The Mercury 13

2004-07-13 Martha Ackmann For readers of The Astronaut Wives Club, The Mercury 13 reveals the little-known true story of the remarkable women who trained for NASA space flight. In 1961, just as NASA launched its first man into space, a group of women underwent secret testing in the hopes of becoming America's first female astronauts. They passed the same battery of tests at the legendary Lovelace Foundation as did the Mercury 7 astronauts, but they were summarily dismissed by the boys' club at NASA and on Capitol Hill. The USSR sent its first woman into space in 1963; the United States did not follow suit for another twenty years. For the first time, Martha Ackmann tells the story of the dramatic events surrounding these thirteen remarkable women, all crackerjack pilots and patriots who sometimes sacrificed jobs and marriages for a chance to participate in America's space race against the Soviet Union. In addition to talking extensively to these women, Ackmann interviewed Chuck Yeager, John Glenn, Scott Carpenter, and others at NASA and in the White House with firsthand knowledge of the program, and includes here never-before-seen photographs of the Mercury 13 passing their Lovelace tests. Despite the crushing disappointment of watching their dreams being derailed, the Mercury 13 went on to extraordinary achievement in their lives: Jerrie Cobb, who began flying when she was so small she had to sit on pillows to see out of the cockpit, dedicated her life to flying solo missions to the Amazon rain forest; Wally Funk, who talked her way into the Lovelace trials, went on to become one of the first female FAA investigators; Janey Hart, mother of eight and, at age forty, the oldest astronaut candidate, had the political savvy to steer the women through congressional hearings and later helped found the National Organization for Women. A provocative tribute to these extraordinary women, The Mercury 13 is an unforgettable story of determination, resilience, and inextinguishable hope.

Collected Poems, 1920-1954

2012-01-03 Eugenio Montale A strong, idiomatic translation of Italy's greatest modern poet. Eugenio Montale is universally recognized as having brought the great Italian lyric tradition that began with Dante into the twentieth century with unrivaled power and brilliance. Montale is a love poet whose deeply beautiful, individual work confronts the dilemmas of modern history, philosophy, and faith with courage and subtlety; he has been widely translated into English and his work has influenced two generations of American and British poets. Jonathan Galassi's versions of Montale's major works—Ossi di seppia, Le occasioni, and La bufera e altro—are the clearest and most convincing yet, and his extensive notes discuss in depth the sources and difficulties of this dense, allusive poetry. This book offers English-language readers uniquely informed and readable access to the work of one of the greatest of all modern poets.

Dante's Inferno (Illustrated by Dore)

2014-07-29 Dante Alighieri Most English translations of INFERNO are full of colorful, but meaningless language based on today's modern standards. Some translations are so elaborate that they are as difficult to read as the original Italian version. This translation uses the Longfellow translation as a base, but replaces the obscure or antiquated verbiage with the language of Modern English. This translation could easily be read and understood by today's reader. Adding the illustrations by Gustave Dore brings this classic work to life.

Musicians' Mobilities and Music Migrations in Early Modern Europe

2016 Gesa Zur Nieden During the 17th and 18th century musicians' mobilities and migrations are essential for the European music history and the cultural exchange of music. Adopting viewpoints that reflect different methodological approaches and diversified research cultures, the book presents studies on central scopes, strategies and artistic outcomes of mobile and migratory musicians as well as on the transfer of music. By looking at elite and non-elite musicians and their everyday mobilities to major and minor centers of music production and practice, new biographical patterns and new stylistic paradigms in the European East, West and South emerge.

The Undivine Comedy

1992-10-30 Teodolinda Barolini Accepting Dante's prophetic truth claims on their own terms, Teodolinda Barolini proposes a "detheologized" reading as a global new approach to the Divine Comedy. Not aimed at excising theological concerns from Dante, this approach instead attempts to break out of the hermeneutic guidelines that Dante structured into his poem and that have resulted in theologized readings whose outcomes have been overdetermined by the poet. By detheologizing, the reader can emerge from this poet's hall of mirrors and discover the narrative techniques that enabled Dante to forge a true fiction. Foregrounding the formal exigencies that Dante masked as ideology, Barolini moves from the problems of beginning to those of closure, focusing always on the narrative journey. Her investigation--which treats such topics as the visionary and the poet, the One and the many, narrative and time--reveals some of the transgressive paths trodden by a master of mimesis, some of the ways in which Dante's poetic adventuring is indeed, according to his own lights, Ulyssean.
