Brown Girl Dreaming Jacqueline Woodson 2016-10-11 Jacqueline Woodson's National Book Award and Newbery Honor winner is a powerful memoir that tells the moving story of her childhood in mesmerizing verse. A President Obama "O" Book Club pick Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child's soul as she searches for her place in the world. Woodson's eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. Includes 7 additional poems, including "Brown Girl Dreaming." Praise for Jacqueline Woodson: "Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story . . . but a mature exploration of grown-up issues and self-discovery."—The New York Times Book Review

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Archives of Instruction Jean Ferguson Carr 2005-02-21 Both a historical recovery and a critical rethinking of the functions and practices of textbooks, *Archives of Instruction: Nineteenth-Century Rhetorics, Readers, and Composition Books in the United States* argues for an alternative understanding of our rhetorical traditions. The authors describe how the pervasive influence of nineteenth-century literacy textbooks demonstrate the early emergence of substantive instruction in reading and writing. Tracing the histories of widespread educational practices, the authors treat the textbooks as an important means of cultural formation that restores a sense of their distinguished and unique contributions. At the beginning of the nineteenth century, few people in the United States had access to significant school education or to the materials of instruction. By century's end, education was a mass—though not universal—experience, and literacy textbooks were ubiquitous artifacts, used both in home and in school by a growing number of learners from diverse backgrounds. Many of the books have been forgotten, their contributions slighted or dismissed, or they are remembered through a haze of nostalgia as tokens of an idyllic form of schooling. *Archives of Instruction* suggests strategies for re-reading the texts and details the watersheds in the genre, providing a new perspective on the material conditions of schooling, book publication, and emerging practices of literacy instruction. The volume includes a substantial bibliography of primary and secondary works related to literacy instruction at all levels of education in the United States during the nineteenth century.
