A strong bond between you and your child is critical in order for your child to regard you as their trusted advisor. Traditional discipline methods no longer work with today's children and they destroy your ability to influence your increasingly vulnerable children who need you as their lifeline! You need new discipline tools!

Children and Parents 2014-01-10 Fulton J. Sheen In the fourth commandment of God which is: "Honor thy father and thy mother," is the link between the first three, which relate to our duties to God, and the last six, which relate to our duties as neighbors. From this commandment follows this truth: Parents who honor God always find it easy to train the children to honor them, the parents; children who honor parents always find it easy to honor the Heavenly Father. ~Fulton Sheen Children and Parents shines light on the greatest moral crisis of our times: the breakdown of the family. With his characteristic humor, candor and zeal for the faith, Archbishop Sheen diagnoses the problem in our culture and how they manifest in families and in relationships with young people, and provides practical insight for navigating the seemingly overwhelming task of raising and developing morally and spiritually mature youth. Writing ahead of his time, he offers advice to the modern family on topics such from discipline and obedience to chastity, sex and love, with a special emphasis on teenagers and their quest for identity. Sheen masterfully reveals the challenging reality parents face in raising children and encourages them to learn from Christ and to be "shepherds who lead their sheep...showing them the way."

Parenting with Words of Grace 2019-02-14 William P. Smith How you speak to your kids today will impact your relationship with them tomorrow. As a parent, your words are powerful. What you say and how you say it has the potential to either invite your children into deeper relationship with you or push them away. What's more, in a very real sense, your words represent—or misrepresent—God's words to his children— meaning they have the power to shape how your children view their heavenly Father. Offering practical guidance for grace-filled communication in the midst of the craziness of everyday life, this accessible guide will help you speak in ways that reflect the grace God has shown to you in the gospel.

The book features ten chapters of questions, and answers based on scripture and written in a style relevant to today's kids. The book also has a summary of the Gospel for those who want to be sure they are going to Heaven someday. Randy encourages kids to live “in Light of Heaven.”

Includes a detailed Personality Trait Assessment Tool. Most parents approach the task of raising children with their own agendas and histories. Plus, they're bombarded with all kinds of advice, plans, and programs. But, as many parents soon realize, one philosophy doesn't always work for every child. Just ask mom of eight Julie Lyles Carr. As Julie discovered, God has given each child specific gifts, temperaments, abilities, and capacities for specific purposes, and it's a parent's job to help them flourish. In Raising an Original, you will learn to help your children: Understand their unique strengths and the challenges associated with them Discover their God-given gifts and how to use them for His glory Succeed regardless of their circumstances Raising an Original will provide you with tools for better communication with your children as well as insight into providing unique guidance and discipline for each child. With a helpful and detailed Personality Trait Assessment Tool included as a major part of the book, you will understand yourselves, your parenting style, and your child better. And, ultimately, you'll find freedom in discovering that God hasn't asked you to raise perfect children; He's asked you to raise children of purpose - children who know who they are, who they're called to be, and their unique role in God's kingdom.

Boomerang Kids 2011-08-01 Carl E. Pickhardt "She's 22 years old, for heaven's sake! We thought she'd be grown up by now. But no, it's one more crisis after another. And then she calls on us-for emotional support, problem-solving advice. Even money...although we've gotten pretty tough about that. It's like she's still a teen! Why is it so hard for her just to act like an adult?" Around age 18, most young people expect, and are expected to, move out and live on their own-either at college or in an apartment. But more and more often, "boomerang kids" are returning home defeated, leaving you frustrated and at a loss for how to help them. In this breakthrough book, Carl Pickhardt, author of Why Good Kids Act Cruel, exposes the hidden period of development that's causing increasing numbers of post-high school and college age kids to fail on their own and tells parents what you can do to fix it. His new approach to understanding young adulthood proposes that 18?to?23 year-olds have reached not adulthood, but a final stage of adolescence called "trial independence." Boomerang Kids helps parents understand this little-discussed period in your children's lives, so you can help them get through this last and most difficult stage of adolescence and get back out on their own, to become fully, and successfully, independent adults.

John Gray's work has helped countless readers improve and even save their relationships. But as society evolves, relationships do, too. It's time to move beyond Mars and Venus, toward a new relationship model for modern couples. Today, men and women are no longer trapped by rigid societal roles. Now more than ever, we have the freedom to be our authentic selves. Women can access their masculine side, and men can embrace their feminine side. This new freedom is a good thing, but it also brings new challenges. Men and women still need the right tools and skills to help build stronger relationships. While previous generations sought "role mate" relationships, based on the more rigid gender roles of the time, today's couples need a new kind of relationship: a "soul mate" relationship. These more emotionally satisfying relationships require a deeper understanding of our partners' individual needs. In Beyond Mars and Venus, Gray teaches you how to strengthen your bond and grow in love together, so you and your loved one can meet each other's needs in the best way possible, bringing you lasting happiness and a fulfilling partnership.

Parenting with Heart 2018-10-16 Stephen James Parents want to be the best person they can for their children, but much of the time they may feel like giraffes on ice--clumsy, unprepared, and in imminent danger of going down. The good news is, our children don't need perfect parents. They need authentic, fully-hearted, relationally engaged parents who can mess up and move on more than parents who always get it right. In this freeing book, respected therapists and bestselling authors Stephen James and Chip Dodd invite parents to let go of perfectionism and micromanaging as they learn to parent from a place of emotional honesty and intimacy. Through their clinical experience and relatable true stories, they show parents that raising children to become capable, loving, and wise-hearted adults is far more about accepting our flaws than projecting an impossible standard to our children that we already know we can't live up to. Parents will learn how to resolve issues from their own childhoods, tune into their feelings and the emotions of their children, and be present with their families through both the best and worst of circumstances.

Parenting Your Kids with Grace (Birth to Age 10) 2021-04-01 Dr. Greg Believe it or not, the Catholic family isn't primarily a human institution. It's a divine one. By uniting with the sacramental life of the Church, your common, ordinary, crazy family becomes something sacred, a "domestic church." Family therapist and parent Gregory Popcak and his wife, Lisa, are back with Parenting Your Kids with Grace. Building on their best-selling book Parenting with Grace, first published twenty years ago, this new volume draws on the same parenting principles and provides up-to-date research to guide parents through each stage of child development from birth to age ten. Practical, faithful, and humorous, Parenting Your Kids with Grace addresses four key questions: Are Catholic families called to be different from other families in the way we relate to one another in the home? If so, how? What does an authentic, family-based approach to Catholic spirituality look like in practice? What can the latest research tell us about creating a faithful home and raising faithful kids? How can Catholic families be outposts of evangelization and positive social change? By checking our basic assumptions about parenting against both the Church's vision and what science can teach about living out that vision in healthy ways, we can discover God's plan for parenting healthy, godly kids.

The Well-adjusted Child 2007 Rachel Gathercole Socialization may well be the single most important aspect of education today. With high and rising rates of divorce, drug abuse, youth violence, alcoholism, teen promiscuity, and so forth, we cannot afford to let this issue go unexamined. To cling to the idea that what we, as a culture, are doing now is the right and best way for all children, simply because it is what we are used to, is to shut our eyes and minds to other possibilities--possibilities that may well afford greater happiness, success, peace, and safety to our own children. At a time when people feel more disconnected than ever before, we cannot afford to overlook an option which offers our youth great benefits--including the rich, fulfilling, and healthy social life they may well need for the future. Homeschooling offers great social benefits to kids and parents. When we understand them, our children are the ones who will win.

Heaven Is Here 2012-04-03 Stephanie Nielson Go on an unforgettable journey, with a woman who has unimaginable strength. Stephanie Nielson began sharing her life in 2005 on nieniedialogues.com, drawing readers in with her warmth and candor. She quickly attracted a loyal following that was captivated by the upbeat mother happily raising her young children, madly in love with her husband, Christian (Mr. Nielson to her readers), and filled with gratitude for her blessed life. However, everything changed in an instant on a sunny day in August 2008, when Stephanie and Christian were in a horrific plane crash. Christian was burned over 40 percent of his body, and Stephanie was on the brink of death, with burns over 80 percent of her body. She would remain in a coma for four months. In the aftermath of this harrowing tragedy, Stephanie maintained a stunning sense of humor, optimism, and resilience. She has since shared this strength of spirit with others through her blog, in magazine features, and on The Oprah Winfrey Show. Now, in this moving memoir, Stephanie tells the full, extraordinary story of her unlikely recovery and the incredible love behind it--from a riveting account of the crash to all that followed in its wake. With vivid detail, Stephanie recounts her emotional and physical journey, from her first painful days after awakening from the coma to the first time she saw her face in the mirror, the first kiss she shared with Christian after the accident, and the first time she talked to her children after their long separation. She also reflects back on life before the accident, to her happy childhood as one of nine siblings, her close-knit community and strong Mormon faith, and her fairy-tale love story, all of which became her foundation of strength as she rebuilt her life. What emerges from the wreckage of a tragic accident is a unique perspective on joy, beauty, and overcoming adversity that is as gripping as it is inspirational. Heaven Is Here is a poignant reminder of how faith and family, love and community can bolster us, sustain us, and quite literally, in some cases, save us.

Why Is My Child in Charge? 2021-09-02 Claire Lerner Solve typical toddler challenges with eight key mindshifts that will help you parent with clarity, calmness and self-control. Through stories from her practice, Claire Lerner shows parents how making critical mindshifts—seeing their children’s behaviors through a new lens —empowers parents to solve their most vexing childrearing challenges. This process puts parents back in the driver’s seat, where they belong and where their children need them to be. These real life stories provide a roadmap for how to tune into the root causes of children’s behavior and how to create and implement strategies that are tailored to the unique needs of each child and family. Through these stories, Claire provides a treasure trove of practical solutions that are based in science and which work in real life. Why Is My Child In Charge? picks up where other books have left parents hanging. Most parenting books offer solutions that sound good on paper but don’t work in practice. They are aspirational rather than achievable, or they offer one-size-fits-all approaches that don’t meet the needs of an individual child. They can compound parents’ feelings of frustration and thus, can be counterproductive. Case by case, Claire unpacks the individualized process she guides parents through to solve the most common challenges such as throwing tantrums in public; delaying bedtime for hours; refusing to participate in family mealtimes; and resisting potty training. Employing a relatable story-telling approach, Claire elucidates: The faulty mindsets that pose obstacles to parents seeing the situation more objectively The essential mindshifts that enable parents to quickly identify the root causes of the problem The development of an action plan tailored to each unique child and family Why is My Child in Charge? is like having a child development specialist in your home. It shows how you can develop “win-win” strategies that translate into adaptable, happy kids and calm, connected and in-control parents. It will help you be the parent you want to be.

Parenting in the Pew 2012-11-14 Robbie F. Castleman "Daddy, I'd like you to meet my children." That's Robbie Castleman's attitude about taking her children to church. She believes that Sunday morning isn't a success if she has only managed to keep the kids quiet. And she knows there's more to church for kids than trying out their new coloring books. Children are at church for the same reason as their parents: for the privilege of worshipping God. Worship, Castleman writes, is "the most important thing you can ever train your child to do." So with infectious passion, nitty-gritty advice and a touch of humor, she shows you how to help your children (from toddlers to teenagers) enter into worship. In this significantly revised and updated edition Castleman includes a new preface and two new appendices that provide new perspectives on children's sermon and intergenerational community. She also provides a study guide for personal reflection or group discussion. More than ever, Parenting in the Pew is essential reading for parents and worship leaders who want to help children make joyful noises unto the Lord.
