### **Dr. Seuss's Sleep Book**

Dr. Seuss 2013-10-22 Catch a case of the yawns with Dr. Seuss in this classic rhyming picture book. Bedtime has never been more fun! A yawn is quite catching, you see. Like a cough. It just takes one yawn to start other yawns off. Dr. Seuss spins a sleep-tastic tale about a very small bug and a very big yawn that spreads and spreads. Meanwhile, the Audio-Telly-o-Tally-o Count adds up every sleeping creature

from the country of Keck to the Castle of Krupp. First one, then seven, all the way to the billions and zillions, the Who's-Asleep-Count just keeps growing and growing! This book is a perfect bedtime story that will have the most reluctant readers laughing, and the most reluctant sleepers snoring! Ninety-nine zillion, nine trillion and two Creatures are sleeping! So...How about you?

*Nefesh HaTzimtzum, Volume 2 Avinoam Fraenkel*

2020-12-29 Nefesh

HaTzimtzum provides the single most comprehensive and accessible presentation of the teachings and worldview of the Vilna Gaon's primary student, Rabbi Chaim Volozhin. It is focused on Rabbi Chaim's magnum opus, Nefesh HaChaim, a work that has lain in almost total obscurity for nearly two centuries due to its deep Kabbalistic subject matter. Nefesh HaTzimtzum opens up the real depth of the ideas presented in Nefesh HaChaim together with all of Rabbi Chaim's related writings, making them accessible to the public for the first time in any language. In addition to the complete English translation of Nefesh HaChaim, Nefesh HaTzimtzum includes the full Hebrew text of Nefesh HaChaim and many other writings by Rabbi Chaim (with correspondingly hyperlinked English and Hebrew texts), along with in-depth explanations, an

overview, an easily consumable innovative presentation layout and a full index. After centuries of confusion, extensive clarification is provided of the central Kabbalistic concept of Tzimtzum, or the secret of how an infinite God occupies a finite world. Most importantly, it unequivocally demonstrates that the key Kabbalists, including the Vilna Gaon, Rabbi Chaim Volozhin and the Baal HaTanya, all unanimously agreed on the underlying principles of the concept of Tzimtzum and that contrary to widespread historical misunderstanding, there was no fundamental dispute about the philosophical principles of Judaism between the Hasidim and the Mitnagdim. Based on this Nefesh HaTzimtzum shows that both Nefesh HaChaim and Sefer HaTanya present the same methodology for serving God which is rooted in their identical understanding of the concept of Tzimtzum.

Nefesh HaTzimtzum is published in two volumes which are sold separately. This companion volume presents a number of important concepts, including the concept of Tzimtzum, which together enable the true depth of Nefesh HaChaim to be understood. It also adds valuable insight by providing the translation of all of Rabbi Chaim Volozhin's published writings which are related to Nefesh HaChaim. Additional related writings are also included together with detailed outlines and a full index for both volumes.

responsible—for providing high-quality library mystery collections to fans. This resource takes you through the complicated process, from creating a mystery story to getting it to the library bookshelf and your patrons—all with clear explanations and no plot twists. Authors, readers, critics, scholars, and librarians give you an interdisciplinary inside look at the production and collection of one of the most popular genres in literature, the mystery. This unique book comprehensively explains how a mystery story journeys a surprisingly winding way to reach an avid reading public. No red herrings here though.

Acquisitions and collection development resources are provided along with effective strategies that will help librarians to sift through the clues on how to bring life to their mystery collections. Examinations of various subgenres of the mystery are provided, such

place shared through word of mouth like the myths of old. In *Guarded by Dragons*, Gekoski invites readers into this enchanted world as he reflects on the gems he has unearthed throughout his career. He takes us back to where his love of collecting began - perusing D.H. Lawrence first editions in a slightly suspect Birmingham carpark. What follows are dizzying encounters with literary giants as Gekoski publishes William Golding, plays ping-pong with Salman Rushdie and lunches with Graham Greene. A brilliant stroke of luck sees Sylvia Plath's personal copy of *The Great Gatsby* fall into Gekoski's lap, only for him to discover the perils of upsetting a Poet Laureate when Ted Hughes demands its return. Hunting for literary treasure is not without its battles and Gekoski boldly breaks the cardinal rule never to engage in a lawsuit with someone much richer than yourself, while also guarding

his bookshop from the most unlikely of thieves. The result is an unparalleled insight into an almost mythical world where priceless first editions of *Ulysses* can vanish, and billionaires will spend as much gold as it takes to own the manuscript of J.K. Rowling's *Tales of Beedle the Bard*. Engaging, funny and shrewd, *Guarded by Dragons* is a fascinating discussion on value and worth. At the same time, Gekoski artfully reveals how a manuscript can tell a thousand stories.

over again. The idea that books had stories associated with them that had nothing to do with the stories inside them was new to us. We had always valued the history, the world of ideas contained between the covers of a book or, as in the case of *The Night Visitor*, some special personal significance. Now, for the first time, we began to appreciate that there was a history and a world of ideas embodied by the books themselves. Part travel story, part love story, and part memoir, Lawrence and Nancy Goldstone's *Used and Rare* provides a delightful love letter to book lovers everywhere.

work for Shakespeareans', *Shakespeare in Print* is now issued in a revised and expanded edition offering a wealth of new material, including a chapter which maps the history of digital editions from the earliest computer-generated texts to the very latest digital resources. Murphy's narrative offers a masterful overview of the history of Shakespeare publishing and editing, teasing out the greater cultural significance of the ways in which the plays and poems have been disseminated and received over the centuries from Shakespeare's time to our own. The opening chapters have been completely rewritten to offer close engagement with the careers of the network of publishers and printers who first brought Shakespeare to print, additional material has been added to all chapters, and the chronological appendix has been updated and expanded.
