After the Snow S. D. Crockett 2012-03-27 The oceans stopped working before Willo was born, so the world of ice and snow is all he's ever known. He lives with his family deep in the wilderness, far from the government's controlling grasp. Willo's survival skills are put to the test when he arrives home one day to find his family gone. It could be the government; it could be scavengers—all Willo knows is he has to find refuge and his family. It is a journey that will take him into the city he's always avoided, with a girl who needs his help more than he knows. S.D. Crockett on narrative voice and an especially cold winter: What was your inspiration for After the Snow? Well, apart from the unbelievably cold winter during which I was writing—in an unheated house, chopping logs and digging my car out of the snow; I think much of the inspiration for the settings in After the Snow came from my various travels. In my twenties I worked as a timber buyer in the Caucasus Mountains of southern Russia, and that work led to travels in Eastern Europe and Armenia. As soon as I step off the plane in those places it smells like home. It may sound strange to say, when After the Snow is set in Wales, but really the practical dilemmas in the book come directly from places I've been, people I've lived with, and the hardships I've seen endured with grace and capability. I was in Russia not long after the Soviet Union collapsed and I've seen society in freefall. Without realizing it at the time I think those experiences led me to dive into After the Snow with real passion. What would western civilization look like with a few tumbles under its belt? What would happen if the things we took for granted disappeared? I wanted to write a gripping story about that scenario, but hardly felt that I was straying into fantasy in the detail. What do you want readers to most remember about After the Snow? We all have the capacity to survive, but in what manner? What do we turn to in those times of trouble? Those are the questions I would like people to contemplate after reading After the Snow. How did Willo's unique voice come to you? Willo's voice appeared in those crucial first few paragraphs. After that it just grew along with his world and the terrible situations that arise. I think his voice is in all of us. We don't understand, we try to make good—maybe we find ourselves. How did you stay warm while writing this novel? I banked up the fire—and was warned by hopes of spring.

The Crane Wife Patrick Ness 2014-01-23 A magical novel, based on a Japanese folk tale, that imagines how the life of a broken-hearted man is transformed when he rescues an injured white crane that has landed in his backyard. George Duncan is an American living and working in London. At forty-eight, he owns a small print shop, is divorced, and lonelier than he realizes. All of the women with whom he has relationships eventually leave him for being too nice. But one night he is woken by an astonishing sound—a terrific keening, which is coming from somewhere in his garden. When he investigates he finds a great white crane, a bird taller than even himself. It has been shot through the wing with an arrow. Moved more than he can say, George struggles to take out the arrow from the bird's wing, saving its life before it flies away into the night sky. The next morning, a shaken George tries to go about his daily life, retreating to the back of his store and making cuttings from discarded books—a harmless, personal hobby—when through the front door of the shop a woman walks in. Her name is Kumiko, and she asks George to help her with her own artwork. George is dumbstruck by her beauty and her enigmatic nature, and begins to fall desperately in love with her. She seems to hold the potential to change his entire life, if he could only get her to reveal the secret of who she is and why she has brought her artwork to him. Witty, magical, and romantic, The Crane Wife is a story of passion and sacrifice, that resonates on the level of dream and myth. It is a novel that celebrates the creative imagination, and the disruptive power of love.

Spare and Found Parts Sarah Maria Griffin 2016-10-04 Nell Crane has never held a boy's hand. In a city devastated by an epidemic, where survivors are all missing parts—an arm, a leg, an eye—Nell has always been an outsider. Her father is the famed scientist who created the biomechanical limbs that everyone now uses. But she's the only one with her machinery on the inside: her heart. Since the childhood operation, she has ticked. Like a clock, like a bomb. And as her community rebuilds, everyone is expected to contribute to the society's good. . . but how can Nell live up to her father's revolutionary ideas when she has none of her own? Then she finds a lost mannequin's hand while salvaging on the beach, and inspiration strikes. Can Nell build her own companion in a world that fears advanced technology? The deeper she sinks into this plan, the more she learns about her city—and her father, who is hiding secret experiments of his own. Sarah Maria Griffin's haunting literary debut will entrance fans of Patrick Ness's Chaos Walking series, Paolo Bacigalupi's Ship Breaker, and Emily St. John Mandel's Station Eleven.

Posthumanist Readings in Dystopian Young Adult Fiction Jennifer Harrison 2019-04-29 This book explores the deployment of posthumanist ideology in young adult dystopian fiction. It applies this theory to the presentation of social issues in select novels.

Start with Why Simon Sinek 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY. *Unraveling Eleven* Jerri Chisholm 2021-11-16 Eve Hamilton has finally realized true freedom, but then, just like that, it's wrenched from her grasp. And this time, the corridors of the dark underground city are even more dangerous than ever before. But her brief taste of freedom has left her with something useful, something powerful, something that terrifies the leaders of Compound Eleven. Now Eve has a monster inside. A monster that she'll need to learn to control, and fast, or she'll lose everything and everyone she holds dear. Starting with Wren Edelman. The one boy who has taught her that anything is possible if they stick together. But will that matter if she becomes the very thing he fears the most? The Eleven trilogy is best enjoyed in order. Reading Order: Book #1 Escaping Eleven Book #2 Unraveling Eleven

A Little History of the World E. H. Gombrich 2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

A Monster Calls Patrick Ness 2013-08-27 NOW A #1 NEW YORK TIMES BESTSELLER! An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.

Chaos Walking Patrick Ness 2011-11-15 The award-winning Chaos Walking trilogy—consisting of The Knife of Never Letting Go, The Ask and the Answer, and Monsters of Men—is now available in its entirety in this e-book collection! Find out why The Sunday Times called Chaos Walking “remarkable” and why Publishers Weekly described the series as “one of the most important works of young adult science fiction in recent years.”

The Ask and the Answer (with bonus short story) Patrick Ness 2014-07-22 The riveting Chaos Walking trilogy by two-time Carnegie Medalist Patrick Ness, reissued with compelling new covers—and a bonus short story in each book. “Grim and beautifully written. . . . Superb. . . . This is among the best YA science fiction novels of the year.” — Publishers Weekly (starred review) Reaching the end of their flight in The Knife of Never Letting Go, Todd and Viola did not find healing and hope in Haven. They found instead their worst enemy, Mayor Prentiss, waiting to welcome them to New Prentisstown. There they are forced into separate lives: Todd to prison, and Viola to a

house of healing where her wounds are treated. Soon Viola is swept into the ruthless activities of the Answer, while Todd faces impossible choices when forced to join the mayor’s oppressive new regime. In alternating narratives the two struggle to reconcile their own dubious actions with their deepest beliefs. Torn by confusion and compromise, suspicion and betrayal, can their trust in each other possibly survive?

A Monster Calls Patrick Ness 2020-04 Large Print🔴s increased font size and wider line spacing maximizes reading legibility, and has been proven to advance comprehension, improve fluency, reduce eye fatigue, and boost engagement in young readers of all abilities, especially struggling, reluctant, and striving readers.

The Crane Wife Patrick Ness 2014-12-30 A magical novel, based on a Japanese folk tale, that imagines how the life of a broken-hearted man is transformed when he rescues an injured white crane that has landed in his backyard. George Duncan is an American living and working in London. At forty-eight, he owns a small print shop, is divorced, and lonelier than he realizes. All of the women with whom he has relationships eventually leave him for being too nice. But one night he is woken by an astonishing sound—a terrific keening, which is coming from somewhere in his garden. When he investigates he finds a great white crane, a bird taller than even himself. It has been shot through the wing with an arrow. Moved more than he can say, George struggles to take out the arrow from the bird's wing, saving its life before it flies away into the night sky. The next morning, a shaken George tries to go about his daily life, retreating to the back of his store and making cuttings from discarded books—a harmless, personal hobby—when through the front door of the shop a woman walks in. Her name is Kumiko, and she asks George to help her with her own artwork. George is dumbstruck by her beauty and her enigmatic nature, and begins to fall desperately in love with her. She seems to hold the potential to change his entire life, if he could only get her to reveal the secret of who she is and why she has brought her artwork to him. Witty, magical, and romantic, The Crane Wife is a story of passion and sacrifice, that resonates on the level of dream and myth. It is a novel that celebrates the creative imagination, and the disruptive power of love.

The Ask and the Answer Patrick Ness 2010-10-18 Part two of the literary sci-fi thriller follows a boy and a girl who are caught in a warring town where thoughts can be heard - and secrets are never safe. Reaching the end of their flight in The Knife of Never Letting Go, Todd and Viola did not find healing and hope in Haven. They found instead their worst enemy, Mayor Prentiss, waiting to welcome them to New Prentisstown. There they are forced into separate lives: Todd to prison, and Viola to a house of healing where her wounds are treated. Soon Viola is swept into the ruthless activities of the Answer, while Todd faces impossible choices when forced to join the mayor’s oppressive new regime. In alternating narratives the two struggle to reconcile their own dubious actions with their deepest beliefs. Torn by confusion and compromise, suspicion and betrayal, can their trust in each other possibly survive?

Snowscape Patrick Ness 2018

Release Patrick Ness 2017-09-19 Inspired by Judy Blume’s Forever and Virginia Woolf’s Mrs. Dalloway, this novel that Andrew Smith calls “beautiful, enchanting, [and] exquisitely written” is a new classic about teenage relationships, self-acceptance—and what happens when the walls we build start coming down. A Kirkus Best Book of 2017! Adam Thorn doesn’t know it yet, but today will change his life. Between his religious family, a deeply unpleasant ultimatum from his boss, and his own unrequited love for his sort-of ex, Enzo, it seems as though Adam’s life is falling apart. At least he has two people to keep him sane: his new boyfriend (he does love Linus, doesn’t he?) and his best friend, Angela. But all day long, old memories and new heartaches come crashing together, throwing Adam’s life into chaos. The bindings of his world are coming untied one by one; yet in spite of everything he has to let go, he may also find freedom in the release. From the New York Times bestselling author of A Monster Calls comes a raw, darkly funny, and deeply affecting story about the courage it takes to live your truth.

Expanded Cinema Gene Youngblood 2020-03-03 Fiftieth anniversary reissue of the founding media studies book that helped establish media art as a cultural category. First published in 1970, Gene Youngblood’s influential Expanded Cinema was the first serious treatment of video, computers, and holography as cinematic technologies. Long considered the bible for media artists, Youngblood’s insider account of 1960s counterculture and the birth of cybernetics remains a mainstay reference in today’s hypermediated digital world. This fiftieth anniversary edition includes a new Introduction by the author that offers conceptual tools for understanding the sociocultural and sociopolitical realities of our present world. A unique eyewitness account of burgeoning experimental film and the birth of video art in the late 1960s, this far-ranging study traces the evolution of cinematic language to the end of fiction, drama, and realism. Vast in scope, its prescient formulations include “the paleocybernetic age,” “intermedia,” the “artist as design scientist,” the “artist as ecologist,” “synaesthetics and kinesthetics,” and “the technosphere: man/machine symbiosis.” Outstanding works are analyzed in detail. Methods of production are meticulously described, including interviews with artists and technologists of the period, such as Nam June Paik, Jordan Belson, Andy Warhol, Stan Brakhage, Carolee Schneemann, Stan VanDerBeek, Les Levine, and Frank Gillette. An inspiring Introduction by the celebrated polymath and designer R. Buckminster Fuller—a perfectly cut gem of countercultural thinking in itself—places Youngblood’s radical observations in comprehensive perspective. Providing an unparalleled historical documentation, Expanded Cinema clarifies a chapter of countercultural history that is still not fully represented in the arthistorical record half a century later. The book will also inspire the current generation of artists working in ever-newer expansions of the cinematic environment and will prove invaluable to all who are concerned with the technologies that are reshaping the nature of human communication.

An Evolutionary Theory of Economic Change Richard R. Nelson 1985-10-15 This book contains the most sustained and serious attack on mainstream, neoclassical economics in more than forty years. Nelson and Winter focus their critique on the basic question of how firms and industries change overtime. They marshal significant objections to the fundamental neoclassical assumptions of profit maximization and market equilibrium, which they find ineffective in the analysis of technological innovation and the dynamics of competition among firms. To replace these assumptions, they borrow from biology the concept of natural selection to construct a precise and detailed evolutionary theory of business behavior. They grant that firms are motivated by profit and engage in search for ways of improving profits, but they do not consider them to be profit maximizing. Likewise, they emphasize the tendency for the more profitable firms to drive the less profitable ones out of business, but they do not focus their analysis on hypothetical states of industry equilibrium. The results of their new paradigm and analytical framework are impressive. Not only have they been able to develop more coherent and powerful models of competitive firm dynamics under conditions of growth and technological change, but their approach is compatible with findings in psychology and other social sciences. Finally, their work has important implications for welfare economics and for government policy toward industry.

Loneliness as a Way of Life Thomas L. Dumm 2009-06-30 "What does it mean to be lonely?" Dumm asks. His inquiry, documented in this book, takes us beyond social circumstances and into the deeper forces that shape our very existence as modern individuals. The modern individual, Dumm suggests, is fundamentally a lonely self. This book challenges us, not to overcome our loneliness, but to learn how to re-inhabit it in a better way.

The Death and Life of Great American Cities Jane Jacobs 2016-07-20 Thirty years after its publication, The Death and Life of Great American Cities was described by The New York Times as "perhaps the most influential single work in the history of town planning. ...[I]t can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the bitingly satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

It's Complicated Danah Boyd 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

The Poisoned House Michael Ford 2010-11-01 Abigail is a maidservant in Greave Hall, an elegant London household governed by the tyrannical housekeeper, Mrs Cotton. Whilst the widowed master slips slowly into madness, Mrs Cotton gradually usurps the position of gentlewoman of the house. She wears his dead wife's jewellery and clothes, entertains guests as though the house is her own and reserves her most despotic treatment for Abi. In the dead of night, Abi makes a desperate bid for freedom, but is soon captured and returned to Greave Hall. As Mrs Cotton's malice intensifies, a ghostly presence distracts Abi with clues to a deadly secret. And Abi now realises that she can trust no one in the house.

The Collapse of Complex Societies Joseph Tainter 1988 Twenty-four examples of societal collapse help develop a new theory to account for their breakdown. Detailed studies of the Roman, Mayan and Cacaoan collapses clarify the processes of disintegration.

Explorations of Consciousness in Contemporary Fiction Grzegorz Maziarczyk 2017-07-20 Explorations of Consciousness in Contemporary Fiction is a collection of essays examining the potential of the contemporary English-language novel to represent and inquire into various aspects of the human mind.

Complexity Mitchell M. Waldrop 1993-09 A look at the rebellious thinkers who are challenging old ideas with their insights into the ways countless elements of complex systems interact to produce spontaneous order out of confusion

Midnight in the Garden of Good and Evil John Berendt 2010-05-12 NATIONAL BESTSELLER • “Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.” —The New York Times Book Review Shots rang out in Savannah’s grandest mansion in the misty,early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt’s sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman’s Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the “soul of pampered self-absorption”; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Midnight in the Garden of Good and Evil is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

The Center Cannot Hold Elyn R. Saks 2007-08-14 A much-praised memoir of living and surviving mental illness as well as “a stereotype-shattering look at a tenacious woman whose brain is her best friend and her worst enemy” (Time). Elyn R. Saks is an esteemed professor, lawyer, and psychiatrist and is the Orrin B. Evans Professor of Law, Psychology, Psychiatry, and the Behavioral Sciences at the University of Southern California Law School, yet she has suffered from schizophrenia for most of her life, and still has ongoing major episodes of the illness. The Center Cannot Hold is the eloquent, moving story of Elyn’s life, from the first time that she heard voices speaking to her as a young teenager, to attempted suicides in college, through learning to live on her own as an adult in an often terrifying world. Saks discusses frankly the paranoia, the inability to tell imaginary fears from real ones, the voices in her head telling her to kill herself (and to harm others), as well as the incredibly difficult obstacles she overcame to become a highly respected professional. This beautifully written memoir is destined to become a classic in its genre.

More Than This Patrick Ness 2013 A boy called Seth drowns, desperate and alone in his final moments, losing his life as the pounding sea claims him. But then he wakes. How is that possible? And where is this place? It looks like the suburban English town where he lived as a child, before an unthinkable tragedy happened and his family moved to America. But the neighbourhood around his old house is overgrown, covered in dust and completely abandoned. What’s going on?

The Rest of Us Just Live Here Patrick Ness 2015-10-06 Six starred reviews! A bold and irreverent YA novel that powerfully reminds us that there are many different types of remarkable, The Rest of Just Live Here is from novelist Patrick Ness, author of the Carnegie Medal- and Kate Greenaway Medal-winning A Monster Calls and the critically acclaimed Chaos Walking trilogy. What if you aren't the Chosen One? The one who's supposed to fight the zombies, or the soul-eating ghosts, or whatever the heck this new thing is, with the blue lights and the death? What if you're like Mikey? Who just wants to graduate and go to prom and maybe finally work up the courage to ask Henna out before someone goes and blows up the high school. Again. Because sometimes there are problems bigger than this week's end of the world, and sometimes you just have to find the extraordinary in your ordinary life. Even if your best friend is worshipped by mountain lions. ALA Best Fiction for Young Adults * Cooperative Children’s Book Center CCBC Choice * Michael Printz Award shortlist * Kirkus Best Book of the Year * VOYA Perfect Ten * NYPL Top Ten Best Books of the Year for Teens * Chicago Public Library Best Teen Books of the Year * Publishers Marketplace Buzz Books * ABC Best Books for Children * Bank Street Best Books List

Mateo and Rufus are total strangers, but, for different reasons, they’re both looking to make a new friend on their End Day. The good news: There’s an app for that. It’s called the Last Friend, and through it, Rufus and Mateo are about to meet up for one last great adventure—to live a lifetime in a single day. In the tradition of Before I Fall and If I Stay, They Both Die at the End is a tour de force from acclaimed author Adam Silvera, whose debut, More Happy Than Not, the New York Times called “profound.” Plus don’t miss The First to Die at the End: #1 New York Times bestselling author Adam Silvera returns to the universe of international phenomenon They Both Die at the End in this prequel. New star-crossed lovers are put to the test on the first day of Death-Cast’s fateful calls.

The End of Poverty Jeffrey D. Sachs 2006-02-28 “Book and man are brilliant, passionate, optimistic and impatient. . . . Outstanding.” —The Economist The landmark exploration of economic prosperity and how the world can escape from extreme poverty for the world’s poorest citizens, from one of the world’s most renowned economists Hailed by Time as one of the world’s hundred most influential people, Jeffrey D. Sachs is renowned for his work around the globe advising economies in crisis. Now a classic of its genre, The End of Poverty distills more than thirty years of experience to offer a uniquely informed vision of the steps that can transform impoverished countries into prosperous ones. Marrying vivid storytelling with rigorous analysis, Sachs lays out a clear conceptual map of the world economy. Explaining his own work in Bolivia, Russia, India, China, and Africa, he offers an integrated set of solutions to the interwoven economic, political, environmental, and social problems that challenge the world’s poorest countries. Ten years after its initial publication, The End of Poverty remains an indispensable and influential work. In this 10th anniversary edition, Sachs presents an extensive new foreword assessing the progress of the past decade, the work that remains to be done, and how each of us can help. He also looks ahead across the next fifteen years to 2030, the United Nations’ target date for ending extreme poverty, offering new insights and recommendations.

Democracy and Education John Dewey 1916

And The Ocean Was Our Sky Patrick Ness 2018-09-04 From the #1 New York Times bestselling author of A Monster Calls comes a richly illustrated and lyrical tale, one that asks harrowing questions about power, loyalty,

obsession, and the monsters we make of others. With harpoons strapped to their backs, the proud whales of Bathsheba’s pod live for the hunt, fighting in the ongoing war against the world of men. When they attack a ship bobbing on the surface of the Abyss, they expect to find easy prey. Instead, they find the trail of a myth, a monster, perhaps the devil himself... As their relentless Captain leads the chase, they embark on a final, vengeful hunt, one that will forever change the worlds of both whales and men. With the lush, atmospheric art of Rovina Cai woven in throughout, this remarkable work by Patrick Ness turns the familiar tale of Moby Dick upside down and tells a story all its own with epic triumph and devastating fate.

Project Management Harold Kerzner 2009-04-03 The landmark project management reference, now in a new edition Now in a Tenth Edition, this industry-leading project management “bible” aligns its streamlined approach to the latest release of the Project Management Institute’s Project Management Body of Knowledge (PMI®’s PMBOK® Guide), the new mandatory source of training for the Project Management Professional (PMP®) Certification Exam. From the intricate framework of organizational behavior and structure that can determine project success to the planning, scheduling, and controlling processes vital to effective project management, the new edition thoroughly covers every key component of the subject. This Tenth Edition features: New sections on scope changes, exiting a project, collective belief, and managing virtual teams More than twenty-five case studies, including a new case on the Iridium Project covering all aspects of project management 400 discussion questions More than 125 multiple-choice questions (PMI, PMBOK, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.)

More Than This Patrick Ness 2013-09-10 From two-time Carnegie Medal winner Patrick Ness comes an enthralling and provocative new novel chronicling the life — or perhaps afterlife — of a teen trapped in a crumbling, abandoned world. A boy named Seth drowns, desperate and alone in his final moments, losing his life as the pounding sea claims him. But then he wakes. He is naked, thirsty, starving. But alive. How is that possible? He remembers dying, his bones breaking, his skull dashed upon the rocks. So how is he here? And where is this place? It looks like the suburban English town where he lived as a child, before an unthinkable tragedy happened and his family moved to America. But the neighborhood around his old house is overgrown, covered in dust, and completely abandoned. What’s going on? And why is it that whenever he closes his eyes, he falls prey to vivid, agonizing memories that seem more real than the world around him? Seth begins a search for answers, hoping that he might not be alone, that this might not be the hell he fears it to be, that there might be more than just this.

. . .

Burn Patrick Ness 2020-06-02 On a cold Sunday evening in early 1957, Sarah Dewhurst waited with her father in the parking lot of the Chevron gas station for the dragon he’d hired to help on the farm... Sarah Dewhurst and her father, outcasts in their little town of Frome, Washington, are forced to hire a dragon to work their farm, something only the poorest of the poor ever have to resort to. The dragon, Kazimir, has more to him than meets the eye, though. Sarah can’t help but be curious about him, an animal who supposedly doesn’t have a soul but who is seemingly intent on keeping her safe. Because the dragon knows something she doesn’t. He has arrived at the farm with a prophecy on his mind. A prophecy that involves a deadly assassin, a cult of dragon worshippers, two FBI agents in hot pursuit—and somehow, Sarah Dewhurst herself.

The Knife of Never Letting Go Patrick Ness 2010-10-18 A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard - and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear everything he thinks. Todd is just a month away from becoming a man, but in the midst of the cacophony, he knows that the town is hiding something from him -- something so awful Todd is forced to flee with only his dog, whose simple, loyal voice he hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World? Propelled by Todd’s gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

New World Patrick Ness

Monsters of Men Patrick Ness 2010-10-18 In the riveting conclusion to the acclaimed dystopian series, a boy and girl caught in the chaos of war face devastating choices that will decide the fate of a world. As a world-ending war surges around them, Todd and Viola face monstrous decisions. The indigenous Spackle, thinking and acting as one, have mobilized to avenge their murdered people. Ruthless human leaders prepare to defend their factions at all costs, even as a convoy of new settlers approaches. And as the ceaseless Noise lays all thoughts bare, the projected will of the few threatens to overwhelm the desperate desire of the many. The consequences of each action, each word, are unspeakably vast: To follow a tyrant or a terrorist? To save the life of the one you love most, or thousands of strangers? To believe in redemption, or assume it is lost? Becoming adults amid the turmoil, Todd and Viola question all they have known, racing through horror and outrage toward a shocking finale.

The New World (FREE Short Story) Patrick Ness 2010-11-18 In this dramatic short story - a prequel to the award-winning Chaos Walking Trilogy -- author Patrick Ness gives us the story of Viola’s journey to the New World. Whether you’re new to Chaos Walking or an established fan, this prequel serves as a fascinating introduction to the series that Publishers Weekly called one of the most important works of young adult science fiction in recent years.

Machine Learning Kevin P. Murphy 2012-08-24 A comprehensive introduction to machine learning that uses probabilistic models and inference as a unifying approach. Today’s Web-enabled deluge of electronic data calls for automated methods of data analysis. Machine learning provides these, developing methods that can automatically detect patterns in data and then use the uncovered patterns to predict future data. This textbook offers a comprehensive and self-contained introduction to the field of machine learning, based on a unified, probabilistic approach. The coverage combines breadth and depth, offering necessary background material on such topics as probability, optimization, and linear algebra as well as discussion of recent developments in the field, including conditional random fields, L1 regularization, and deep learning. The book is written in an informal, accessible style, complete with pseudo-code for the most important algorithms. All topics are copiously illustrated with color images and worked examples drawn from such application domains as biology, text processing, computer vision, and robotics. Rather than providing a cookbook of different heuristic methods, the book stresses a principled model-based approach, often using the language of graphical models to specify models in a concise and intuitive way. Almost all the models described have been implemented in a MATLAB software package—PMTK (probabilistic modeling toolkit)—that is freely available online. The book is suitable for upper-level undergraduates with an introductory-level college math background and beginning graduate students.
