Handbook of Cultural Sociology, a global range of experts explore the theory, methodology and innovations that make up this ever-expanding field. The Handbook's 40 original chapters have been organised into five thematic sections: Theoretical Paradigms Major Methodological Perspectives Domains of Inquiry Cultural Sociology in Contexts Cultural Sociology and Other Analytical Approaches Both comprehensive and current, The SAGE Handbook of Cultural Sociology will be an essential reference tool for both advanced students and scholars across sociology, cultural studies and media studies.

Rewriting the Victorians Linda M. Shires 2012-08-21 This collection of essays, both feminist and historical, analyzes power relations between men and women in the Victorian period. This volume is the first to reshape Victorian studies from a perspective of the postmodern return to history, and everyday life is influenced by

Marxism, sociology, anthropology, and post-structuralist theories of language and subjectivity. It analyzes the struggle for legitimacy and recognition in Victorian institutions and the struggle over meanings in ideological representation of the gendered subject in texts. Contributors cover diverse topics, including Victorian ideologies of motherhood, the male gaze, the cult of the male child genius in narrative painting, the press, and Victorian women and the French Revolution, discussing both well-known and less familiar Victorian texts.

Routledge Revivals: Pandora and Occam (1992)

Horst Ruthrof 2017-03-16 First published in 1992, this book evokes Pandora and Occam as metaphoric corner posts in an argument about language as discourse and in doing so, brings analytic philosophy to bear on issues of Continental philosophy, with attention to linguistic, semiological, and semiotic concerns. Instead of regarding meaning as a

Paterson

guaranteed by definitions, the author argues that linguistic expressions are schemata directing us more or less loosely toward the activation of nonlinguistic sign systems. Ruthrof draws up a heuristic hierarchy of discourses, with literary expression at the top, descending through communication-reduced reference and speech acts to formal logic and digital communication at the bottom. The book offers multiple perspectives from which to review traditional theories of meaning, working from a wide variety of theorists, including Peirce, Frege, Husserl, Derrida, Lyotard, Davidson, and Searle. In Ruthrof's analysis, Pandora and Occam illustrate the opposition between the suppressed rich materiality of culturally saturated discourse and the stark ideality of formal sign systems. This book will be of interest to those studying linguistics, literature and philosophy.

The Antinomies of Classical Thought: Marx and Durkheim (Theoretical Logic Emancipated) Pdf Pdf
Consciousness Pdf Pdf
upload Suny i Paterson

in Sociology) Jeffrey C. Alexander 2014-04-24 This volume challenges prevailing understanding of the two great founders of sociological thought. In a detailed and systematic way the author demonstrates how Marx and Durkheim gradually developed the fundamental frameworks for sociological materialism and idealism. While most recent interpreters of Marx have placed alienation and subjectivity at the centre of his work, Professor Alexander suggests that it was the later Marx's very emphasis on alienation that allowed him to avoid conceptualizing subjectivity altogether. In Durkheim's case, by contrast, the author argues that such objectivist theorizing informed the early work alone, and he demonstrates that in his later writings Durkheim elaborated an idealist theory that used religious life as an analytical model for studying the institutions of secular society. *Simmel and Since (Routledge Revivals)* David Frisby

2011-03-31 Originally published
vla.ramtech.uri.edu on
October 3, 2023 by Suny i Paterson

in 1992, this book, written by one of the world's leading experts on Simmel, provides a fascinating set of insights into a thinker who is fast becoming recognized as the sociologist of modernity; an indispensable resource in confronting post-modernity. It examines the relevance of his work in relation to contemporary debates on culture, aesthetics and modernity.

Poetry & Commons Daniel Eltringham 2022-05-13 The commons and enclosure are among the most vital ways of thinking about poetry today, posing urgent ecological and political questions about land and resource ownership and use. *Poetry & Commons* is the first study to read postwar and contemporary poetry through this lens, by putting it in dialogue with the Romantic experience of agrarian dispossession. Employing an innovative transhistorical structure, the book demonstrates how radical Anglophone poetics since 1960 have returned to the 'enclosure of the commons' in response to the conditions of the 'Emancipated Consciousness' Pdf Pdf upload Suny i Paterson

political and ecological crises. It identifies a 'commons turn' in contemporary lyric that contests the new enclosures of globalized capital and resource extraction. In lucid close readings of a rich field of experimental poetics associated with the 'British Poetry Revival', as well as from Canada and the United States, it analyses a landscape poetics of enclosure in relationship with Romantic verse. Canonical Romantic poetry by Wordsworth and Clare is understood through the fine-grain textures of the period's vernacular and radical verse and discourse around enclosure, which the book demonstrates contain the seeds of neoliberal political economy. Engaging with the work of Anne-Lise François and Anna Tsing, *Poetry & Commons* theorizes commoning as marking out subsistence 'rhythms of resource', which articulate plural, irregular, and tentative relations between human and nonhuman lifeworlds.

Border Dialogues downloaded from via.ramtech.uri.edu on October 3, 2023 by Suny i Paterson

(Routledge Revivals) Iain Chambers 2013-10-02 First published in 1990, *Border Dialogues* explores some of the territories of contemporary culture, philosophy and criticism. It touches on arguments surrounding Nietzsche and Italian 'weak thought', the mysteries of being 'British', and with more immediate concerns such as computers, fashion, gender and ethnicity. The chapters explore how such different strands are joined together, and how this can lead to a reassessment of contemporary cultural criticism. This innovative and interesting reissue will be of particular interest to students of critical theory, cultural studies, radical philosophy and deconstruction.

Waterstone's Guide to Books 1989

Whitechapel Noise Vivi Lachs 2018-05-14 Archive material from the London Yiddish press, songbooks, and satirical writing offers a window into an untold cultural life of the Yiddish East End. *Whitechapel Noise: Jewish Immigrant Life in Yiddish Song and Verse of London 1884-1914* Emancipated Consciousness Pdf Pdf upload Suny i Paterson

by Vivi Lachs positions London's Yiddish popular culture in historical perspective within Anglo-Jewish history, English socialist aesthetics, and music-hall culture, and shows its relationship to the transnational Yiddish-speaking world. Layers of cultural references in the Yiddish texts are closely analyzed and quoted to draw out the complex yet intimate histories they contain, offering new perspectives on Anglo-Jewish historiography in three main areas: politics, sex, and religion. The acculturation of Jewish immigrants to English life is an important part of the development of their social culture, as well as to the history of London. In part one of the book, Lachs presents an overview of daily immigrant life in London, its relationship to the Anglo-Jewish establishment, and the development of a popular Yiddish theatre and press, establishing a context from which these popular came. The author then analyzes the poems and songs, revealing the hidden social histories of

the people writing and performing them. For example, how Morris Winchevsky's London poetry shows various attempts to engage the Jewish immigrant worker in specific London activism and political debate. Lachs explores themes of marriage, relationships, and sexual exploitation appear regularly in music-hall songs, alluding to the changing nature of sexual roles in the immigrant London community influenced by the cultural mores of their new location. On the theme of religion, Lachs examines how ideas from Jewish texts and practice were used and manipulated by the socialist poets to advance ideas about class, equality, and revolution, and satirical writings offer glimpses into how the practice of religion and growing secularization was changing immigrants' daily lives in the encounter with modernity. The detailed and nuanced analysis found in Whitechapel Noise offers a new reading of Anglo-

Seeking Conflict in

Mesoamerica Shawn G. Morton

2019-11-29 Seeking Conflict in

Mesoamerica focuses on the conflicts of the ancient Maya, providing a holistic history of Maya hostilities and comparing them with those of neighboring Mesoamerican villages and towns. Contributors to the volume explore the varied stories of past Maya conflicts through artifacts, architecture, texts, and images left to posterity. Many studies have focused on the degree to which the prevalence, nature, and conduct of conflict has varied across time and space. This volume focuses not only on such operational considerations but on cognitive and experiential issues, analyzing how the Maya understood and explained conflict, what they recognized as conflict, how conflict was experienced by various groups, and the circumstances surrounding conflict. By offering an emic (internal and subjective)

understanding alongside the more commonly researched etic (external and objective) perspective, contributors clarify insufficiencies and address lapses in data and analysis. They explore how the Maya defined themselves within the realm of warfare and examine the root causes and effects of intergroup conflict. Using case studies from a wide range of time periods, *Seeking Conflict in Mesoamerica* provides a basis for understanding hostilities and broadens the archaeological record for the “seeking” of conflict in a way that has been largely untouched by previous scholars. With broad theoretical reach beyond Mesoamerican archaeology, the book will have wide interdisciplinary appeal and will be important to ethnohistorians, art historians, ethnographers, epigraphers, and those interested in human conflict more broadly.

Music, Structure, Thought: Selected Essays James Hepokoski 2017-07-05 Among the most original and provocative musicological writers of his generation, James Hepokoski has elaborated new paradigms of inquiry for both music history and music theory. Advocating fundamental shifts of methodological reorientation within the quest for potential musical meanings, his work spans both disciplines and offers substantial challenges for each. At its core is the conviction that a close study of musical genres, procedures, and structures those qualities of a composition that are specifically musical is essential to any responsible hermeneutic enterprise. Selected from writings from 1984 to 2008, this collection of essays provides a generous introduction to the author's most innovative and

influential work on a wide variety of topics: musicological methodology, issues of staging and performance, Italian opera, program music, and exemplary studies of individual pieces.

Key Concepts Trevor Pateman 2016-05-05 First published in 1991. The arts can only thrive in a culture where there is conversation about them. This is particularly true of the arts in an education context. Yet often the discussion is poor because we do not have the necessary concepts for the elaboration of our aesthetic responses, or sufficient familiarity with the contending schools of interpretation. The aim of Key Concepts is to engender a broad and informed conversation about the arts. By means of over sixty alphabetically ordered essays, the author offers a map of aesthetics, critical theory and the arts in education. The essays are both informative and argumentative, with cross-references, a supporting

Karl Marx (Routledge Revivals) Max Beer

2013-09-05 First published in English in 1921, this work was originally written by renowned Marxist historian Max Beer to commemorate the centenary of Marx's birth. It is a definitive biography, full of interesting personal details and a clear and comprehensive account of Marx's economic and historical doctrines A special feature of this unique work is the new light thrown on Marx's attitude to the "Dictatorship of the Proletariat" and Bolshevik methods generally.

Foundations of Christianity (Routledge Revivals) Karl Kautsky

2014-01-09 First published in 1925, Karl Kautsky presents a Marxist history of Christianity and Christian society. Divided into four key sections, the book begins by considering the personality of Jesus as portrayed within Pagan and Christian sources and highlighting the Church's difficulty in presenting a unified and concurrent image of Jesus and interpretation of His words. Next, Kautsky analyses the

from via.ramtech.uri.edu on October 3, 2023 by Suny i Paterson

structure of Roman society, with particular emphasis on the slave-holding system, the Roman State and the historiography of the period. In the third section, an early history of the Jewish people is presented, whilst the final section discusses the beginnings of Christianity and the social struggles present within early Christian society. This is a fascinating reissue, which will be of particular interest to students of Church History, Christian theology and the various interpretations of Jesus.

Sociological Impressionism (Routledge Revivals) David Frisby 2013-09-13 When *Sociological Impressionism* was first published in 1981, it was the first comprehensive study on Simmel's social theory to appear in English since 1925. A pioneering work, it did much to bring about the rediscovery of Georg Simmel as one of the key sociologists of the twentieth century. David Frisby provides a provocative introduction to aspects of Simmel's social theory, and a challenging and thought-provoking study of the social and cultural changes of the early twentieth century. *Consciousness Pdf Pdf upload Suny i Paterson*

many interpretations of his work, most notably the view that Simmel produced a formal sociology. By drawing on many little-known essays and pieces by Simmel and his contemporaries, the book locates him within the social and intellectual milieu in which he was working. This is a reissue of the second edition, published in 1992, which includes a new afterword confronting critical responses to the first edition. This is an important work, which will be of interest to students of sociology and social philosophy in Germany in the late nineteenth and early twentieth century. *Property Rights (Routledge Revivals)* Lawrence C. Becker 2014-06-17 *Property Rights: Philosophic Foundations*, first published in 1977, comprehensively examines the general justifications for systems of private property rights, and discusses with great clarity the major arguments as to the rights and responsibilities of property ownership. In particular, the arguments that hold that there are no natural rights are examined. *Downloaded from via.ramtech.uri.edu on October 3, 2023 by Suny i Paterson*

rights derived from first occupancy, labour, utility, liberty and virtue are considered, as are the standard anti-property arguments based on disutility, virtue and inequality, and the belief that justice in distribution must take precedence over private ownership. Lawrence Becker goes on to contend that there are four sound lines of argument for private property that, together with what is sound in the anti-property arguments, must be coordinated to form the foundations of a new theory. He therefore expounds a concise but sophisticated theory of property that is relevant to the modern world, and concludes by indicating some of the implications of his theory.

The Modern Stage and Other Worlds (Routledge Revivals)

Austin E. Quigley
2015-08-11 Modern plays are strikingly diverse and, as a result, any attempt to locate an underlying unity between them encounters difficulties: to focus on what they have in common is often to overlook what is of
Consciousness Pdf Pdf
upload Suny i Paterson

primary importance in particular plays; to focus on their differences is to note the novelty of the plays without increasing their accessibility. In this study, first published in 1985, Austin E. Quigley takes as his paradigm case the relationship between the world of the stage and the world of the audience, and explores various modes of communication between domains. He asks how changes in the structure of the drama relate to changes in the structure of the theatre, and changes in the role of the audience. Detailed interpretations of plays by Pinero, Ibsen, Strindberg, Brecht, Ionesco, Beckett and Pinter question principles about the modern theatre and establish links between drama structure and theatre structure, theme, and performance space.
Marx and Marxism Peter Worsley 2013-08-21 Karl Marx probably had more influence on the political course of the last century than any other social thinker. There are many different kinds of **Marxism, from**
via.ramtech.uri.edu on
October 3, 2023 by Suny i Paterson

the Twentieth Century saw two huge Marxist states in total opposition to one another. In the West, Marxism has never presented a revolutionary threat to the established order, though it has taken root as the major theoretical critique of capitalist society in intellectual circles, and new interpretations of Marx's thought appear each year. Peter Worsley discusses all these major varieties of Marxism, distinguishing between those ideas which remain valid, those which are contestable, and those which should now be discarded.

Rather than treating Marxism purely as a philosophy in the abstract, he concentrates upon the uses to which Marxism has been put and emphasises the connections between the theoretical debates and political struggles in the real world.

Culture and Consensus
(Routledge Revivals) Robert Hewison 2015-06-11 Culture and Consensus, first published in 1995 and a revised edition in

1997, explores the history of the relationship between politics and the arts in Britain

problem must be based on account of the practical foundations within the recipient's own experience for a changed consciousness.

A Companion to British and Irish Cinema John Hill

2019-05-07 A stimulating overview of the intellectual arguments and critical debates involved in the study of British and Irish cinemas British and Irish film studies have expanded in scope and depth in recent years, prompting a growing number of critical debates on how these cinemas are analysed, contextualized, and understood. A Companion to British and Irish Cinema addresses arguments surrounding film historiography, methods of textual analysis, critical judgments, and the social and economic contexts that are central to the study of these cinemas. Twenty-nine essays from many of the most prominent writers in the field examine how British and Irish cinema have been discussed, the concepts and methods used

Routledge Revivals The Foundations Within British and Irish Film Emancipated Consciousness Pdf Pdf upload Suny i Paterson

defining issues and debates at the heart of British and Irish cinema studies. Offering a broad scope of commentary, the Companion explores historical, cultural and aesthetic questions that encompass over a century of British and Irish film studies—from the early years of the silent era to the present-day. Divided into five sections, the Companion discusses the social and cultural forces shaping British and Irish cinema during different periods, the contexts in which films are produced, distributed and exhibited, the genres and styles that have been adopted by British and Irish films, issues of representation and identity, and debates on concepts of national cinema at a time when ideas of what constitutes both ‘British’ and ‘Irish’ cinema are under question. A Companion to British and Irish Cinema is a valuable and timely resource for undergraduate and postgraduate students of film, media, and cultural studies, and for those seeking contemporary commentary on the cinema of

Routledge Library Editions:

Aesthetics Various Authors

2021-02-25 This set reissues 6 books on aesthetics originally published between 1933 and 1991. The volumes provide a clear introduction to classic philosophical accounts of art and beauty, as well as exploring the significance of aesthetics in more recent developments in philosophy. *Advertising, Literature and Print Culture in Ireland, 1891-1922* J.

Strachan 2012-08-07 This is the first study of the cultural meanings of advertising in the Irish Revival period. John Strachan and Claire Nally shed new light on advanced nationalism in Ireland before and immediately after the Easter Rising of 1916, while also addressing how the wider politics of Ireland, from the Irish Parliamentary Party to anti-Home Rule unionism, resonated through contemporary advertising copy. The book examines the manner in which

some of the key authors of the Revival, notably Oscar Wilde and W.B. Yeats, reacted to

Consciousness Pdf Pdf
upload Suny i Paterson

advertising and to the consumer culture around them. Illustrated with over 60 fascinating contemporary advertising images, this book addresses a diverse and intriguing range of Irish advertising: the pages of *An Claidheamh Soluis* under Patrick Pearse's editorship, the selling of the Ulster Volunteer Force, the advertising columns of *The Lady of the House*, the marketing of the sports of the Gaelic Athletic Association, the use of Irish Party politicians in First World War recruitment campaigns, the commemorative paraphernalia surrounding the centenary of the 1798 United Irishmen uprising, and the relationship of Murphy's stout with the British military, Sinn Féin and the Irish Free State.

through his rigorous theories and writings. Upon its original publication in 1988, Christopher Norris' book was the first full-length introduction to de Man, a reading that offers a much-needed corrective to the pattern of extreme antithetical response which marked the initial reception to de Man's writings. Norris addresses de Man's relationship to philosophical thinking in the post-Kantian tradition, his concern with "aesthetic ideology" as a potent force of mystification within and beyond that tradition, and the vexed issue of de Man's politics. Norris brings out the marked shift of allegiance in de Man's thinking, from the thinly veiled conservative implications of the early essays to the engagement with Marx and Foucault on matters of language and politics in the late, posthumous writing. At each stage, Norris raises these questions through a detailed close reading of individual texts which will be welcomed by those who lack any specialised knowledge of de Man's work.

Autonomy and Normativity

Richard Dien Winfield

2017-10-19 This title was first published in 2001. *Autonomy and Normativity* explores central topics in current philosophical debate, challenging the prevailing post-modern dogma that theory, practice and art are captive to contingent historical foundations by showing how foundational dilemmas are overcome once validity is recognized to reside in self-determination. Through constructive arguments covering the principal topics and controversies in epistemology, ethics, and aesthetics, *Autonomy and Normativity* demonstrates how truth, right and beauty can retain universal validity without succumbing to the mistaken Enlightenment strategy of seeking foundations for rational autonomy. Presenting a compact, yet comprehensive statement of a powerful and provocative alternative to the reigning orthodoxies of current

[A Companion to Contemporary Drawing](#) Kelly Chorpene

2020-11-10 The first university-level textbook on the power, condition, and expanse of contemporary fine art drawing. *A Companion to Contemporary Drawing* explores how 20th and 21st century artists have used drawing to understand and comment on the world.

Presenting contributions by both theorists and practitioners, this unique textbook considers the place, space, and history of drawing and explores shifts in attitudes towards its practice over the years. Twenty-seven essays discuss how drawing emerges from the mind of the artist to question and reflect upon what they see, feel, and experience. This book discusses key themes in contemporary

drawing practice, addresses the working conditions and context of artists, and considers a wide range of personal, social, and political considerations that influence artistic choices.

Topics include the politics of eroticism in South American drawing, anti-capitalist drawing from Eastern Europe, drawing and conceptual art, feminist drawing, and exhibitions that have put drawing practices at the centre of contemporary art. This textbook: Demonstrates ways contemporary issues and concerns are addressed through drawing Reveals how drawing is used to make powerful social and political statements Situates works by contemporary practitioners within the context of their historical moment Explores how contemporary art practices utilize drawing as both process and finished artifact Shows how concepts of observation, representation, and audience have changed dramatically in the digital era Establishes

History series, *A Companion to Contemporary Drawing* is a valuable text for students of fine art, art history, and curating, and for practitioners working within contemporary fine art practice.

Herbert Read and Selected Works (Routledge Revivals)

Herbert Read 2022-07-30

Herbert Read and Selected

Works includes four of Herbert Read's most seminal works; *A Coat of Many Colours:*

Occasional Essays, *The English Vision: An Anthology*, *The Tenth Muse: Essays in Criticism* and

The Politics of the Unpolitical.

This collection also includes the title *Herbert Read: A Memorial Symposium* - a collection of essays that illustrates the many different aspects and

achievements of Read's career.

Western Sociologists on Indian Society (Routledge Revivals) G.

R. Madan 2010-01-20

Of the five major sociologists whose views on Indian society are

assessed in this work, originally published in 1979, Marx and

Weber made a special study of the subject and had something

definite to say about the future

of Indian society. Herbert Spencer was primarily concerned with the effects of colonial rule on India's progress, while Durkheim and Pareto tended to observe Indian society from a comparative point of view. However, as this study shows, all five sociologists touched on two special aspects of Indian society - Indian religion and the caste system. The other features of Indian society which they discussed in their various writings range widely from marriage and family structure, through village communities and the social structure of cities, to political organization, the educational system, economic conditions, and the future progress of Indian society. Dr Madan demonstrates the correctness of Marx's contention that the political subordination of India was the one great hindrance to the future progress of Indian Society. He points out, though, that Marx failed to see clearly the effects of the caste system on economic development, and shows that this aspect was

more correctly assessed by Max Weber. On the other hand, in Dr Madan's view, Weber's observation that Indian religion was 'other-worldly' and therefore a great obstacle to progress in Indian society lacked incisiveness. By focusing on a neglected aspect of the writings of five of the great figures in sociology, the book gives a new insight into their work, and at the same time highlights many hitherto unrecognized facets of India's complex social structure.

scholarly literature, this volume examines the role, activities, agency and influence of antique and curiosity dealers as they emerged in the opening decades of the nineteenth century. This study begins at the end of the Napoleonic Wars, when dealers began their wholesale importations of historical objects; it closes during the 1850s, after which the trade became increasingly specialised, reflecting the rise of historical museums such as the South Kensington Museum (V&A). Focusing on the archive of the early nineteenth-century London dealer John Coleman Isaac (c.1803–1887), as well as drawing on a wide range of other archival and contextual material, Mark Westgarth considers the emergence of the dealer in relation to a broad historical and cultural landscape. The emergence of the antique and curiosity dealer was part of the rapid economic, social, political and cultural change of early nineteenth-

and a distinctive and evolving interest in historical objects. This book will be of interest to scholars in art history, histories of collecting, museum and heritage studies and nineteenth-century culture.

The Sociology of Belief
(Routledge Revivals) Keith Dixon 2013-12-19 First published in 1980, this book presents a study of knowledge and the patterns of social and scientific thought. Keith Dixon argues that traditional and contemporary formulations of the sociology of knowledge involve a series of fallacies, and the claim to reduce knowledge to ideology devalues the role of reasoned inquiry. Chapters discuss such areas as the theories of Marx and Mannheim, the sociology of science and of religious belief. With a detailed conclusion analysing the foundations and limits of the sociology of knowledge, this reissue will provide an interesting and useful analysis for students of Sociology.

The Market and its Critics

Thompson 2014-10-03 The Market and Its Critics, first published in 1988, considers the reaction of socialist writers to the growth of the market economy in nineteenth century Britain, and examines in detail the diverse elements of the critique which they formulated. Dr Thompson looks at the theoretic and thematic continuities and discontinuities over the century, structuring his study around the idea of a changing socialist response to the market economy. Much of the literature in question is comprehensive, perceptive and acute. However, the writers invariably discounted the possibility of the market playing a role in a future socialist or communist commonwealth. The solutions they posited to the problem were inapplicable to the increasingly industrial economy of the time. It was this that left their writing vulnerable to attack, and which had profound consequences both for the fate of the socialist

twentieth century.

The Cambridge Revival of Political Economy Nuno

Ornelas Martins 2013-10-23

The marginalist revolution of the late nineteenth century consolidated what Karl Marx and Piero Sraffa called 'vulgar economy', bringing with it an emphasis on a scarcity theory that replaced the classical surplus theory. However, the classical political economy of Adam Smith and David Ricardo has been revived within the Cambridge economic tradition. This book looks at how different branches of the Cambridge economic tradition have focused on various aspects of this revival over time. The author shows that classical political economy is distinct from vulgar political economy in terms of its economic, social, and ethical theory, with each difference resting on an issue of ontology. Structured in three parts, the book examines the central contested aspects of these theories, namely the nature of value, the relationship between human beings and social structure, and the definition

of human wellbeing. The Cambridge Revival of Political Economy will be relevant to students and researchers within the fields of political economy, history of economic thought, politics and philosophy.

Hypersexuality and

Headscarves Damani J.

Partridge 2012 The author

explores citizenship and exclusion in Germany since the fall of the Berlin Wall. He considers cases which regularly provoke violence against those perceived to be different, such as: the situation of Vietnamese guest workers in the former East Germany; images of hypersexualized black bodies reproduced in popular culture and intimate relationships; debates about the use of the

headscarf by Muslim students and teachers.

Marxist Aesthetics Pauline

Johnson 2013-05-13 Originally

published in 1984, this study deals with a number of

influential figures in the

European tradition of Marxist

theories of aesthetics, ranging

from Lukacs to Benjamin,

through the Frankfurt School, to

Brecht and the Althusserians.

Pauline Johnson shows that,

despite the great diversity in

these theories about art, they

all formulate a common

problem, and she argues that

an adequate response to this

problem must be based on

account of the practical

foundations within the

recipient's own experience for a

changed consciousness.
