Galactic Conflicts which Altered Chronicle
It was the year 2023, and the globe stood on the edge of conflict. The USA and China, the two global powers, had been entangled in a ferocious competition, vying for assets, dominance, and control. They had both created advanced armaments, such as lasers, unmanned aerial vehicles, and orbiters, that could attack anywhere, anytime. They had covertly established orbital stations, which could fire nuclear missiles, which can annihilate the earth. They were both set to employ these weapons, if ever needed. But they were not alone. There existed a 3rd force, a secret force, which had watching them, waiting for them, preparing for them both. They were aliens, and they had come come to halt them both. They had arrived to rescue the earth, or to terminate it all. They had come come to initiate the star wars that transformed past.
