people with disabilities and encouraging European industry and markets. The book provides the first complete assessment of the opportunities presented by the Information Society for Older People and people with disabilities in Europe, and of the factors in European telecommunications and in social developments

that are facilitating or inhibiting access to these. It is being published at a time when these issues are becoming increasingly considered in EU and national policy, in the strategies of the telecommunications industry and in the concerns of representative user organisations. As the MART study finished in early 1996 and the European situation is changing rapidly, a chapter has been added by the authors to take account of more recent developments.

The Peabody Picture Vocabulary Test 4th Edition (PPVT-4) is a highly regarded vocabulary assessment that has been in operation for nearly 50 years. Developed by Lloyd M. Dunn and Douglas M. Dunn, the test is made to assess vocabulary comprehension for Standard American English. It is quick and easy to conduct, saving valuable time so that concentration can be set on applying

effective strategies.

The PPVT-4 evaluation subject matter encompasses a broad array of receptive vocabulary ranks, ranging from preschool through adulthood. The assessment items broadly feature words that portray 20 subject areas (e.g., actions, vegetables, tools), speech parts (nouns, verbs, attributes), and household and educational vocabulary.

The assessment gives two identical editions which contain different vocabulary terms, ensuring that the individual has not “learned” the test. One edition can be used ahead of intervention implementation to assess test-takers’ vocabulary understanding and the alternative edition can be employed for re-testing to assess and document advancement. The PPVT-4 also features a distinctive Growth Scale Value (GSV) which is reactive to slight changes with time.
