Il fallimento della moneta

2023-06-23T00:00:00+02:00 Enrico Grazzini Da dove nasce la moneta? Pochi lo sanno ma oltre il 90 per cento della moneta viene creata dal nulla dalle banche commerciali per il loro profitto. Lo Stato ha ceduto la sua sovranità monetaria a enti privati che, grazie al privilegio di creare moneta, ottengono utili immensi e un potere enorme. Il problema è che la moneta delle banche è sempre emessa come credito e dunque entra nell'economia sempre e solo come debito. Ma un'economia fondata sul debito è destinata al fallimento. Inoltre la privatizzazione della moneta fa crescere le diseguaglianze ed è all'origine delle frequenti e violente crisi finanziarie che sconvolgono la società provocando povertà e disoccupazione. Per superare questo sistema ingiusto e insostenibile l'autore propone che la nuova moneta digitale venga trattata come un bene pubblico gestito dalla società civile, e che sia emessa libera dal debito. In democrazia le banche centrali dovrebbero aprirsi al pubblico ed essere governate dalle organizzazioni del lavoro, delle imprese e dei consumatori. Così finalmente il sistema monetario potrebbe soddisfare l'interesse collettivo. «L'analisi molto accurata di Enrico Grazzini», scrive Sergio Rossi nella prefazione, «chiarisce in modo incontrovertibile la necessità di un cambiamento radicale nell'emissione della moneta allo scopo di rendere il sistema monetario democratico». «Le soluzioni proposte dall'autore», sottolinea Mauro Gallegati nell'introduzione, «possono sembrare utopistiche: tuttavia esse rappresentano un orizzonte e un traguardo su cui vale certamente la pena di riflettere per orientare i programmi di riforma di un sistema, come quello monetario, che oggi mostra tutti i segni di una crisi profonda e forse irreversibile». «Questo libro sottolinea giustamente che la moneta è un bene comune che

Domani Chi Governer Il Mondo Le Terre Pdf upload Herison q Paterson

dovrebbe essere governato dai cittadini». Dominique Plihon «Grazzini auspica che la moneta venga trattata per quella che è: un bene pubblico, mentre oggi serve prevalentemente gli interessi del sistema bancario e finanziario privato». Joseph Huber «Grazzini dimostra che l'attuale sistema monetario è non solo anarchico ma anche caotico, e genera sistematicamente crisi ricorrenti». Guglielmo Forges Davanzati «Questo libro illumina la dimensione politica delle banche centrali nascosta dietro al velo tecnico e sottratta al controllo democratico». Stefano Fassina «Questo saggio apre un dibattito indispensabile su come trasformare il sistema monetario affinché possa servire l'economia e la gente, il lavoro e il risparmio su cui si basa». Ellen Brown

Prevedi la tua vita!

2016-09-22T00:00:00+02:00 Jacques Attali Dall'autore bestseller di Breve storia del futuro e Scegli la tua vita! un metodo semplice e utile per prevedere il futuro. Si può prevedere il futuro? La risposta di Jacques Attali è: sì, prevederlo è possibile e necessario, serve a vivere meglio, a sviluppare le proprie potenzialità, a essere più lucidi, attivi, felici. È possibile prevedere anche il futuro dei propri cari? Dell'azienda per cui si lavora? Del proprio paese, dell'umanità? Anche qui la risposta è sì. Del resto Jacques Attali - economista, politologo, consulente di più presidenti francesi - si è occupato a lungo di previsione nel proprio lavoro e nella propria attività di saggista, e in questo libro, per la prima volta, insegna a ogni lettore la sua tecnica semplice e precisa, che così potrà applicarla da solo. Ma oltre a fornire uno strumento utilissimo, questo libro è anche un viaggio erudito e appassionante nelle tecniche di previsione e predizione, dalle antiche alle modernissime, ognuna delle quali ha contribuito alla nostra capacità di immaginare e di «generare» il futuro. Una capacità di

cui abbiamo bisogno ancora più oggi, in un mondo che appare sempre più incerto: in esso, solo chi avrà la forza di gettare avanti lo sguardo potrà avere un futuro.

Scegli la tua vita!

2015-05-21T00:00:00+02:00 Jacques Attali In periodo storico in cui la politica è il dominio degli avventurieri, l'economia è il regno dei tecnocrati, il mondo del lavoro è una lunga parentesi tra la disoccupazione e la rottamazione; in cui, in definitiva, alle persone comuni rimane solo la scelta fra rassegnarsi e lamentarsi: occorre imprimere una svolta alla propria esistenza, scegliere ciò che si vuole essere, agire senza attendere l'intervento dello Stato, delle banche, dei padroni, delle famiglie e di tutti coloro che pretendono di sapere quale sia il nostro bene e quello della società. Smettere di essere, nella geniale definizione dell'autore di questo libro, dei «rassegnati reclamanti», persone che non scelgono la loro vita e per questa loro condizione di servitù invocano un risarcimento. Jacques Attali, oltre a ripercorrere le esperienze, in questo senso, dei tanti personaggi noti (da Abramo a Kurt Cobain, da Maometto a Steve Jobs) e degli innumerevoli personaggi ignoti (gli imprenditori e i militanti politici che si oppongono all'«irresistibile ascesa del Male»), ci indica un cammino semplice, diviso in cinque tappe, per acquisire ciò che è già alla nostra portata, malgrado appaia irraggiungibile: «diventare sé stessi».

A Brief History of the Future

2011-07-01 Jacques Attali What will planet Earth be like in twenty years? At mid-century? In the year 2100? Prescient and convincing, this book is a must-read for anyone concerned about the future. Never has the world offered more promise for the future and been more fraught with dangers. Attali anticipates an unraveling of American hegemony as transnational corporations sever the ties linking free enterprise to democracy. World tensions will be primed for horrific warfare for resources and dominance. The ultimate question is: Will we leave our children and grandchildren a world that is not only viable but better, or in this nuclear world bequeath

Domani Chi Governerà Il Mondo Le Terre Pdf upload Herison q Paterson

to them a planet that will be a living hell? Either way, he warns, the time to act is now.

Domani, chi governerà il mondo?

2012 Jacques Attali

Domani, chi governerà il mondo?

2012-06-06T00:00:00+02:00 Jacques Attali «Attali non è solo la star degli economisti francesi, ma anche il presidente di quella Commissione per liberare la crescita, a tutti nota come Commissione Attali, nella quale arruolò anche il collega Mario Monti». Alberto Mattioli, La Stampa «Jacques Attali, moderno Pico della Mirandola che non scappa di fronte a nessuna sfida, ci svela le sue riflessioni sul mondo che ci attende». Paris Match «Nel suo ultimo libro, Domani, chi governerà il mondo?, Attali invoca d'urgenza un governo mondiale. Secondo lui l'Europa che non ha debito, in quanto entità federale, può ancora essere salvata». La Tribune

Ricordati di ricordare

2013-01-17 Miller Henry Questo volume raccoglie due saggi scritti a cavallo della seconda guerra mondiale da uno dei più anticonformisti scrittori del secolo scorso. Il primo, «Assassinate l'assassino», è una lunga lettera indirizzata all'amico Alfred Perlès. In questa riflessione sul secondo conflitto mondiale Henry Miller, costretto a rientrare in America a causa della guerra, dichiara la sua strenua opposizione all'appiattimento del pensiero e all'alienazione individuale che hanno catapultato l'Europa nell'orrore. Nel secondo saggio, «Ricordati di ricordare», l'autore rievoca con nostalgia la sua Parigi. Una volta a New York Miller, ritrovando il mondo ottuso e stupido che aveva abbandonato, gli contrappone l'eco dei giorni esaltanti vissuti nell'Europa pre-bellica:

dal peso della cultura francese sulla sua formazione umana all'importanza delle amicizie strette in quel periodo. Fra autobiografia e riflessione critica, queste pagine tutte da riscoprire sono la testimonianza modernissima, appassionata e provocatoria di un grande autore del Novecento.

Le pensioni domani: si salvi chi può!
