Digital Generations

2013-10-18 David Buckingham Computer games, the Internet, and other new communications media are often seen to pose threats and dangers to young people, but they also provide new opportunities for creativity and self-determination. As we start to look beyond the immediate hopes and fears that new technologies often provoke, there is a growing need for in-depth empirical research. Digital Generations presents a range of exciting and challenging new work on children, young people, and new digital media. The book is organized around four key themes: Play and Gaming, The Internet, Identities and Communities Online, and Learning and Education. The book brings together researchers from a range of academic disciplines – including media and cultural studies, anthropology, sociology, psychology and education – and will be of interest to a wide readership of researchers, students, practitioners in digital media, and educators.

EIB Investment Report 2020/2021

2021-02-04 European Investment Bank The Europe Union's massive efforts to rebuild after the coronavirus pandemic present a unique opportunity to transform its economy, making it more green and digital – and ultimately more competitive. The Investment Report 2020-2021 looks at the toll the pandemic took on European firms' investment and future plans, as well as their efforts to meet the demands of climate change and the digital revolution. The report's analysis is based on a unique set of databases and data from a survey of 12 500 firms conducted in the summer of 2020, in the midst of the COVID-19 crisis. While providing a snapshot of the heavy toll the pandemic took on some forms of investment, the report also

offers hope by pointing out the economic areas in which Europe remains strong, such as technologies that combine green and digital innovation.
