Southern Solstice

2015-06-02 Sarah Sadler As rich and distinctive as the Lowcountry itself, Southern Solstice presents a clever and charismatic journey of love, heartache, adaptation and emotional fortitude as told through a patina of family heritage. When twenty-four-year-old Larken Devereaux is left brokenhearted by her fiance on the West Coast, she reluctantly returns to her charmed aristocratic roots in Charleston, South Carolina to rebuild her life and gain self-determination in a prominent southern family that offers everything and requires nothing. As her impetuous mother orchestrates a reunion with a first love, Larken becomes entangled in a dilemma where she must choose between an intriguing, passionate plastic surgeon-who is anything but superficial-and the annoyingly irresistible man who has silently loved her forever."

The Negro Motorist Green Book

Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Baseball's Longest Games

2010-04-23 Philip J. Lowry Baseball is the only major team sport that doesn't feature a clock, and there's a familiar saying among fans that as long as outs remain, the game can, theoretically, go on forever. Every now and again, it nearly does, as author Phil Lowry demonstrates. The product of more than four decades of research, this book catalogs baseball games from around the world and throughout history that lasted 20 or more innings, stretched five or more hours, or ended after 1:00 am. Lowry also examines probability models to predict how often games of unusual length will occur.
