The Dual State 2016-03-23 Eric Wilson This volume presents a practical demonstration of the relevance of Carl Schmitt's thought to parapolitical studies, arguing that his constitutional theory is the one best suited to investing the 'deep state' with intellectual and doctrinal coherence. Critiquing Schmitt's work from a variety of intellectual perspectives, the chapters discuss current parapolitical reality within the domain of criminology, the parapolitical nature of both the dual state and the national security state corporate complex. Using the USA as a prime example of the world's current dual or 'deep political state', the criminogenic dimensions of the parapolitical systems of post 9/11 America are discussed. Using case studies, the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world, including Sweden, Canada, Italy, Turkey, and Africa.

Proceedings of the 2nd International and Interdisciplinary Conference on Image and Imagination 2020-03-17 Enrico Cicalò This book gathers peer-reviewed papers presented at the 1st International and Interdisciplinary Conference on Image and Imagination (IMG 2019), held in Alghero, Italy, in July 2019. Highlighting interdisciplinary and multi-disciplinary research concerning graphics science and education, the papers address theoretical research as well as applications, including education, in several fields of science, technology and art. Mainly focusing on graphics for communication, visualization, description and storytelling, and for learning and thought construction, the book provides architects, engineers, computer scientists, and designers with the latest advances in the field, particularly in the context of science, arts and education.

Ending Terrorism in Italy 2013-06-07 Anna Cento Bull Ending Terrorism in Italy analyses processes of disengagement from terrorism, as well as the connected issues of reconciliation, truth and justice. It examines in a critical and original way how terrorism came to an end in Italy (Part I), and the legacy it has left behind (Part II). The book interrogates a wide array of published memoirs and a considerable number of new face-to-face interviews with both former terrorists and first and second generation victims In the last two decades, and especially in recent years, former extreme-right terrorists in Italy have started to talk about their past involvement in terrorist violence, including, for the first time, acts of violence which have for decades been considered taboo, that is to say, bomb attacks against innocent civilians. These narratives add to the perspectives offered by members of left-wing terrorist groups, such as the Red Brigades and Prima Linea. Surprisingly, these narratives have not been systematically examined, yet they form a unique and extremely rich source of first-hand testimony, providing invaluable insights into processes of youth radicalization and de-radicalization, the social re-integration of ex-terrorists, as well as personal and collective healing. Even less attention has been paid to the victims' narratives or stories. Indeed, the views and activities of the victims and their associations have been seriously neglected in the scholarly literature on terrorism, not just in Italy, but elsewhere in Europe. The book therefore examines the perspectives of the victims and relatives of victims of terrorism, who over the years have formed dedicated associations and campaigned relentlessly to obtain justice through the courts, with little or no support from the state and, especially in the case of the bombing massacres, with increasing awareness that the state played a role in thwarting the course of justice. Ending Terrorism in Italy will be of interest to historians, social scientists and policy makers as well as students of political violence and post-conflict resolution. .

Anatomy of the Red Brigades 2011-04-15 Alessandro Orsini The Red Brigades were a far-left terrorist group in Italy formed in 1970 and active all through the 1980s. Infamous around the world for a campaign of assassinations, kidnappings, and bank robberies intended as a "concentrated strike against the heart of the State," the Red Brigades' most notorious crime was the kidnapping and murder of Italy's former prime minister Aldo Moro in 1978. In the late 1990s, a new group of violent anticapitalist terrorists revived the name Red Brigades and killed a number of professors and government officials. Like their German counterparts in the Baader-Meinhof Group and today's violent political and religious extremists, the Red Brigades and their actions raise a host of questions about the motivations, ideologies, and mind-sets of people who commit horrific acts of violence in the name of a utopia. In the first English edition of a book that has won critical acclaim and major prizes in Italy, Alessandro Orsini contends that the dominant logic of the Red Brigades was essentially eschatological, focused on purifying a corrupt world through violence. Only through revolutionary terror, Brigadists believed, could humanity be saved from the putrefying effects of capitalism and imperialism. Through a careful study of all existing documentation produced by the Red Brigades and of all existing scholarship on the Red Brigades, Orsini reconstructs a worldview that can be as seductive as it is horrifying. Orsini has devised a micro-sociological theory that allows him to reconstruct the group dynamics leading to political homicide in extreme-left and neonazi terrorist groups. This "subversive-revolutionary feedback theory" states that the willingness to mete out and suffer death depends, in the last analysis, on how far the terrorist has been incorporated into the revolutionary sect. Orsini makes clear that this political-religious concept of historical development is central to understanding all such self-styled "purifiers of the world." From Thomas Müntzer's theocratic dream to Pol Pot's Cambodian revolution, all the violent "purifiers" of the world have a clear goal: to build a perfect society in which there will no longer be any sin and unhappiness and in which no opposition can be allowed to upset the universal harmony. Orsini's book reconstructs the origins and evolution of a revolutionary tradition brought into our own times by the Red Brigades.

Remembering Aldo Moro 2017-07-05 Ruth Glynn The 1978 kidnapping and murder of Christian Democrat politician, Aldo Moro, marked the watershed of Italy's experience of political violence in the period known as the 'years of lead' (1969-c.1983). This uniquely interdisciplinary volume explores the evolving legacy of Moro's death in the Italian cultural imaginary, from the late 1970s to the present. Bringing a wide range of critical perspectives to bear, interventions by experts in the fields of political science, social anthropology, philosophy, and cultural critique elicit new understandings of the events of 1978 and explain their significance and relevance to present-day Italian culture and society.

An International History of Terrorism 2013-01-17 Jussi M. Hanhimäki The aim of this book is to provide readers with the tools to understand the historical evolution of terrorism and counterterrorism over the past 150 years. In order to appreciate the contemporary challenges posed by terrorism it is necessary to look at its evolution, at the different phases it has gone through, and the transformations it has experienced. The same applies to the solutions that states have come up with to combat terrorism: the nature of terrorism changes but still it is possible to learn from past experiences even though they are not directly applicable to the present. This book provides a fresh look at the history of terrorism by providing in-depth analysis of several important terrorist crises and the reactions to them in the West and beyond. The general framework is laid out in four parts: terrorism prior to the Cold War, the Western experience with terrorism, non-Western experiences with terrorism, and contemporary terrorism and anti-terrorism. The issues covered offer a broad range of historical and current themes, many of which have been neglected in existing scholarship; it also features a chapter on the waves phenomenon of terrorism against its international background. This book will be of much interest to students of terrorism studies, political violence, international history, security studies and IR.

Inside Greek Terrorism 2013 George Kassimeris The long story of Greek terrorism was meant to have ended in the summer of 2002 with the collapse of the country's premier terrorist organisation and one of Europe's longest-running gangs, the notorious 17 November group (17N). However, rather than demoralising and emasculating the country's armed struggle movement, the dismantling of 17N and the imprisonment of its members led to the emergence of new urban guerrilla groups and an upsurge in and intensification of revolutionary violence. Given the sheer longevity of the 17N terrorist experience, George Kassimeris sets out to analyse the life histories of the group's imprisoned members. Their stories, told through their own words, offer us a clearer picture than we have ever had of the political and ideological environment that provided the foundations upon which revolutionary terrorism took root in the mid-1970s. This book also brings up to

Che Cosa Sono Le Br Le Radici La Nascita La Storia Il Presente Pdf Pdf upload Suny e Paterson

date the gritty story of Greek terrorism, by analysing the country's post-17N generation of urban guerrilla groups, placing their extremism and violence in a broader political and cultural perspective.

The Dynamics of Radicalization 2015 Eitan Y. Alimi "The book comparatively investigates the processes of radicalization, focusing on questions of how and when such processes unfold, rather than on why they happen in the first place. Alimi, Bosi, and Demetriou argue that processes of radicalization develop primarily through the interplay of three specific mechanisms: "competition for power" among movement actors; "threat/opportunity spirals" between the movement and its political environment; and "outbidding" between movement actors and state security forces. Each arena or mechanism affects and is affected by the other two, creating a multilayered pathway of radicalization. Using the "most different case" logic, the authors argue their theory through three case studies: the Red Brigades in Italy (1968-1980), the Greek Cypriot Enosis-EOKA (1945-1960), and the Al Qaeda/Sunni-led Salafi Transnational Jihad Movement (1984-2001). Without losing sight of the significant differences between the cases, or of the way in which they influence the particular sequence of the process, the book provides an empirically proven and widely applicable analytic framework for understanding how political processes and different contexts drive radicalization"--

The Global Revolution 2014-08-28 Silvio Pons The Global Revolution. A History of International Communism 1917-1991 establishes a relationship between the history of communism and the main processes of globalization in the past century. Drawing on a wealth of archival sources, Silvio Pons analyses the multifaceted and contradictory relationship between the Soviet Union and the international communist movement, to show how communism played a major part in the formation of our modern world. The volume presents the argument that during the age of wars from 1914 to 1945, the establishment of the Soviet state in Russia and the birth of the communist movement had an enormous impact because of their promise of world revolution and international civil war. Such perspective appeared even more plausible in the aftermath of the Second World War and of revolution in China, which paved the way for the expansion of communism in the post-colonial world. Communism challenged the West in the Cold War - by means of anti-capitalist modernization and anti-imperialist mobilization - showing itself to be a powerful factor in the politicization of global trends. However, the international legitimacy of communism declined rapidly in the post-war era. Soviet power exposed its inability to exercise hegemony, as distinct from domination. The consequences of Sovietization in Europe and the break between the Soviet Union and China were the primary reasons for the decline of communist influence and appeal. Since communism lost its political credibility and cultural cohesion, its global project had failed. The ground was prepared for the devastating impact of Western globalization on communist regimes in Europe and the Soviet Union.

Il generale dalla Chiesa, il terrorismo, la mafia 2022-09-09T00:00:00+02:00 Vittorio Coco Il 3 settembre 1982 a Palermo veniva ucciso dalla mafia il generale Carlo Alberto dalla Chiesa. Nella storia dell'Italia repubblicana, dalla Chiesa era l'uomo per gli incarichi difficili, fin da quando aveva scelto di andare volontario nella Sicilia di Salvatore Giuliano. Successivamente le istituzioni democratiche si affidarono a lui in alcuni dei momenti più drammatici, chiamandolo a contrastare l'offensiva del terrorismo brigatista, sia prima che dopo il sequestro e l'assassinio di Aldo Moro. La sua ultima missione, conclusasi con l'attentato che lo colpì assieme alla moglie, fu quella di prefetto di Palermo, dove era stato inviato a fronteggiare un'escalation di violenza della mafia senza precedenti. La sua carriera lo portò a vivere una molteplicità di situazioni, nel corso delle quali è stato dipinto come il più fedele dei servitori dello Stato, ma che, allo stesso tempo, lo hanno messo al centro di accuse e polemiche di varia natura. Finalmente la vita di uno degli uomini simbolo della nostra Repubblica viene ricostruita e raccontata da uno storico, grazie all'accesso a una documentazione vasta e inedita.

Rivista di Politica annata 2013 2014-03-13T00:00:00+01:00 AA.VV. Trimestrale di studi, analisi e commenti diretta da Alessandro Campi La politica appare ai giorni nostri sempre più screditata e impotente. Le si imputa di aver accumulato troppi fallimenti, di non aver realizzato le sue tante promesse e di aver alimentato, al solo scopo di perpetuare i suoi privilegi, pericolose e mortali illusioni. La si considera, con riferimento alle nuove sfide che la storia le ha posto dinnanzi, sempre più incapace di assolvere le sue finalità peculiari (in primis quella di garantire una pacifica e ordinata convivenza tra gli uomini). Si ritiene che le menzogne e gli inganni ai quali è abitualmente ricorsa abbiano infine tolto valore alle sue originarie e legittime ragioni. L'accusa che le si muove è che le sue "parole" – peraltro spesso reticenti, sommarie e meramente propagandistiche – corrispondano sempre meno alle sue "azioni" concrete, il che ovviamente non può che accrescere la diffidenza e i pregiudizi nei suoi confronti. Il significato più autentico della politica, la sua ragion d'essere più profonda, era un tempo la libertà – individuale e collettiva. I motivi che la rendevano una pratica necessaria per l'esistenza di ogni società organizzata, erano la concordia interna e la pace esterna, la difesa dell'ordine civile e il perseguimento del benessere collettivo e di una relativa eguaglianza. Oggi, si sostiene, essa sarebbe invece mossa solo da interessi meschini e da una totale mancanza di senso morale, da un'ossessiva fame di potere e da cinico pragmatismo. Per alcuni, che magari ne lamentano il declino, la politica è dunque un'attività ormai residuale, destinata ad essere scalzata dalla tecnica e dall'economia. Per altri, che ne auspicano la fine, è invece un "male necessario", da contenere nei suoi effetti negativi e da contrastare nella sua pretesa di indirizzare dall'alto la vita degli uomini. L'autonomia e la centralità della politica, sulla quale nei secoli si sono esercitati teorici e pensatori, sembra essersi tradotta, nella nostra epoca, nella subordinazione della politica a fattori ad essa esterni ovvero in un crescente bisogno di autonomia o di indipendenza dalla politica. All'interno di questo disarmante quadro storico, la decisione di promuovere una rivista, il cui obiettivo dichiarato è invece quello di mostrare il carattere insopprimibile della politica e la funzione regolativa che essa continua a rivestire in tutte le società, potrebbe apparire un azzardo. In effetti c'è una scommessa intellettuale alla base di questa scelta. Ma c'è anche la consapevolezza che argomentare a difesa della politica e delle sue ragioni non significa rinunciare a criticarne le pratiche contraddittorie e ambigue o a svelarne la dimensione sovente opaca e irrazionale. Molti di coloro che animano questo progetto si riconoscono in un orizzonte di pensiero – definibile in senso lato realista, nelle sue molte accezioni e varianti – che non disgiunge, pur mantenendoli tra di loro separati, l'analisi dal giudizio, la conoscenza dei fatti (per quanto possibile obiettiva e neutrale) dalla loro valutazione secondo criteri morali.

Brigate rosse. L'invisibile. Dalla Spiotta a via Fani, dal rapimento Gancia al sequestro Moro 2021-11-26 Simona Folegnani Cosa accadde veramente il 5 giugno 1975 alla Cascina Spiotta di Arzello? È un interrogativo che attende ancora una risposta definitiva, a oltre quarant'anni dal conflitto a fuoco fra i brigatisti rossi, che custodivano Vittorio Vallarino Gancia, e una pattuglia di carabinieri appena giunta sul posto. Durante la sparatoria vennero colpiti i militari dell'Arma Umberto Rocca, Rosario Cattafi e Giovanni D'Alfonso. Quest'ultimo morì pochi giorni dopo per le gravi ferite riportate. La stessa sorte toccò a Mara Cagol, brigatista rossa e moglie di Renato Curcio. Un altro terrorista, dall'identità tuttora sconosciuta, riuscì a far perdere le proprie tracce e a dileguarsi fra la vegetazione. In questo libro, risultato di un lavoro di ricerca durato anni, gli autori ripercorrono e approfondiscono uno degli episodi meno esplorati della storia del terrorismo rosso, avanzando motivate ipotesi e puntuali ricostruzioni. Un contributo importante per chiarire definitivamente lo svolgimento dei fatti e dissipare i tanti dubbi che ancora avvolgono il tragico epilogo del rapimento Gancia. Simona Folegnani è nata a La Spezia. Giornalista, è laureata in Scienze giuridiche e Giurisprudenza. Scrive per alcuni periodici e collabora con studi legali. Berardo Lupacchini è nato a Penne (Pescara). Direttore di periodici abruzzesi, è un giornalista impegnato in ricerche e indagini investigative. Collabora con il quotidiano "Il Messaggero". Con due interventi di: Bruno D'Alfonso (nato a Manoppello), già carabiniere, è figlio di Giovanni D'Alfonso. Da anni alla ricerca della verità sul conflitto a fuoco avvenuto alla cascina. Massimo Coco (nato a Genova), figlio del magistrato Francesco Coco ucciso a Genova dalle BR. È impegnato in prima persona per ottenere giustizia sui fatti di terrorismo italiano.

ANNO 2019 I PARTITI SECONDA PARTE Antonio Giangrande Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare.

"Vogliamo tutto" 2012-05-18T06:00:00+02:00 Angelo Ventrone Come mai tanti giovani appartenenti ai gruppi della sinistra rivoluzionaria hanno creduto di poter cambiare il mondo?Come volevano cambiarlo e per

quali ragioni?Perché a un certo momento hanno cominciato a pensare che la violenza fosse lo strumento necessario per realizzare questo sogno?Perché davano per scontato che la rivoluzione fosse il passaggio obbligato per accedere a una vita degna di essere vissuta, a una vita autentica?Angelo Ventrone indaga alcuni decenni della storia recente del nostro paese, dal 1960 fino alla fine degli anni Ottanta, per capire cosa è accaduto e cosa è restato di quei sogni e di quelle ribellioni.

La pazzia di Aldo Moro 2013-07-05 Marco Clementi Dal 9 maggio 1978, il giorno in cui in via Caetani, a Roma, venne ritrovato il corpo senza vita di Aldo Moro, sono passati trent'anni. Trent'anni di declinazioni di responsabilità da parte di molti protagonisti e di ipotesi che a volte hanno assunto derive fantapolitiche. Marco Clementi ha ricostruito quello che è stato il punto di non ritorno della vita politica e sociale dell'Italia contemporanea, il suo trauma irrisolto, dando la parola ai documenti: le lettere di Moro alla famiglia, agli amici e ai membri del suo partito, ma anche la sua memoria difensiva, i comunicati delle Br, i giornali, i ricordi dei politici e dei brigatisti, gli esiti delle commissioni di inchiesta parlamentari e dei processi. Quel prigioniero apparentemente plagiato dai suoi carcerieri riacquista in queste pagine la lucidità di un uomo che ha cercato un compromesso tra lo Stato e i brigatisti. Tuttavia, gli interessi in campo - dei partiti, dei brigatisti, del governo - determinarono la sconfitta della strategia di Moro e la sua tragica fine.

AUPO Philologica 88 Romanica XVI 2006-12-29 Alessandro Marini Sborník příspěvků Katedry romanistiky Univerzity Palackého v Olomouci

Italia e Stati Uniti 2017-01-09 Vittoriofranco Pisano Nell'interpretazione del fenomeno terroristico in Italia proposta in molte opere, anche recenti, risulta una ricorrente impostazione protesa ad asserire un ruolo o addirittura una regia di potenze o attori stranieri, con particolare riferimento agli Stati Uniti d'America e, per riflesso, all'Organizzazione del Trattato dell'Atlantico del Nord, spesso presentata come uno strumento totalmente al servizio degli interessi americani. In questo saggio l'Autore, avvalendosi della sua lunga esperienza istituzionale maturata nel corso di mezzo secolo - e senza trascurare la vasta letteratura in materia, contesta tale interpretazione e rileva l'assenza di azioni statunitensi ostili all'Italia o intese ad inibire la volontà dell'elettorato italiano democraticamente espressasi sin dalla proclamazione della Repubblica. Tantomeno risulta un ruolo di direzione o sostegno da parte americana nei riguardi di aggregazioni eversive o terroristiche di qualsivoglia matrice operanti in Italia.

1968 La Tragica Illusione Ideologica 2020-07-30 ANTONIO GIANGRANDE Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare.

Rosso, nero e Pasolini 2017-10-10T00:00:00+02:00 Enrico Petris Il libro propone una interpretazione del ruolo intellettuale e della morte di Pasolini a partire dalla storia del terrorismo politico in Italia. Poiché ormai la letteratura sul terrorismo in Italia è ampiamente nota, la scelta è stata quella di approfondire quella meno conosciuta della regione in cui Pasolini ha trascorso la sua giovinezza e si è formato. Il Friuli Venezia Giulia ha visto svilupparsi, prima che altrove, i fenomeni di terrorismo legati alla guerra fredda. In Friuli la seconda guerra mondiale si è conclusa dopo rispetto alle altre regioni italiane e la guerra fredda è iniziata prima di qualsiasi altro luogo al mondo, con l'invasione jugoslava di Trieste. È in questo clima che muove i suoi primi passi di scrittore Pasolini, la cui lunga carriera, proseguita altrove, verrà interrotta da un omicidio su cui non è stata fatta piena chiarezza, ma che può essere letto come un crimine di matrice politica.

Nightmare that Never Ends

Sam awoke with a start, his body drenched in moisture. The same horrific nightmare had once again plagued his sleep, the one where he was hunted by a ominous figure wielding a gleaming. He glanced at the clock; it was 3:15 am. He tried to placate his thundering heart, attempting to convince himself that it was merely a figment of his imagination. Yet, deep down, he knew it was far more than that. He knew the mysterious figure was existent, and it was moving relentlessly towards him. He had seen it before, in the terrifying news reports, in the meticulous police sketches, in the despairing faces of the victims. It was the infamous serial killer that had been haunting the city for what seemed like an eternity. And Sam was next.

Concepts che cosa sono le br le radici

The Northstar motor, produced by General Motors (GM) from 1993 until 2011, was a premium 90° V engine series and GM's first manufacturing V-8 with overhead camshafts1. Nonetheless, in spite of its first achievement, the Northstar engine has been linked with a number of troubles over the decades.

One of the most frequent troubles is getting too hot, which can lead to substantial damage to the engine block. Another problem is oil use, which can cause bad fuel efficiency and expensive repairs. Numerous Northstar engine owners also mention troubles with head gaskets, which can cause overheating troubles and lead to costly repairs.

Specifically, the Northstar engine models from 1993 to 2005 have been documented to have leakage troubles, cracked seals, broken head gaskets, additional oil loss, harmed valve cover, malfunctioning water pumps, and carbon accumulation. These issues are not major, but the price to repair the issues was considerably greater than most other engines owing to the detailed engineering.

Lolita che cosa sono le br le radici:Mystery of the Missing Diamond

It was a gloomy and stormy night. The rain was pouring down, and the breeze was roaring. In the middle of the city, there was a exhibition, where a priceless diamond was on exhibit. The diamond was named the Star of Africa, and it was the biggest and most stunning diamond in the world. It was protected by a sophisticated security setup, and a team of weaponized guards. No one could rob it, or so they thought. But an individual did.

Che Cosa Sono Le Br Le Radici La Nascita La Storia Il Presente Pdf Pdf upload Suny e Paterson

Someone succeeded to bypass the safeguard, to evade the sentinels, to break the pane, and to take the diamond. And no one noticed them, no one heard them, no one recognized who they were. They left no trace, no hint, no testimony. They faded into the nightfall, with the African Star. And the mystery of the missing diamond commenced.

Reading che cosa sono le br le radici

a quaint bookstore at the center of a forgotten city, volumes were not just vessels of tales; they were portals to alternate realms. The Bookbinders Haven, it was mysteriously known, held the power to spin tales into reality. Dusk settled, the volumes murmured tales of forgotten lands, and the air crackled with the magic that only those who dared to read would uncover.

Engineering Economics and Cost Estimation is a vital aspect of any engineering project. It involves present and future economic factors, making it vital to obtain dependable estimates of future costs, benefits, and other economic parameters. Engineers often deal with projects whose scale, complexity, and uncertainty call for complex approaches to planning and budgeting^[2]^[1]. Various methods are used for cost estimation, including rough estimates, semi-detailed estimates, or detailed estimates, depending on the needs for the estimates^[1]^[2]. Key concepts in this field include overhead costs, cost driver identification, cost allocation methods, capital budgeting, flexible budgeting, zero-based budgeting, budgets, and estimates. A number of models are available for developing cost (or benefit) estimates, such as the per-unit model, the segmenting model, cost indexes, the power-sizing model, and learning curve cost estimating. The quality of a cost estimate typically increases as the resources allocated to developing the estimate increase.
