interest and fascination. A family that could make or break dynasties, that could bankrupt industrial magnates but who also were outstanding philanthropists and collectors of some of the world's greatest art treasures. Ardently supportive of the founding of the State of Israel, Nathaniel was also adept at playing the political game within and without Jewry. He went to extremes to ensure that Jewish refugees from Russian pogroms went to Palestine and did not come to the UK. The first Jew in the House of Lords, he had previously stood as a Liberal MP and fought for social justice. He knew every leading British politician from Disraeli to Lloyd George. Indeed as a leading figure in the City, he helped Lloyd George to surmount this country's worst ever financial crisis. He died a man mourned by the political elite and the masses. It is only now that his story has been fully told.

It was the year 2023, and the world was on the brink of war. The United States and China, the two superpowers, were locked in a fierce rivalry, competing for resources, influence, and dominance. They had developed advanced weapons, such as lasers, drones, and satellites, that could strike anywhere, anytime. There was a third force, a hidden force, that had been watching
