It was the year 2023, and the earth stood on the edge of conflict. The United States and China, the pair of superpowers, were engaged in a intense contest, contending for assets, dominance, and control. They had both created sophisticated armaments, including laser weapons, unmanned aerial vehicles, and orbiters, that can attack any location, any time. They had secretly built space stations, that could launch nuclear missiles, that can annihilate the planet. They were prepared to utilize them, if at all required. But they were not the sole ones. There was a 3rd force, a concealed entity, that had been monitoring them both, waiting patiently for them, preparing for them both. They were extraterrestrials, and they had come to halt them.
