### *Cries Unheard*

1999-04-13 Gitta Sereny  
England's controversial #1  
best-seller. What brings a child  
to kill another child? In 1968,  
at age eleven, Mary Bell was  
tried and convicted of  
murdering two small boys in  
Newcastle upon Tyne, England.  
Gitta Sereny, who covered the  
sensational trial, never  
believed the characterization of  
Bell as the incarnation of evil,  
the bad seed personified. If we  
are ever to understand the  
pressures that lead children to  
commit serious crimes, Sereny  
felt, only those children, as  
adults, can enlighten us.

Twenty-seven years after her  
conviction, Mary Bell agreed to  
talk to Sereny about her  
life.

harrowing childhood, her  
terrible acts, her public trial,  
and her years of imprisonment-  
to talk about what was done to  
her and what she did, who she  
was and who she became.  
Nothing Bell says is intended  
as an excuse for her crimes.  
But her devastating story  
forces us to ponder society's  
responsibility for children at  
the breaking point, whether in  
Newcastle, Arkansas, or  
Oregon. A masterpiece of  
wisdom and sympathy, Gitta  
Sereny's wrenching portrait of  
a girl's damaged childhood and  
a woman's fight for moral  
regeneration urgently calls on  
us to hear the cries of all  
children at risk.

journalist and biographer Gitta Sereny covered the Mary Bell case in the 1960s and wrote about it at the time. Mary, then eleven, was charged and subsequently convicted of the manslaughter of two younger boys. Now, following Mary's release on licence, and in collaboration with her, Sereny provides a thought-provoking biography of someone who was considered to have committed an evil crime of unparalleled horror. She brilliantly delves into the mind of this complex and damaged human being and reveals how little was done to investigate Mary's own troubled circumstances. A powerfully disturbing book, it will resonate with all who read it.

Pomeroy was arrested in 1874, a nightmarish reign of terror over an unsuspecting city came to an end. "The Boston Boy Fiend" was imprisoned at last. But the complex questions sparked by his ghastly crime spree -- the hows and whys of vicious juvenile crime -- were as relevant in the so-called Age of Innocence as they are today. Jesse Pomeroy was outwardly repellent in appearance, with a gruesome "dead" eye; inside, he was deformed beyond imagining. A sexual sadist of disturbing precocity, he satisfied his atrocious appetites by abducting and torturing his child victims. But soon, the teenager's bloodlust gave way to another obsession: murder. Harold Schechter, whose true-crime masterpieces are "well-documented nightmares for anyone who dares to look" (Peoria Journal Star), brings his acclaimed mix of page-turning storytelling, brilliant insight, and fascinating historical documentation to Fiend -- an unforgettable account from the annals of American crime. *Downloaded from*

## **When Kids Kill**

2011-10-31 Jonathan Paul  
Jonathan Paul goes behind the sensationalist headlines of 'child killers' to investigate why these crimes happen. He examines child homicide in today's violent, confusing world and contextualises it against the cruel unforgiving retribution of yesterday. Children are increasingly experimenting with drugs and committing offences, but there are those who commit the worst possible crimes: to end another person's life before their own could properly have begun. The cases are shocking but sometimes the path towards them is even more so. This is a fascinating exploration of disturbing events aimed at

and yet the concept takes on a whole new level of chilling morbidity when a murderer is revealed to be a young boy or girl. Is it the result of severe trauma manifesting itself in the most macabre of ways? Is it the progeny of some severe mental disorder? Or were they influenced by the actions of the people they grew up with? Most of the time, the answers to such a question are simple but no less horrific. Eleven-year-old Mary Flora Bell was tried and found guilty, in 1968, for the coldhearted murders of two very young boys - crimes which she committed without any hint of remorse. After her past and motives have been examined, hindsight asks the pressing question: Had Mary being a victim herself turned her into a killer? In this brand new expanded edition, the author sets out to discover what really happened to turn young Mary into an infamous killer. ### **The Case Of Mary Bell**

old, and Brian Howe, three. Norma was acquitted. Mary Bell, the younger but infinitely more sophisticated and cooler of the two, was found guilty of manslaughter. She evaded being branded as a murderer due to what the court ruled as 'diminished responsibility', but she was sentenced to 'detention' for life. Step by step, Gitta Sereny pieces together a gripping and rare study of a horrifying crime; the murders, the events surrounding them, the alternately bizarre and nonchalant behaviour of the two girls, their brazen offers to help the distraught families of the dead boys, the police work that led to their apprehension, and finally the trial itself. What emerges from this extraordinary case is the inability of society to anticipate such events and to take adequate steps once disaster has struck.
