Intermediate Spoken Chinese 2016-02-03 Cornelius C. Kubler Welcome to the world's most efficient method of learning Mandarin Chinese, whether you are striving to learn Chinese on your own, or studying in a classroom setting. Part of the widely-used and highly acclaimed Kubler series, Intermediate Spoken Chinese provides separate but integrated "tracks" to help you learn to read, write and speak Chinese efficiently, at your own pace. Some students and teachers wish to emphasize speaking ability first, whereas others want to focus on learning to read and write Chinese at the same time. These Chinese language study books allow you the flexibility to acquire the spoken language and the written language with the method that best fits your needs. Intermediate Spoken Chinese allows you to experience real-life situations in different Mandarin-speaking locales. (It also exposes you to the authentic range of Chinese accents; you're not limited only to learning an imaginary "textbook Beijing accent" as in other books). Each of the everyday situations explored here—from shopping at a market to playing unexpected phone tag—is one you're likely to encounter as you interact with Chinese language speakers. You can choose to use this book with its corresponding Intermediate Chinese Practice Essentials Workbook, available separately, that offers you a wide range of one-of-a-kind activities to help you practice the language skills you learn here. Key features of Intermediate Spoken Chinese: Clear and detailed explanations of natural, colloquial Chinese grammar, pronunciation and usage Recommended strategies to help you learn to speak Chinese more efficiently Experience the actual speaking styles of Chinese people in various parts of mainland China as well as Taiwan, Macao, Hong Kong, Singapore, and Malaysia Notes on Chinese culture and society allow you to understand situational etiquette Discussions of challenges faced specifically by English speakers who are learning Chinese and how to overcome them Downloadable audio recordings by native speakers of all the vocabulary, dialogues, and other vital items A separate Teacher's Guide and a full character transcript (Simplified and Traditional) are both available electronically Accompanying digital content contains 56 videos shot on location, which allows you to view conversations involving Chinese speakers from different parts of China Feel confident traveling in the Mandarin-speaking world; with this language learning set you will be speaking Chinese gracefully and fluidly in no time.

Essential Chinese 2013-09-03 Philip Yungkin Lee This portable, user–friendly Chinese language guide, phrasebook and dictionary is the cheapest and easiest way to learn Chinese before and during your trip. If you only want one Chinese language book–Essential Chinese is the way to go. Part of Tuttle Publishing's Essential Phrasebooks Series, it is a great first introduction and beginner guide to the language of China and Taiwan and is also designed as a great Chinese phrasebook, making it the most versatile Chinese language learning tool on the market. Perfect for business people or tourist traveling to China or for students who want to supplement their learning, this book's easy indexing feature allows it to act as a Mandarin phrase book or as English–Chinese Dictionary. A clever "point to" feature allows you to simply point to a phrase translated in Chinese without the need to say a single word or read a single character. You will soon find yourself turning to Essential Chinese again and again when visiting or working in China. In this book you will find: Over 1500 practical sentences for everyday use. A glossary of over 2000 terms and expressions. Terms and phrases covering essential aspects of traveling and living in China. Extensive information about Chinese grammar and pronunciation. This beginner Chinese book will help you quickly and easily learn Chinese. Your ability to read Chinese, write Chinese, speak Chinese, and comprehend Chinese will be vastly improved without having to take an entire Chinese language class. Other titles in this bestselling series of phrasebooks include: Essential Japanese, Essential Arabic, Essential Korean, Essential Tagalog, and Essential Arabic.

Intermediate Spoken Chinese Practice Essentials 2016-04-05 Cornelius C. Kubler Learning to speak Chinese requires many hours of practice–there's just no way around it! This book presents a wealth of tested and proven practice activities—including approximately 16 hours of downloadable audio recordings and over 200 pages of drills and exercises—to help you polish your spoken Chinese to a solid intermediate level. It can be used successfully with any intermediate-level Chinese language learning book, such as Intermediate Spoken Chinese, and enables you to easily move from beginning to intermediate level proficiency in the language. Intermediate Spoken Chinese Practice Essentials includes hundreds of activities that have been carefully designed to perfect and reinforce each aspect of your Chinese speaking and comprehension ability: Pronunciation exercises. Vocabulary and grammar summaries. Substitution drills. Transformation and response drills. Role play and listening comprehension exercises. Dictation exercises. Translation exercises. The downloadable audio contains: 16 hours of audio by native Mandarin speakers. Printable practice pages. Printable exercises and activities. Together with or after this book, you can use Intermediate Written Chinese and Intermediate Written Chinese Practice Essentials if you want to learn Chinese reading and writing. It introduces the highest-frequency characters and words in a systematic way. About the Series Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in the Basic Chinese series allow you to move from complete beginner level to intermediate fluency.

Hacking Chinese 2016-03-26 Olle Linge Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: "The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." - Geoff van der Meer, VP engineering "This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." - Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

Basic Mandarin Chinese - Reading & Writing Practice Book 2017-10-17 Cornelius C. Kubler This comprehensive Chinese character workbook can be used with any textbook or on its own to dramatically enhance your Mandarin reading and writing skills! No matter what textbook you're using to learn Chinese, it requires a lot of practice. Here is a wealth of effective activities and drills–plus an hour of native speaker audio recordings–to help you learn the 288 basic Chinese characters quickly and effectively. This book follows the Basic Mandarin Chinese–Reading & Writing textbook but

works equally well with other coursebooks or on its own. The free disc contains audio recordings as well as printable PDF files providing hundreds of pages of extra exercises and activities and a set of 288 printable flash cards to help you learn the basic characters. Basic Mandarin Chinese–Reading and Writing Practice Book includes a wealth of carefully-designed activities designed to improve every aspect of your reading and writing skills, including: Character writing practice sheets Dictation, fill-in-the-blank, and dialog completion exercises Answering questions, reading maps, converting written style to spoken style Identifying radicals and phonetics, punctuating sentences Writing tasks based on real-life schedules, photographs and name cards Translation exercises The accompanying disc contains: Audio recordings by native Mandarin speakers Hundreds of printable practice pages A printable set of 288 Chinese flashcards About the Basic Mandarin Chinese series: Respected Chinese language educator Dr. Cornelius Kubler has taught Mandarin Chinese to diplomats, business people and students for several decades–using an effective learning system with two separate but integrated "tracks" to help you learn the spoken and written forms of the language more efficiently and more successfully. The materials in this series have been acclaimed as a breakthrough in Mandarin Chinese language learning.

Mandarin Chinese for Beginners 2014-06-01 Yi Ren This user-friendly guide to the basics helps you learn how to speak Chinese quickly and easily by drawing parallels with something you already know--English. Chinese is a fascinating language that can seem impossibly difficult to learn at first, but is relatively easy if you focus on the spoken aspect. This revised edition contains new dialogues, cultural notes, IT and social media vocabulary, and new manga illustrations. This book is designed for everyone who wants to learn to speak and understand colloquial Chinese-- whether it is for business, pleasure, or travel to China. A lighthearted guide that brings Chinese to life in a down-to-earth fashion, Mandarin Chinese for Beginners makes language learning fun. Real-life dialogues and situations help you to converse with confidence Sentence pattern exercises and drills help to reinforce what you are learning Native-speaker audio recordings enable you to pronounce Chinese vocabulary accurately Interesting notes, idioms, sayings and poems introduce you to Chinese culture Mandarin Chinese for Beginners contains lots of extra hints and tips drawn from the authors' many years of experience in teaching the language to foreigners. Answer keys for the exercises are provided, and an "Extend Your Vocabulary" section in each chapter helps you to remember and understand more words that you'd think possible.

The Chinese Language 1986-03-01 John DeFrancis "DeFrancis's book is first rate. It entertains. It teaches. It demystifies. It counteracts popular ignorance as well as sophisticated (cocktail party) ignorance. Who could ask for anything more? There is no other book like it. ... It is one of a kind, a first, and I would not only buy it but I would recommend it to friends and colleagues, many of whom are visiting China now and are adding 'two-week-expert' ignorance to the two kinds that existed before. This is a book for everyone." --Joshua A. Fishman, research professor of social sciences, Yeshiva University, New York "Professor De Francis has produced a work of great effectiveness that should appeal to a wide-ranging audience. It is at once instructive and entertaining. While being delighted by the flair of his novel approach, the reader will also be led to ponder on some of the most fundamental problems concerning the relations between written languages and spoken languages. Specifically, he will be served a variety of information on the languages of East Asia, not as dry pedantic facts, but as appealing tidbits that whet the intellectual appetite. The expert will find much to reflect on in this book, for Professor DeFrancis takes nothing for granted." --William S.Y. Wang, professor of linguistics, University of California at Berkeley

Basic Written Chinese 2012-03-09 Cornelius C. Kubler This is a beginning-level course in written Chinese that employs a revolutionary new method designed to have you quickly reading and writing simple, connected Chinese sentences. Along with its sister book Basic Spoken Chinese and their accompanying workbooks, Basic Written Chinese offers a complete introductory course to the written Chinese language. As a native English speaker, working hard to learn Chinese characters is not enough; you have to work smart in order to learn this very different language efficiently. No matter why you've chosen to learn Chinese–for business, travel, cultural studies or another goal–the Basic Chinese approach of two separate but integrated tracks in spoken and written Chinese will help you learn this language most efficiently and successfully. Basic Written Chinese is designed so it can be used in a class with an instructor or by independent learners working on their own. Basic Written Chinese systematically introduces 288 of the highest frequency characters (in both their simplified and traditional forms) and over 700 common words written with them in context in sentences and a variety of reading passages to help you master basic Chinese reading and writing. This method will greatly improve your abilities to read Chinese and write Chinese The structure of each new character is explained in detail to make the learning of characters easier, and "look-alike" characters are compared and contrasted. Many lessons include character differentiation drills and some lessons include realia such as name cards, street signs, or email messages. Each lesson introduces 6 new characters and a number of words that are written using them. By dividing the leaning into small tasks, you maintain a sense of accomplishment rather than getting bogged down. You'll experience both printed and handwritten forms of characters, as well as several different printed fonts. The downloadable audio features: Over 6 hours of audio by several native Mandarin speakers. Recordings of all reading selections. Recordings of all new characters and new vocabulary. Available separately, Basic Written Chinese Practice Essentials is the companion workbook for Basic Written Chinese. This practical guide includes a broad range of drills and exercises designed to dramatically enhance your proficiency in reading and writing Chinese. While designed for use with the companion textbook, it can be used together with any Chinese textbook or teaching program to hone your Chinese reading and writing language skills.

On Not Speaking Chinese 2005-07-08 Ien Ang In this major new book, leading cultural thinker Ien Ang engages with urgent questions of identity in an age of globalisation and diaspora. The starting point for Ang's discussion is the experience of visiting Taiwan. Ang, a person of Chinese descent, born in Indonesia and raised in the Netherlands, found herself "faced with an almost insurmountable difficulty" - surrounded by people who expected her to speak to them in Chinese. She writes: "It was the beginning of an almost decade-long engagement with the predicaments of 'Chineseness' in diaspora. In Taiwan I was different because I couldn't speak Chinese; in the West I was different because I looked Chinese". From this autobiographical beginning, Ang goes on to reflect upon tensions between 'Asia' and 'the West' at a national and global level, and to consider the disparate meanings of 'Chineseness' in the contemporary world. She offers a critique of the increasingly aggressive construction of a global Chineseness, and challenges Western tendencies to equate 'Chinese' with 'Asian' identity. Ang then turns to 'the West', exploring the paradox of

Australia's identity as a 'Western' country in the Asian region, and tracing Australia's uneasy relationship with its Asian neighbours, from the White Australia policy to contemporary multicultural society. Finally, Ang draws together her discussion of 'Asia' and 'the West' to consider the social and intellectual space of the 'in-between', arguing for a theorising not of 'difference' but of 'togetherness' in contemporary societies.

Elementary Mandarin Chinese Textbook 2020-03-10 Cornelius C. Kubler Elementary Mandarin Chinese Textbook is a new beginner Mandarin Chinese course which enables you to quickly learn the basics of the language. The 24 lessons in this book are meant to be used in 3 hours per week of class instruction over one academic year. Students will need another 2-3 hours of outside practice and review for every hour of class time, using the materials in the accompanying Elementary Mandarin Chinese Workbook. These books can also be used by self-study learners due to the extensive explanations and free supplementary materials available -- including online audio and video recordings and flash cards. The entire course can be completed in 25 to 35 weeks and teaches you the basic skills of speaking, reading and writing Mandarin Chinese at a conversational level. Each lesson starts with a dialogue and includes a list of new and supplementary Chinese vocabulary along with questions and grammar notes about the dialogue, a reading section and extensive exercises (that are in the Workbook). Elementary Mandarin Chinese Textbook offers the following significant advantages over other similar textbooks: Common, everyday Chinese dialogues are used--complete with vocabulary lists and questions and storylines based on actual everyday experiences in China Chinese grammar is explained in simple, non-technical terms with useful notes and tips given Reading exercises are provided for all new words and phrases in each lesson Free online audio recordings by native speakers from different regions of China help you not only acquire correct pronunciation, but also to understand Chinese speakers who have different accents Illustrations and supplementary video clips add authenticity to the materials in the book A Chinese-English dictionary, downloadable flash cards and supplementary exercises are all provided Both Chinese characters and Pinyin Romanized forms are given throughout the book (except for the reading exercises), so this book can be used by students who wish to focus on learning the spoken language, as well as those who are learning to read and write the Chinese characters simultaneously. This textbook should be used in conjunction with Elementary Mandarin Chinese Workbook and the included audio files, which can be downloaded free directly from the Tuttle website.

Basic Written Chinese Practice Essentials 2011-12-20 Cornelius C. Kubler Use this one-of-a-kind practice guide and Chinese workbook together with any Chinese book or language program, and dramatically enhance your speaking. No matter what book or course you're using to learn Chinese, it takes a lot of practice. Here is a wealth of effective practice activities to help polish your written Chinese. This book corresponds to Basic Written Chinese and allows you to move from complete beginner level to basic proficiency. Included downloadable content contains extensive audio material, as well as (printable) flash cards. Practice Essentials includes carefully designed activities to help solidify every aspect of your spoken Chinese skills, including: Chinese character practice sheets. Dictation, fill-in-the-blank, dialog completion. Answering questions, map reading, converting written style to spoken style. Identify radicals and phonetics; punctuating sentences. Written tasks based on realia like schedule, photographs, and name cards. Translation exercises. The downloadable materials include: 64 minutes of native-speaker audio. 288 printable flash cards. Together with this book, you can use the Basic Spoken Chinese series if you want to learn fluent spoken Mandarin. About the Series: Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in Basic Spoken Chinese allow you to move from complete beginner level to basic fluency.

The Way of the Linguist 2005-11 Steve Kaufmann The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Chinese Through Poetry 2007 Archie Barnes This is the first book to approach the study of Classical Chinese through verse instead of prose. Script, grammar and vocabulary are taught from scratch. The work can be used as a first introduction to traditional literary Chinese by anyone with no knowledge of the language. It is also suitable as part of a course in Classical Chinese for private study with or without previous knowledge of Chinese. The exercises are progressive in that each is restricted to the vocabulary and grammar met so far. The book serves as an introduction to Chinese verse for its own sake. It will be of great interest to ethnic Chinese wishing to recover their cultural roots.

Essential Mandarin Chinese Grammar 2020-09-15 Vivian Ling Essential Mandarin Chinese Grammar is a systematic overview of Mandarin grammar, oriented toward self-study, English-speaking students. Through explanations of common mistakes learners make, useful example sentences and exercises with an answer key, this book provides a detailed introduction to the unique grammar structures of the Mandarin language. Ideal for any student who is interested in taking their skills to the next level, this book makes the difficult task of perfecting grammar efficient, interesting and rewarding. Essential Mandarin Chinese Grammar is a perfect tool to help you form correct and natural-sounding sentences, and

determine how to best use the grammar you need for reading or writing Mandarin. Each example and exercise is written in both pinyin and Simplified Chinese Characters to accommodate learners with varying levels of character literacy, including those who have learned only to speak but not read.

Tuttle Learning Chinese Characters 2011-12-20 Alison Matthews This user-friendly book is aimed at helping students of Mandarin Chinese learn and remember Chinese characters. At last--there is a truly effective and enjoyable way to learn Chinese characters! This book helps students to learn and remember both the meanings and the pronunciations of over 800 characters. This otherwise daunting task is made easier by the use of techniques based on the psychology of learning and memory. Key principles include the use of visual imagery, the visualization of short "stories," and the systematic building up of more complicated characters from basic building blocks. Although Learning Chinese Characters is primarily a book for serious learners of Mandarin Chinese, it can be used by anyone with an interest in Chinese characters, without any prior knowledge of Chinese. It can be used alongside (or after, or even before) a course in the Chinese language. All characters are simplified (as in mainland China) but traditional characters are also given, when available. Key features: Specially designed pictures and stories are used in a structured way to make the learning process more enjoyable and effective, reducing the need for rote learning to the absolute minimum. The emphasis throughout is on learning and remembering the meanings and pronunciations of the characters. Tips are also included on learning techniques and how to avoid common problems. Characters are introduced in a logical sequence, which also gives priority to learning the most common characters first. Modern simplified characters are used, with pronunciations given in pinyin. Key information is given for each character, including radical, stroke-count, traditional form, compounds, and guidance on writing the character. This is a practical guide with a clear, concise and appealing layout, and it is well-indexed with easy look-up methods. The 800 Chinese characters and 1,033 compounds specified for the original HSK Level A proficiency test are covered.

Not Like a Native Speaker 2014-09-23 Rey Chow Although the era of European colonialism has long passed, misgivings about the inequality of the encounters between European and non-European languages persist in many parts of the postcolonial world. This unfinished state of affairs, this lingering historical experience of being caught among unequal languages, is the subject of Rey Chow's book. A diverse group of personae, never before assembled in a similar manner, make their appearances in the various chapters: the young mulatto happening upon a photograph about skin color in a popular magazine; the man from Martinique hearing himself named "Negro" in public in France; call center agents in India trained to Americanize their accents while speaking with customers; the Algerian Jewish philosopher reflecting on his relation to the French language; African intellectuals debating the pros and cons of using English for purposes of creative writing; the translator acting by turns as a traitor and as a mourner in the course of cross-cultural exchange; Cantonese-speaking writers of Chinese contemplating the politics of food consumption; radio drama workers straddling the forms of traditional storytelling and mediatized sound broadcast. In these riveting scenes of speaking and writing imbricated with race, pigmentation, and class demarcations, Chow suggests, postcolonial languaging becomes, de facto, an order of biopolitics. The native speaker, the fulcrum figure often accorded a transcendent status, is realigned here as the repository of illusory linguistic origins and unities. By inserting British and post-British Hong Kong (the city where she grew up) into the languaging controversies that tend to be pursued in Francophone (and occasionally Anglophone) deliberations, and by sketching the fraught situations faced by those coping with the specifics of using Chinese while negotiating with English, Chow not only redefines the geopolitical boundaries of postcolonial inquiry but also demonstrates how such inquiry must articulate historical experience to the habits, practices, affects, and imaginaries based in sounds and scripts.

Elementary Mandarin Chinese Workbook 2020-05-26 Cornelius C. Kubler This workbook is designed for use with the Elementary Mandarin Chinese Textbook and offers a wealth of carefully-designed practice activities to help you solidify every aspect of your Chinese skills in listening, speaking, reading, and writing. It includes extensive interactive drills, exercises and other practice materials. Online audio files are available for use in the relevant exercises. The lessons in this workbook correspond to the 24 lessons in the Elementary Mandarin Chinese Textbook. The materials in this workbook are meant to be completed by students outside of class to strengthen and consolidate their understanding of the materials in the textbook. Lessons 1 and 2 of the Workbook contain exercises to learn to read and pronounce the Pinyin alphabet along with simple classroom expressions. They also introduce 48 basic Chinese characters. Beginning with Lesson 3, each lesson of the workbook contains two parts. Each part has two sets of listening comprehension exercises, one translation exercise, one character practice sheet, and one reading and writing exercise. Lessons 13 and 24 of the textbook are review lessons and therefore have no corresponding workbook materials.

Intermediate Written Chinese Practice Essentials 2015-12-01 Cornelius C. Kubler Learning to read and write Chinese requires lots of practice. This unique practice guide can be used with any Chinese textbook or on its own to enhance your proficiency in reading and writing Mandarin Chinese. Intermediate Written Chinese Practice Essentials offers a wealth of carefully-designed exercises and activities to help you develop every aspect of your reading and writing ability. This workbook has been designed so it can be used either in a class with an instructor or by independent learners working on their own. Both simplified and traditional characters are taught and practiced in the same volume. This means students can learn either or both kinds of characters without having to purchase another book, and instructors have the flexibility to teach a combined class where some students read and write one type of characters and other students the other type. This workbook provides character practice sheets for the 336 characters introduced in Intermediate Written Chinese, with complete information on stroke order and direction for both the simplified and traditional forms of the characters. Reading and writing exercises are included, such as those involving dictation and the answering of questions based on the content of each lesson. English-Chinese translation exercises are provided for each unit. The Downloadable content provides: Native-speaker audio recordings for dictation practice. Printable flash cards for all the new characters and words, with Chinese characters on one side and Pinyin and English on the other. Printable pdf files with additional exercises and activities. Together with this book, you can use Intermediate Spoken Chinese if you want to learn fluent spoken Mandarin. About the Series: Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in the Basic Chinese series allow you to move from complete beginner level to basic fluency.

Speak and Read Chinese 2016-11-28 Larry Herzberg From one of the authors of Basic Patterns of Chinese Grammar comes Speak and Read Chinese, a simple, fun guide that helps language learners remember essential Chinese characters. Students and teachers rate character pronunciation and tones the two most difficult aspects of learning Chinese. This book addresses this issue by organizing easy pronunciation and tone memorization tricks for the three hundred most basic characters in popular textbook series like Integrated Chinese and New Practical Chinese Reader. Larry Herzberg did his Master's and PhD work in Chinese Language and Literature at Indiana University. He founded Chinese-language programs at two colleges and has been teaching for thirty years.

Fundamental Spoken Chinese 2024-05-31 Margaret Lee Like its predecessor, the second edition of Fundamental Spoken Chinese places primary importance on providing a clear, systematic, and graduated introduction to the basic grammar and vocabulary of spoken Mandarin Chinese through chapters that center on identified sentence patterns and vocabulary items rather than particular social functions or daily activities. The authors continue the tradition of separating the teaching of oral and written skills, leaving the instruction of reading and writing in Chinese characters exclusively to the accompanying Fundamental Written Chinese, also in its second edition. The lessons in the two textbooks, however, are keyed to each other in terms of vocabulary and grammar, so they may be used simultaneously or the parallel written skills introduced at a later time. Both textbooks were developed for learning in the classroom and for independent study. The exercise book contains a wide variety of exercises and activities specifically designed to reinforce a systematic progression of spoken Chinese that focuses on developing accuracy then fluency in conversations.

One Minute Mandarin 2008 Peter Coyne An unashamedly practical introduction to spoken Mandarin Chinese, for anyone who wants to impress their Chinese hosts, but doesn't have time to take a proper language course. Designed specifically for busy professionals traveling to China for work, it includes essential phrases that are easy to learn and pronounce, as well as invaluable cultural background.

Chinese For Dummies 2018-09-19 Wendy Abraham The fun way to learn to speak Chinese With more than 1.2 billion speakers across the globe – and with nearly 3 million in the U.S. alone – Mandarin Chinese claims the top spot as the world's most common language. If you want to learn this language to get ahead at school or work, or to make your travel to China easier, this is the handy reference you'll want by your side. Chinese For Dummies teaches basic grammar, as well as the necessary vocabulary to make introductions and greetings, use proper etiquette, make small talk, make transportation arrangements, order food and beverages, ask directions, deal with money, shop, access recreation, and handle an emergency. Concentrates on Mandarin Chinese and features new and revised content Includes major updates to all the necessary foundational information needed to speak Chinese Covers grammar, verb conjugations, and pronunciations Offers a refreshed mini-dictionary complete with even more vocabulary Find free conversational audio tracks online As the Chinese economy continues to grow, the importance of Chinese as a trade language will also increase. If you're a student or business professional who has a basic understanding of the language, you'll be poised to surpass your peers when it comes to dealing with international markets. So get started today!

Crying in H Mart 2021-04-20 Michelle Zauner #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—“in losing her mother and cooking to bring her back to life, Zauner became herself” (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, Crying in H Mart is a book to cherish, share, and reread.

Language 1921 Edward Sapir Professor Sapir analyzes, for student and common reader, the elements of language. Among these are the units of language, grammatical concepts and their origins, how languages differ and resemble each other, and the history of the growth of representative languages--Cover.

□□□□□ 2009 Yuehua Liu

A Phonological History of Chinese 2020-06-04 Zhongwei Shen The phonological history of Chinese can be traced back to two main traditions: one starting with the Qieyun of 601, and the other starting with the Zhongyuan Yinyun of 1324. The former marks the beginning of Middle Chinese, and the latter marks the beginning of Old Mandarin. Both of these systems, as well as reconstructed Old Chinese, should be understood as ideal phonological standards and composite in nature. Until modern times, phonological standards were never based strictly on the phonology of a single dialect. This book provides the first study written in English, of the phonological history of Chinese. It provides information about the standard phonological systems for each of the language's major historical periods, drawing on a range of historical materials such as dictionaries, rhyming tables and poetry, and is the reference book for understanding the key developments in the Chinese sound system.

Continuing Mandarin Chinese Textbook 2020-10-20 Cornelius C. Kubler Continuing Mandarin Chinese Textbook is a new intermediate-level course in Mandarin which enables you to quickly learn the next level of the language--following the first book in the series, Elementary Mandarin Chinese Textbook. The 24 lessons in this book are meant to be used in 3 hours per week of class instruction over one academic year. Students will need another 2-3 hours of outside practice and review for every hour of class time using the materials in the Continuing Mandarin Chinese Workbook that accompanies this textbook. These books can also be used by self-study learners due to the extensive explanations and

free supplementary materials available including online audio and video recordings and flash cards. The entire course can be completed in 25 to 35 weeks and teaches you the basic skills of listening, speaking, reading and writing Mandarin Chinese at a conversational level. Each lesson starts with a dialogue and includes a list of new and supplementary vocabulary along with questions and grammar notes about the dialogue, a reading section and extensive exercises (that are in the Workbook). Continuing Mandarin Chinese Textbook offers the following significant advantages over other similar textbooks: Everyday Chinese dialogues are used for listening and practice -- complete with vocabulary lists and questions and storylines based on actual everyday experiences in China Chinese grammar is explained in simple, non-technical terms with useful notes and tips given Reading exercises are provided for all new words and phrases in each lesson Free online audio recordings by native speakers from various parts of China help you not only acquire correct pronunciation but also to understand Chinese speakers who have different accents Illustrations and supplementary video clips add authenticity to the dialogues in the book A Chinese-English dictionary is provided at the back for easy reference Chinese characters and Pinyin Romanized forms are used throughout the book except for the reading exercises--so this book is usable by learners who wish to focus on learning the spoken language and do not necessarily want to learn to read and write Chinese. This textbook should be used with the accompanying Continuing Mandarin Chinese Workbook and with the accompanying audio files, which can be downloaded free directly from the Tuttle website.

Learning Mandarin Chinese Characters Volume 1 2017-02-28 Yi Ren Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the basic Chinese characters that are fundamental to the language. Intended for self-study and classroom use, this character workbook presents 178 Chinese characters and over 534 common words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a very simple and clear way. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process and an index at the back allow you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most basic Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

Fundamental Spoken Chinese 2024-05-31 Jiayan Lin Like its predecessor, the second edition of Fundamental Spoken Chinese places primary importance on providing a clear, systematic, and graduated introduction to the basic grammar and vocabulary of spoken Mandarin Chinese through chapters that center on identified sentence patterns and vocabulary items rather than particular social functions or daily activities. The authors continue the tradition of separating the teaching of oral and written skills, leaving the instruction of reading and writing in Chinese characters exclusively to the accompanying Fundamental Written Chinese, also in its second edition. The lessons in the two textbooks, however, are keyed to each other in terms of vocabulary and grammar, so they may be used simultaneously or the parallel written skills introduced at a later time. Both textbooks were developed for learning in the classroom and for independent study. The bilingual teacher's manual provides detailed instructions on how the different types of drills, exercises, and activities in the Fundamental Spoken Chinese Exercise Book reinforce students' oral and aural proficiency. These Core Pedagogical Instructions are followed, when appropriate, by brief summaries of grammatical explanations presented in the Fundamental Spoken Chinese textbook, together with their specific grammar note numbers for easy reference.

A Grammar of Spoken Chinese 1985 Yuen Ren Chao

Easy Peasy Chinese 2021-11-11 DK Do you want to learn the world's most spoken language? This easy-to-use beginner's e-guide and audio app will get you speaking basic Mandarin in no time. With useful tips, practice exercises, and fascinating insights into Chinese culture, Easy Peasy Chinese teaches you how to read, write, and speak Mandarin Chinese step by step. The accompanying audio app covers all the vocabulary in the book, helping you perfect your pronunciation and quickly get to grips with the Mandarin tones. Aimed at children aged 8+, but of appeal to beginners of all ages, it will teach you all the words and phrases you'll need to get by in China, so you can introduce yourself, read and write numbers, and chat about the weather, food, and interests. What's more, you can give yourself a Chinese name, haggle over shop prices, and learn all about the national culture. The ebook covers Pinyin, the system used to spell out Chinese characters using Roman letters, and introduces the Chinese writing system, identifying more than 200 of the most frequently used Chinese characters. Bold illustrations and photographs, and a compact, super-stylish design help make the process of learning fun and accessible. There is no Great Wall stopping you from learning now.

Learn Mandarin Chinese Workbook for Beginners: 2 Books In 1 2021-01-31 Leo Chang □ Learn Mandarin Chinese Workbook for Beginners: ✓ When you are learning Mandarin, you can learn all the rules, but you need to practice. But where do you go to find the best resources? You do not need to look any further because we are here to help! With this workbook, you can expect to make great strides in your journey toward becoming proficient in Mandarin. You will be learning how to read and write basic Mandarin words and phrases. Upon completing this workbook, you will be able to converse with a native Mandarin-speaking individual. You will learn about the weather, how to tell time, how to count, how to order a meal, and even how to ask about another person's occupation. You cannot learn Mandarin without ensuring there is a degree of culture embedded into your work. This is why we have included some Chinese idioms for you to practice reading. According to history, the use of these specific idioms is to inspire you to continue on your journey to becoming fluent in Mandarin. As you start to immerse yourself in this book's content, you will begin to feel the joy of correctly translating your first pinyin word into Chinese characters. It is when you can shuffle your knowledge between English, pinyin, and Chinese characters that you will be ready to tackle the next hurdle of Mandarin. For now, remember how you felt when you started learning Mandarin. Keep that passion burning, as it is going to make the process of learning Mandarin that much easier! *** □ Learn Mandarin Chinese for Beginners: ✓ Have you ever had an urge to learn Mandarin but have been put off by other people saying it looks too difficult? Trust me, it is not as difficult as other people say it is. We agree that learning Mandarin can be seen as quite a daunting experience, but that is why books like this one exist. As soon as you know what to expect, as well as some rules regarding how to read and write Mandarin as a beginner, you will be well on your way to mastering the language. What's great about "Learn Mandarin Chinese for

Beginners" is that it comes with a composite workbook that you can use to really hone your Mandarin skills. With this book, we will be explaining everything about Mandarin to you. This will include some history and help you understand your personal learning style. This will ensure that you will perfect Mandarin in the quickest amount of time possible! You will find yourself understanding the four different Mandarin tones, the different ways to master pinyin, as well as even learning some personal life lessons along the way. We have tailored this book to be unique for each student and not by using a one-size-fits-all approach. It does not matter why you are learning Mandarin. As long as you have the passion and dedication to put time aside every single day and commit to learning the language, we will have you conversing with native Mandarin speakers in no time at all. This book is your best guide! By picking it up, you have taken the very first step in learning Mandarin, and we are so excited to be on this unique, fun, and exciting journey with you. ***

Revenge basic spoken chinese an introduction to speaking:The Northstar motor, manufactured by General Motors (GM) from 1993 until 2011, was a high-quality 90° V engine series and GM's first production V-8 with overhead camshafts1.

Nonetheless, in spite of its original accomplishment, the Northstar engine has been linked with a number of troubles over the years and years.

One of the most frequent problems is getting too hot, which can lead to considerable damage to the engine block. Another trouble is oil usage, which can cause low fuel economy and expensive repairs. Many Northstar engine owners also report problems with head gaskets, which can cause overheating issues and cause pricey repairs.

Especially, the Northstar engine years from 1993 to 2005 have been reported to have seepage issues, broken seals, damaged head gaskets, additional oil loss, broken valve cover, malfunctioning water pumps, and carbon buildup. These troubles are not major, but the price to resolve the issues was significantly greater than most other engines owing to the detailed engineering.

Chapter four of Holt Chemistry, titled "The Periodic Table", provides a detailed look of the table of elements and its elements. The chapter opens with a discussion on the characteristics of groups and periods, clarifying how Russian chemist Mendeleev arranged elements by their atomic weight in increasing order¹. It then dives into the concept of outer electrons and energy levels of atoms, highlighting the role of valence electrons in reactions and transformations to atomic structures and molecular structures.

The chapter moreover distinguishes between transition metals and main elements, detailing on their characteristics and characteristics. It also explains the concept of energy of ionization and its trends among groupings and periods on the periodic table¹. The chapter converses about atom's and radii, and how these can be anticipated based on an element's place on the periodic table.

The concept of electronegativity, which measures an element's inclination to attract a bonding pair of electrons, is another key theme addressed in this section¹. The chapter ends with a conversation on the relationship diagonally, metallic character, and boiling point of elements.

In terms of questions, the chapter provides a variety of questions and standardized test preparation resources to strengthen the notions understood. These tasks cover a range of subjects, from grasping the organization of components to studying the tendencies in the periodic table.

___Eva had always been intrigued by the realm of magic, but she never envisioned that she would uncover her own witchcraft. She had spent her childhood in a normal family, living in a unassuming town, devoid of any signs of the supernatural. However, on her sixteenth birthday, her life took an unexpected turn. A mysterious package arrived, sent by her grandmother, who had passed away years ago. Within the package lay an ancient leather-bound book, its cover adorned with the inscription, "The Book of Shadows". As Eva opened the book, a wave of energy coursed through her veins. She realized that the book held the secrets of her family's magical lineage, and that she was the last descendant of a long line of mighty witches. But she also discovered that she was not alone. There were others like her, individuals who possessed similar abilities, and some of them sought to wield their magic for evil purposes. Eva faced a pivotal decision: embrace her destiny as a witch and delve into the world of sorcery, or reject her newfound powers and continue living her life as she had always known it. Regardless of her choice, she knew that her life would forever be changed beyond recognition from that moment forward.

The Rise and Fall of a Pop Star

She had a vision. She wished to be a pop star. She wanted to sing, to move, to entertain, to entertain. She wanted to be celebrated, to be cherished, to be worshipped. She wanted to have it all, recognition, wealth, prestige. She worked tirelessly, she rehearsed, she tried out, she astonished. She got a contract, a music contract, an agent, a director. She made an CD, a smash, a phenomenon. She became a celebrity, a public figure, a phenomenon. She had it all, followers, money, awards. She was on top of the world, she was experiencing her goal. But she also had a hidden side. She had a mystery, a dilemma, a dependency. She started to spiral out of control, to blunder, to create controversy. She faced condemnation, backlash, lawsuits. She gave up her followers, her fortune, her accolades. She fell from grace, she became a laughingstock, a disaster. She gave up it all, her recognition, her wealth, her prestige. She was the climb and fall of a pop star.

Each doorway in the inn led to a distinct reality, and the innkeeper, a guardian of the Crossroads, ensured that the stories flowed seamlessly between worlds.

Instruction basic spoken chinese an introduction to speaking-The Journey of a Thousand Miles

He was tired of his living. He was dull, depressed, and discontented. He had a work he detested, a supervisor he despised, and a significant other he didn't adore. He had no passion, no purpose, no value. He felt like he was squandering his hours, his capability, his being. He wanted to change, he desired to flee, he desired to live. He resolved to leave his work, to break up with his significant other, to sell his stuff, and to acquire a one-way ticket to the opposite end of the world. He didn't understand where he was proceeding, he didn't know what he was doing, he didn't realize what he was looking for. He only realized that he had to leave, that he had to discover, that he had to uncover. He set out on a voyage of a thousand distances, a trip of excitement, of obstacle, of education, of development, of change.
