Sales EQ

2017-03-20 Jeb Blount The New Psychology of Selling The sales profession is in the midst of a perfect storm. Buyers have more power—more information, more at stake, and more control over the sales process—than any time in history. Technology is bringing disruptive change at an ever-increasing pace, creating fear and uncertainty that leaves buyers clinging to the status quo. Deteriorating attention spans have made it difficult to get buyers to sit still long enough to “challenge,” “teach,” “help,” give “insight,” or sell “value.” And a relentless onslaught of “me-too” competitors have made differentiating on the attributes of products, services, or even price more difficult than ever. Legions of salespeople and their leaders are coming face to face with a cold hard truth: what once gave salespeople a competitive edge—controlling the sales process, command of product knowledge, an arsenal of technology, and a great pitch—are no longer guarantees of success. Yet this is where the vast majority of the roughly \$20 billion spent each year on sales training goes. It's no wonder many companies are seeing 50 percent or more of their salespeople miss quota. Yet, in this new paradigm, an elite group of top 1 percent sales professionals are crushing it. In our age of technology where information is ubiquitous and buyer attention spans are fleeting, these superstars have learned how to leverage a new psychology of selling—Sales EQ—to keep prospects engaged, create true competitive differentiation, as well as shape and influence buying decisions. These top earners are acutely aware that the experience of buying from them is far more important than products, prices, features, and solutions. In Sales EQ, Jeb Blount takes you on an unprecedented journey into the behaviors, techniques, and secrets of the highest earning salespeople in every industry and field. You'll learn: How to answer the 5 Most Important Questions in Sales to make it virtually impossible for prospects to say no How to master 7 People Principles that will give you the power to influence anyone to do almost anything How to shape and align the 3 Processes of Sales to lock out competitors and shorten the sales cycle How to Flip the Buyer Script to gain complete control of the sales conversation How to Disrupt Expectations to pull buyers towards you, direct their attention, and keep them engaged How to leverage Non-Complementary Behavior to eliminate resistance, conflict, and objections How to employ the Bridge Technique to gain the micro-commitments and next steps you need to keep your deals from stalling How to tame Irrational Buyers, shake them out of their comfort zone, and shape the decision making process How to measure and increase you own Sales EQ using the 15 Sales Specific Emotional Intelligence Markers And so much more! Sales EQ begins where The Challenger Sale, Strategic Selling, and Spin Selling leave off. It addresses the human relationship gap in the modern sales process at a time when sales organizations are failing because many salespeople have never been taught the human skills required to effectively engage buyers at the emotional level. Jeb Blount makes a compelling case that sales specific emotional intelligence (Sales EQ) is more essential to success than education, experience, industry awareness, product knowledge, skills, or raw IQ; and, sales professionals who invest in developing and improving Sales EQ gain a decisive competitive advantage in the hyper-competitive global marketplace. Sales EQ arms salespeople and sales leaders with the tools to identify their most important sales specific emotional intelligence developmental needs along with strategies, techniques, and frameworks for reaching ultra-high performance and earnings, regardless of sales process, industry, deal complexity, role (inside or outside), product or service (B2B or B2C).

Virtual Selling

2020-07-28 Jeb Blount And just like that, everything changed . . . A global pandemic. Panic. Social distancing. Working from home. In a heartbeat, we went from happy hours to virtual happy hours. From conferences to virtual conferences. From selling to virtual selling. To remain competitive, sales and business professionals were required to shift the way they engaged prospects and customers. Overnight, virtual selling became the new normal. Now, it is here to stay. Virtual selling can be challenging. It's more difficult to make human to human connections. It's natural to feel intimidated by technology and digital tools. Few of us haven't felt the wave of insecurity the instant a video camera is pointed in our direction. Yet, virtual selling is powerful because it allows you to engage more prospects and customers, in less time, at a lower cost, while reducing the sales cycle. Virtual Selling is the definitive guide to leveraging video-based technology and virtual communication channels to engage prospects, advance pipeline opportunities, and seal the deal. You'll learn a complete system for blending video, phone, text, live chat, social media, and direct messaging into your sales process to increase productivity and reduce sales cycles. Jeb Blount, one of the most celebrated sales trainers of our generation, teaches you: How to leverage human psychology to gain more influence on video calls The seven technical elements of impactful video sales calls The five human elements of highly effective video sales calls How to overcome your fear of the camera and always be video ready How to deliver engaging and impactful virtual demos and presentations Powerful video messaging strategies for engaging hard to reach stakeholders The Four-Step Video Prospecting Framework The Five-Step Telephone Prospecting Framework The LDA Method for handling telephone prospecting objections Advanced email prospecting strategies and frameworks How to leverage text messaging for prospecting and down pipeline communication The law of familiarity and how it takes the friction out of virtual selling The 5C's of Social Selling Why it is imperative to become proficient with reactive and proactive chat Strategies for direct messaging – the "Swiss Army Knife" of virtual selling How to leverage a blended virtual/physical selling approach to close deals faster As you dive into these powerful insights, and with each new chapter, you'll gain greater and greater confidence in your ability to effectively engage prospects and customers through virtual communication channels. And, with this newfound confidence, your success and income will soar. Following in the footsteps of his blockbuster bestsellers People Buy You, Fanatical Prospecting, Sales EQ, Objections, and Inked, Jeb Blount's Virtual Selling puts the same strategies employed by his clients—a who's who of the world's most prestigious organizations—right into your hands.

Objections

2018-06-13 Jeb Blount There are few one-size-fits-all solutions in sales. Context matters. Complex sales are different from one-call closes. B2B is different than B2C. Prospects, territories, products, industries, companies, and sales processes are all different. There is little *Fanatical Prospecting The Ultimate Guide For Starting Sales Conversations And Filling The Pipeline By Leveraging Social Selling Telephone E Mail And Cold Calling Pdf Pdf* upload Caliva x Murray

black and white in the sales profession. Except for objections. There is democracy in objections. Every salesperson must endure many NOs in order to get to YES. Objections don't care or consider: Who you are What you sell How you sell If you are new to sales or a veteran If your sales cycle is long or short – complex or transactional For as long as salespeople have been asking buyers to make commitments, buyers have been throwing out objections. And, for as long as buyers have been saying no, salespeople have yearned for the secrets to getting past those NOs. Following in the footsteps of his blockbuster bestsellers Fanatical Prospecting and Sales EQ, Jeb Blount's Objections is a comprehensive and contemporary guide that engages your heart and mind. In his signature right-to-the-point style, Jeb pulls no punches and slaps you in the face with the cold, hard truth about what's really holding you back from closing sales and reaching your income goals. Then he pulls you in with examples, stories, and lessons that teach powerful human-influence frameworks for getting past NO - even with the most challenging objections. What you won't find, though, is old school techniques straight out of the last century. No bait and switch schemes, no sycophantic tie-downs, no cheesy scripts, and none of the contrived closing techniques that leave you feeling like a phony, destroy relationships, and only serve to increase your buyers' resistance. Instead, you'll learn a new psychology for turning-around objections and proven techniques that work with today's more informed, in control, and skeptical buyers. Inside the pages of Objections, you'll gain deep insight into: How to get past the natural human fear of NO and become rejection proof The science of resistance and why buyers throw out objections Human influence frameworks that turn you into a master persuader The key to avoiding embarrassing red herrings that derail sales calls How to leverage the “Magical Quarter of a Second” to instantly gain control of your emotions when you get hit with difficult objections Proven objection turn-around frameworks that give you confidence and control in virtually every sales situation How to easily skip past reflex responses on cold calls and when prospecting How to move past brush-offs to get to the next step, increase pipeline velocity, and shorten the sales cycle The 5 Step Process for Turning Around Buying Commitment Objections and closing the sale Rapid Negotiation techniques that deliver better terms and higher prices As you dive into these powerful insights, and with each new chapter, you'll gain greater and greater confidence in your ability to face and effectively handle objections in any selling situation. And, with this new-found confidence, your success and income will soar.
