The Afghan Wars 1839-42 And 1878-80 This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

Travels in Beloochistan and Sinde 1816 Sir Henry Pottinger
In 1810 two army officers of the East India Company, Captain Charles Christie and Lieutenant Henry Pottinger disguised as Tartar horse-dealers for a Hindu merchant, anchored near the village of Sonmiani in Sindh. Their mission, prompted by fear of invasion of British Indian territories by European powers, was to survey the previously unknown area of Baluchistan and research the possibility of European armies passing through the lands that lay beyond Persia. It is against this background that the story unfolds.

Sind Revisited: with Notices of the Anglo-Indian Army; Railroads; Past, Present and Future, Etc 1877 Sir Richard Francis Burton
The English

explorer and author Sir Richard Francis Burton (1821-90) began his long and adventurous career in India, where he arrived in 1842 to join the 18th regiment of Bombay infantry as a young commissioned officer. In 1844 Burton's regiment was posted to Sind, the province located in present-day southeastern Pakistan, at that time only recently annexed by the British. Burton lived in Sind for a number of years and published three early books based on his experiences and observations: *Scinde, or, The Unhappy Valley* (two volumes, 1851), *Sindh, and the Races that Inhabit the Valley of the Indus* (1851), and *Falconry in the Valley of the Indus* (1852). The "unhappy valley" of the title of his first book refers to the valley of the Indus, which, along with the Indus River delta, largely defines the geography of Sind. More than two decades later, in 1875-76, Burton and his wife Isabel made a return visit to the province. *Sind Revisited*, published in London in 1877, is a result of this later journey. The book contains Burton's observations on the cities of Karachi and Hyderabad; the state of the Anglo-Indian army; relations among Muslims and Hindus and, in particular, the relentless pressure on the Hindus to convert to Islam; Sindi men and women; the Indus Valley Railway; and many other topics. Throughout, Burton uses the literary device of a fictitious traveling companion, "Mr. John Bull," to whom he addresses comments and asides. He also includes translations of poems and summaries of colorful local tales and legends, for example, that of "the seven headless prophets." In concluding remarks, Burton judges British rule to have had a positive influence, by bringing improvements in health and access to education for the Sindi people. The book is indexed but has no maps or illustrations.

Afghanistan 2016-04-03 Louis Dupree
The ancient land and the modern nation of Afghanistan are the subject of Louis Dupree's book. Both in the text and in over a hundred illustrations, he identifies the major patterns of Afghan history, society, and culture as they have developed from the Stone Age to the present. Originally published in 1973. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Recollections of a Military Life 1895 Sir John Adye

North-West Frontier 1837-1947 1977-12-25 Robert Wilkinson-Latham For over a hundred years British and Indian troops were engaged on the North-West Frontier of India, policing the tribes, mounting expeditions, and guarding against the ever-present threat from Russia. Populated mainly by Pathans, one of the fiercest warrior races on earth, the Frontier came to be known as "The Grim" by generations of British soldiers. This book details not only the three Afghan wars but also the issues surrounding Chitral, Malakand and Tirah. Color illustrations and photographs offer a rare glimpse into life on the Frontier, illuminating Lord Curzon's remark, "No man who has read a page of Indian history will ever prophesy about the frontier."

Afghanistan 2022-03-08 Jonathan L. Lee A colossal history of Afghanistan from its earliest organization into a coherent state up to its turbulent present. Located at the intersection of Asia and the Middle East, Afghanistan has been strategically important for thousands of years. Its ancient routes and strategic position between India, Inner Asia, China, Persia, and beyond has meant the region has been subject to frequent invasions, both peaceful and military. As a result, modern Afghanistan is a culturally and ethnically diverse country, but one divided by conflict, political instability, and by mass displacements of its people. In this magisterial illustrated history, Jonathan L. Lee tells the story of how a small tribal confederacy in a politically and culturally significant but volatile region became a modern nation-state. Drawing on more than forty years of study, Lee places the current conflict in Afghanistan in its historical context and challenges many of the West's preconceived ideas about the country. Focusing particularly on the powerful Durrani monarchy, which united the country in 1747 and ruled for nearly two and a half centuries, Lee chronicles the origins of the dynasty as clients of Safavid Persia and Mughal India: the reign of each ruler and their efforts to balance tribal, ethnic, regional, and religious factions; the struggle for social and constitutional reform; and the rise of Islamic and Communist factions. Along the way, he offers new cultural and political insights from Persian histories, the memoirs of Afghan government officials, British government and India Office archives, and recently released CIA reports and Wikileaks documents. He also sheds new light on the country's foreign relations, its internal power struggles, and the impact of foreign military interventions such as the "War on Terror."

Battle Honours of the British Army 2023-10-12 Charles Boswell Norman "Battle Honours of the British Army: From Tangier, 1662, to the Commencement of the Reign of King Edward VII" by Charles Boswell Norman is a comprehensive record of the British Army's battle honors over centuries. Norman's work provides a detailed account of the military campaigns and engagements that shaped the history of the British Army. This book is an invaluable resource for military history enthusiasts, offering a thorough examination of the army's remarkable achievements.

The History of India 2010-04-01 Britannica Educational Publishing Because of its natural wealth, India has long been a tempting prize for invaders, yet foreign forces such as the Mughal Empire and the British did not destroy India's vibrant spirit. Rather, external influences often became absorbed into the mix of different peoples, languages, religions, and regional traditions, creating a lasting culture of great depth. This book recounts the history of India and much of present-day Pakistan and Bangladesh as well as the factors that have contributed to India's epic economic successes in recent times. Memorable images texture the narrative and vividly animate the story of this unique nation.

Afghan War of 1879-80 ... 1882 Howard Hensman

Return of a King 2013-04-16 William Dalrymple From William Dalrymple—award-winning historian, journalist and travel writer—a masterly retelling of what was perhaps the West's greatest imperial disaster in the East, and an important parable of neocolonial ambition, folly and hubris that has striking relevance to our own time. With access to newly discovered primary sources from archives in Afghanistan, Pakistan, Russia and India—including a series of previously untranslated Afghan epic poems and biographies—the author gives us the most immediate and comprehensive account yet of the spectacular first battle for Afghanistan: the British invasion of the remote kingdom in 1839. Led by lancers in scarlet cloaks and plumed helmets, and facing little

resistance, nearly 20,000 British and East India Company troops poured through the mountain passes from India into Afghanistan in order to reestablish Shah Shuja ul-Mulk on the throne, and as their puppet. But after little more than two years, the Afghans rose in answer to the call for jihad and the country exploded into rebellion. This First Anglo-Afghan War ended with an entire army of what was then the most powerful military nation in the world ambushed and destroyed in snowbound mountain passes by simply equipped Afghan tribesmen. Only one British man made it through. But Dalrymple takes us beyond the bare outline of this infamous battle, and with penetrating, balanced insight illuminates the uncanny similarities between the West's first disastrous entanglement with Afghanistan and the situation today. He delineates the straightforward facts: Shah Shuja and President Hamid Karzai share the same tribal heritage; the Shah's principal opponents were the Ghilzai tribe, who today make up the bulk of the Taliban's foot soldiers; the same cities garrisoned by the British are today garrisoned by foreign troops, attacked from the same rings of hills and high passes from which the British faced attack. Dalrymple also makes clear the byzantine complexity of Afghanistan's age-old tribal rivalries, the stranglehold they have on the politics of the nation and the ways in which they ensnared both the British in the nineteenth century and NATO forces in the twenty-first. Informed by the author's decades-long firsthand knowledge of Afghanistan, and superbly shaped by his hallmark gifts as a narrative historian and his singular eye for the evocation of place and culture, *The Return of a King* is both the definitive analysis of the First Anglo-Afghan War and a work of stunning topicality.
