## Arctic Marine Resource Governance and Development

2018-02-12 Niels Vestergaard This book is based on presentations from the Conference 'Arctic Marine Resource Governance' held in Reykjavik Iceland in October 2015. The book is divided into four main themes: 1. Global management and institutions for Arctic marine resources 2. Resource stewards and users: local and indigenous co-management 3. Governance gaps in Arctic marine resource management and 4. Multi-scale, ecosystem-based, Arctic marine resource management'. The ecosystem changes underway in the Arctic region are expected to have significant impacts on living resources in both the short and long run, and current actions and policies adopted over such resource governance will have serious and ultimately irreversible consequences in the near and long terms.

## America's Last Call

2000 David Wilkerson A majority of Americans have concluded, "Morals do not count. Let our leaders do as they please; just give us a booming economy!" God is about to crush this abominable American mindset. Soon the American dream will become the American nightmare. Yet through it all, those who know God can be assured of constant protection and provision from His hands.

## Last Call

2010-05-11 Daniel Okrent A brilliant, authoritative, and fascinating history of America's most puzzling era, the years 1920 to 1933, when the U.S. Constitution was amended to restrict one of America's favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in 1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and Last Call is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of Americans changed the country forever. Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the antiliquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax. Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. Last Call is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were changed forever; California vineyards busily producing "sacramental" wine; New England fishing communities that gave up fishing for the more lucrative rum-running business;

and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. Last Call is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent's rank as a major American writer.

## Last Call: Humanity Hanging From A Cross Of Iron And Our Escape To Another Planet

2022-05-30 Daniel R Altschuler This book tries to look at human thought and action from a scientific perspective, and in the process, acquaints the reader with essential concepts about science and its history. It takes a broad look at our present troubles without overlooking some crucial historical, religious, and political causes but places science at the center stage. The author applies what he has learned throughout his career to go beyond science. After an introduction setting the scene and a review of the 'scientific temper' and the inexcusable ignorance of science by some leaders and many followers, the author turns his sharp vision to look at other issues. The most significant challenges are critical and global: climate change caused by our activities, stockpiles of nuclear weapons that are a constant threat, population growth, and increasing inequality at all levels. These problems do have a profound ethical character and threaten to end forever with our misery, producing a 'catastrophic convergence'. Written with rigor for all readers, with many references and infused with relevant quotations, the author's message is clear: we need to change our ways drastically and urgently, now or never. But he offers not much in terms of a solution, something done by many authors to sweeten the pill, because as he argues, beyond lofty declarations, there is no real solution as the clock runs down, leading to his dystopian view of the future.

To have it, we must follow the same time-tested methods used by Finney long ago. This enlightening book combines the burning words of Charles Finney with the irresistible cartoon art of Jack Chick to drive home many critical truths that are vital to all who long to experience true revival in their Christian life.

## Last Call at the Hotel Imperial

2022-03-15 Deborah Cohen WINNER OF THE MARK LYNTON HISTORY PRIZE • A prize-winning historian's "effervescent" (The New Yorker) account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism "High-speed, four-lane storytelling . . . Cohen's all-action narrative bursts with colour and incident."—Financial Times NEW YORK TIMES EDITORS' CHOICE • WINNER OF THE GOLDSMITH BOOK

PRIZE • FINALIST FOR THE PROSE AWARD ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker, Vanity Fair, NPR, BookPage, Booklist They were an astonishing group: glamorous, gutsy, and irreverent to the bone. As cub reporters in the 1920s, they roamed across a war-ravaged world, sometimes perched atop mules on wooden saddles, sometimes gliding through countries in the splendor of a first-class sleeper car. While empires collapsed and fledgling democracies faltered, they chased deposed empresses, international financiers, and Balkan gun-runners, and then knocked back doubles late into the night. Last Call at the Hotel Imperial is the extraordinary story of John Gunther, H. R. Knickerbocker, Vincent Sheean, and Dorothy Thompson. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and helped shape what Americans knew about the world. Alongside these backstage glimpses into the halls of power, they left another equally incredible set of records. Living in the heady afterglow of Freud, they subjected themselves to frank, critical scrutiny and argued about love, war, sex, death, and everything in between. Plunged into successive global crises, Gunther, Knickerbocker, Sheean, and Thompson could no longer separate themselves from the turmoil that surrounded them. To tell that story, they broke long-standing taboos. From their circle came not just the first modern account of illness in Gunther's Death Be Not Proud—a memoir about his son's death from cancer—but the first no-holds-barred chronicle of a marriage: Sheean's Dorothy and Red, about Thompson's fractious relationship with Sinclair Lewis. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the twentieth century felt up close.

2018-10-02 Os Guinness Logos Bookstore Association Award World Magazine Book of the Year The hour is critical. The American republic is suffering its gravest crisis since the Civil War. Conflicts, hostility, and incivility now threaten to tear the country apart. Competing visions have led to a dangerous moment of cultural self-destruction. This is no longer politics as usual, but an era of political warfare where our enemies are not foreign adversaries, but our fellow citizens. Yet the roots of the crisis are deeper than many realize. Os Guinness argues that we face a fundamental crisis of freedom, as America's genius for freedom has become her Achilles' heel. Our society's conflicts are rooted in two rival views of freedom, one embodied in "1776" and the ideals of the American Revolution, and the other in "1789" and the ideals of the French Revolution. Once again America has become a house divided, and Americans must make up their minds as to which freedom to follow. Will the constitutional republic be restored or replaced? This grand treatment of history, civics, and ethics in the Jewish and Christian traditions represents Guinness's definitive exploration of the prospects for human freedom today. He calls for a national conversation on the nature of freedom, and poses key questions for concerned citizens to consider as we face a critical chapter in the American story. He offers readers a checklist by which they can assess the character and consequences of the freedoms they are choosing. In the tradition of Alexis de Tocqueville, Guinness provides a visitor's careful observation of the American experiment. Discover here a stirring vision for faithful citizenship and renewed responsibility for not only the nation but also the watching world.

The victims of the serial murderer dubbed the 'Last Call Killer' were all gay men, and Green tries to shine a light onto their complicated lives and the queer community in New York City in the 1980s and 1990s as well. Peter Stickney Anderson was the first of the known victims"-- Adapted from the publisher's description.

2021-03-09 Elon Green **\*\*WINNER OF THE EDGAR® AWARD FOR BEST FACT CRIME\*\*** A "terrific, harrowing, true-crime account of an elusive serial killer who preyed upon gay men in the 1990s." -The New York Times (Editor's Pick) "In this astonishing and powerful work of nonfiction, Green meticulously reports on a series of baffling and brutal crimes targeting gay men. It is an investigation filled with twists and turns, but this is much more than a compelling true crime story. Green has shed light on those whose lives

for too long have been forgotten, and rescued an important part of American history." -David Grann, #1 New York Times bestselling author of Killers of the Flower Moon The gripping true story, told here for the first time, of the Last Call Killer and the gay community of New York City that he preyed upon. The Townhouse Bar, midtown, July 1992: The piano player seems to know every song ever written, the crowd belts out the lyrics to their favorites, and a man standing nearby is drinking a Scotch and water. The man strikes the piano player as forgettable. He looks bland and inconspicuous. Not at all what you think a serial killer looks like. But that's what he is, and tonight, he has his sights set on a gray haired man. He will not be his first victim. Nor will he be his last. The Last Call Killer preyed upon gay men in New York in the '80s and '90s and had all the hallmarks of the most notorious serial killers. Yet because of the sexuality of his victims, the skyhigh murder rates, and the AIDS epidemic, his murders have been almost entirely forgotten. This gripping true-crime narrative tells the story of the Last Call Killer and the decades-long chase to find him. And at the same time, it paints a portrait of his victims and a vibrant community navigating threat and resilience.

The publication "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, originally issued in 1997, creates a systematic model for the study and portrayal of casual conversation in English. The scholars argue that notwithstanding its sometimes aimless appearance and ostensibly unstructured material, casual conversation is a highly structured activity and plays a vital function in the social formation of reality. The book works through authentic examples of casual conversations including participants varying in age, gender, ethnicity, and socio-economic class<sup>12</sup>. Pulling on understandings from sociology, linguistics, and critical semiotics, the book equips readers with the examinative skills to depict the layers of structure and critical interpretive structures to clarify the 'social work' that happens on through chat.

Nevertheless, in spite of its first accomplishment, the Northstar engine has been linked with a variety of issues over the years. One of the most common troubles is getting too hot, which can lead to substantial damage to the engine block. Another issue is oil usage, which can cause low fuel efficiency and expensive repairs. Numerous Northstar engine proprietors also mention troubles with head gaskets, which can result in getting too hot issues and lead to pricey repairs. Particularly, the Northstar engine models from 1993 to 2005 have been noted to have seepage issues, broken seals, harmed head gaskets, extra oil loss, damaged valve cover, defective water pumps, and carbon collection. These issues are not major, but the price to resolve the issues was considerably larger than most other engines due to the intricate engineering.
