saints, and mystics, this selection of poems is a collective expression of universal heart-filled wisdom. The poems span a wide range of cultures and civilizations – from India to Europe, Japan, and the Middle East – and each one offers a unique perspective about the path to awakening. Some of the poems express belief in a higher being. Some convey instantaneous awakening. Others lead the reader down a disciplined path of contemplation. Ordered according to a broad interpretation of the heart-centered chakra model, these remarkable poems guide the reader toward realization and offer timeless jewels of insight to spark awakening and enrich spiritual practice.

soldier picked up his sword to slaughter, the Sufi stood up to confront the politics of the day with a song.’ The Book of Nizamuddin Aulia reveals the life and teachings of the most beloved and revered of medieval Sufi saints. Nizamuddin Aulia was born in 1236, in great poverty. He grew up in a tumultuous world and saw three dynasties and seven sultans wreak havoc over an entire nation in the name of religion. Staying away from the corridors of power, the mystic chose instead to dedicate his life to the Sufi vision of love and spiritual enlightenment and to serving the needs of the poor. If Muinuddin Chishti introduced Sufism to India, Nizamuddin helped spread his message across the country as the head of the Chishti Sufi order. Even today, he is remembered

Sufi Narratives of Intimacy Sa'diyya Shaikh 2012-03-05 Thirteenth-century Sufi poet, mystic, and legal scholar Muhyi al-Din ibn al-'Arabi gave deep and sustained attention to gender as integral to questions of human existence and moral personhood. Reading his works through a critical feminist lens, Sa'diyya Shaikh opens fertile spaces in which new and creative encounters with gender justice in Islam can take place. Grounding her work in Islamic epistemology, Shaikh attends to the ways in which Sufi metaphysics and theology might allow for fundamental shifts in

Islamic gender ethics and legal formulations, addressing wide-ranging contemporary challenges including questions of women's rights in marriage and divorce, the politics of veiling, and women's leadership of ritual prayer. Shaikh deftly deconstructs traditional binaries between the spiritual and the political, private conceptions of spiritual development and public notions of social justice, and the realms of inner refinement and those of communal virtue. Drawing on the treasured works of Sufism, Shaikh raises a number of critical questions about the nature of selfhood, subjectivity, spirituality, and society to contribute richly to the prospects of Islamic feminism as well as feminist ethics more broadly.

Malik 2006-04-18 With the increasing Muslim diaspora in post-modern Western societies, Sufism – intellectually as well as sociologically – may eventually become Islam itself due to its versatile potential. Although Sufism has always provoked considerable interest in the West, no volume has so far been written which discusses this aspect of Islam in terms of how it is practised in Western societies. Bringing together leading international authorities to survey the history of Islamic mysticism in North America and Europe, this book elaborates the ideas and institutions which organize Sufism and folk-religious practices. The chapters cover: the orders and movements their social base organization and institutional development

Sufi paths of mysticism and devotion, motivated by Islamic ideals, are still chosen by men and women in countries from Morocco to China, and there are nearly one hundred orders around the world, eighty of which are present and thriving in the United States. The Chishti Sufi order has been the most widespread and popular of all Sufi traditions since the twelfth-century. Sufi Martyrs of Love offers a critical perspective on Western attitudes towards Islam and Sufism, clarifying its contemporary importance, both in the West and in traditional Sufi homelands. Rabi'a From Narrative to Myth Rkia Elaroui

Cornell 2019-01-03

Rabi'a al-'Adawiyya is a figure shrouded in myth. Certainly a woman by this name was born in Basra, Iraq, in the eighth century, but her life remains recorded only in legends, stories, poems and hagiographies. The various depictions of her – as a deeply spiritual ascetic, an existentialist rebel and a romantic lover – seem impossible to reconcile, and yet Rabi'a has

narratives to become a global symbol of both Sufi and modern secular culture. In this groundbreaking study, Rkia Elaroui Cornell traces the development of these diverse narratives and provides a history of the iconic Rabi'a's construction as a Sufi saint. Combining medieval and modern sources, including evidence never before examined, in novel ways, Rabi'a From Narrative to Myth is the most significant work to emerge on this quintessential figure in Islam for more than seventy years.
