"Introduces electricity and its generation, components, movement, and functions in a question and answer format"--Provided by publisher.

*Hands-On STEAM Science Big Book Gr. 1-5*  
2016-04-15 George Graybill Introduce your primary students to the great big world of Science with our Hands-On Science BUNDLE for grades 1-5. Combining Science, Technology, Engineering, Art, and Math, this resource aligns to the STEAM initiatives and Next Generation Science Standards. Begin the journey with Physical Science by making a compound machine with

your classmates. Experience static electricity first hand by getting a balloon to magically stick to a wall. Move on to Life Science by designing your own food chain while learning about producers, consumers and decomposers. Get a firsthand look at ecosystems by building your own terrarium. Then, explore Earth & Space Science by tracking the movement of the Moon with your own Lunar Calendar. Get into groups to make your own solar cell, windmill, or water wheel. Each concept is paired with reproducible hands-on experiments and comprehension activities to ensure your students are engaged and fully understand the concepts. Reading passages, graphic organizers

The History of Artificial Intelligence  
Artificial intelligence (AI) is the field of computer science that deals with creating machines and systems that can perform tasks that normally require human intelligence, such as reasoning, learning, decision making, perception, and natural language processing. AI has been one of the most fascinating and influential domains of human endeavor, with profound implications for science, technology, society, and humanity. This book aims to tell the story of AI, from its origins and

foundations, to its achievements and challenges, to its current state and future prospects. It will cover the main concepts and methods of AI, the major milestones and breakthroughs of AI research and development, the ethical and social issues and debates of AI, and the visions and scenarios of AI's potential and impact.
