What connection is there between esoteric religious traditions and spontaneous individual experience? What light do the symbols of Kundalini yoga shed on conditions diagnosed as psychotic? Not only were these questions important to analysts

This volume also offers newly translated material from Jung's German language seminars, a seminar by the indologist Wilhelm Hauer presented in conjunction with that of Jung, illustrations of the cakras, and Sir John Woodroffe's classic translation of the tantric text, the Sat-cakra Nirupana. ?
