medicine, science, and physiology, as well as 70 poems and an opera. At the age of 42, she began to have visions; these were captured as 36 illuminations--24 of which are recorded in this book along with her commentaries on them. She also wrote a text describing these visions entitled *Scivias* (Know the Ways), now published as *Hildegard of Bingen's Mystical Visions*. Author Matthew Fox has stated, "If Hildegard had been a man, she would be well known as one of the greatest artists and intellectuals the world has ever seen." It is a credit to the power of the women's movement and our times that this towering genius of Western thought is being rediscovered in her full grandeur and autonomy. Scivias a Journey Into the Images of Hildegard Von Bingen 2019-07-18 Hildegard von Bingen SCIVIAS (Know the Ways) is the story of the journey in which the humanity, or bright stars in Eve's womb, join with the stars in the sky; a possibility offered to each soul, to return back to the Light of the origins of the Earth. An experience belonging to Hildegard in her visions and narrated, in obedience to the voice of God, leaving behind her fears, in a precious manuscript where images make the story come alive. The complexity of the prophetic text is difficult for our present times to access, leaving the images enveloped in a kind of symbolism that is hard to decipher. A Journey into the Images of Hildegard von Bingen is born in the hopes of satisfying this desire for knowledge, revealing the Ways the title of the work promises, in a reading guided by images. The central pages present the 35 original-size miniature

reproductions with alongside a key that easily illustrates the symbolic meaning and a concise description of the vision. These Plates that offer a grammar of symbols are followed by richly illustrated pages of rhetoric, a themed reading that crosses the entire work where the details of the figures are highlighted against the miniatures. Here each element of the images - colours, frames, forms, numbers - is not random and, after crossing the threshold, leads inside the work. All seems interrelated and connected in an admirable unitary design where the traveller may virtually enter thanks to an accurate 3D reconstruction. The numerous quotations in the text let us be accompanied on this journey by the living voice and figure of this Saint and Doctor of the Church, narrated in the initial Portrait, a real witness to the possibility of walking along the Ways.

Mediaevalists still consider her one of the leading mystics, and point to her active spiritual and artistic life in the 12th century as the finest example of what a woman can achieve. The abbess Hildegard of Bingen was the first composer to sign her musical works. As a playwright and author, she witnessed and shaped the time of the Crusades, the literary minnesang, and political and theological debate. Green Mass 2021-09-07 Michael Marder
Green Mass is a meditation on—and with—twelfth-century Christian mystic and polymath Saint Hildegard of Bingen. Attending to Hildegard's vegetal vision, which greens theological tradition and imbues plant life with spirit, philosopher Michael Marder uncovers a verdant mode of thinking. The book stages a fresh encounter between present-day and premodern concerns, ecology and theology, philosophy and mysticism, the material and the spiritual, in word and sound. Hildegard's lush notion of *viriditas*, the vegetal power of

creation, is emblematic of her deeply entwined understanding of physical reality and spiritual elevation. From blossoming flora to burning desert, Marder plays with the symphonic multiplicity of meanings in her thought, listening to the resonances between the ardency of holy fire and the aridity of a world aflame. Across Hildegard's cosmos, we hear the anarchic proliferation of her ecological theology, in which both God and greening are circular, without beginning or end. Introduced with a foreword by philosopher Marcia Sá Cavalcante Schuback and accompanied by cellist Peter Schuback's musical movements, which echo both Hildegard's own compositions and key themes in each chapter of the book, this multifaceted work creates a resonance chamber, in which to discover the living world anew. The original compositions accompanying each chapter are available free for streaming and for

Richard King examines the way in which notions such as mysticism, religion, Hinduism and Buddhism are taken for granted. Drawing on a variety of post-structuralist and post-colonial thinkers, such as Foucault, Gadamer, Said, and Spivak, King provides us with a challenging series of reflections on the nature of Religious Studies and Indology.

Metzner A visionary ecopsychologist examines the rift between human beings and nature and shows what can be done to bring harmony to both the ecosystem and our own minds. • Shows that the solution to our ecological dilemma lies in our own consciousnesses. It is becoming more and more apparent that the causes and cures for the current ecological crisis are to be found in the hearts and minds of human beings. For millennia we existed within a religious and psychological framework that honored the Earth as a partner and worked to maintain a balance with nature. But somehow a root pathology took hold in Western civilization--the idea of domination over nature--and this led to an alienation of the human spirit that has allowed an unprecedented destruction of the very systems which support that spirit. In Green Psychology Ralph Metzner explores the history of this global pathology and

His search for role models takes him from shamanic ceremonies with the Lacandon Maya of Mexico to vision quests in the California desert, from the astonishing nature mysticism of Hildegard von Bingen to the Black Goddesses and Green Gods of our pagan ancestors. He examines the historical roots of the split between humans and nature, showing how first sky-god worshiping cultures, then monotheisms, and finally mechanistic science continued to isolate the human psyche from the life-giving Earth. Holy Men (HWHM) is a major effort to revise, but also to expand and enrich LFF. Where LFF provided two readings (gospel and other New Testament) plus a psalm, HWHM adds an Old Testament citation. Where LFF was limited to few non-Anglicans in the post-reformation period (and few non-Episcopalians after 1789), HWHM dramatically broadens appreciation for other Christians and their traditions. Over-emphasis on clergy is redressed by additional laity, males by females, and "in-church" activities by contributions well beyond the workings of institutional agendas. These almost daily commemorations occupy over 600 of the book's 785 pages, by far the lion's share of its content. Remaining sections address: principles of revision and guides for future revision; liturgical propers for seasons (Advent/Christmas, Lent, and Easter); and new propers for a miscellany of propers
