**TIP 35: ENHANCING MOTIVATION FOR CHANGE IN SUBSTANCE USE DISORDER TREATMENT (UPDATED 2019)** U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES 2019-11-19 MOTIVATION IS KEY TO SUBSTANCE USE BEHAVIOR CHANGE. COUNSELORS CAN SUPPORT CLIENTS' MOVEMENT TOWARD POSITIVE CHANGES IN THEIR SUBSTANCE USE BY IDENTIFYING AND ENHANCING MOTIVATION THAT ALREADY EXISTS. MOTIVATIONAL APPROACHES ARE BASED ON THE PRINCIPLES OF PERSON-CENTERED COUNSELING. COUNSELORS' USE OF EMPATHY, NOT AUTHORITY AND POWER, IS KEY TO ENHANCING CLIENTS' MOTIVATION TO CHANGE. CLIENTS ARE EXPERTS IN THEIR OWN RECOVERY FROM SUDs. COUNSELORS SHOULD ENGAGE THEM IN COLLABORATIVE PARTNERSHIPS. AMBIVALENCE ABOUT CHANGE IS NORMAL. RESISTANCE TO CHANGE IS AN EXPRESSION OF AMBIVALENCE ABOUT CHANGE, NOT A CLIENT TRAIT OR CHARACTERISTIC. CONFRONTATIONAL APPROACHES INCREASE CLIENT RESISTANCE AND DISCORD IN THE COUNSELING RELATIONSHIP. MOTIVATIONAL APPROACHES EXPLORE AMBIVALENCE IN A NONJUDGMENTAL AND COMPASSIONATE WAY.

**THE GRAND DOMESTIC REVOLUTION** Dolores Hayden 1982-06-17 "This is a book that is full of things I have never seen before, and full of new things to say about things I thought I knew well. It is a book about houses and about culture and about how each affects the other, and it must stand as one of the major works on the history of modern housing." - PAUL GOLDBERGER, The New York Times Book Review Long before Betty Friedan wrote about "the problem that had no name" in *The Feminine Mystique*, a group of American feminists whose leaders included Melusina Fay Peirce, Mary Livermore, and Charlotte Perkins Gilman campaigned against women's isolation in the home and confinement to domestic life as the basic cause of their unequal position in society. The Grand Domestic Revolution reveals the innovative plans and visionary strategies of these persistent women, who developed the theory and practice of what Hayden calls "material feminism" in pursuit of economic independence and social equality. The material feminists' ambitious goals of socialized housework and child care meant revolutionizing the American home and creating community services. They raised fundamental questions about the relationship of men, women, and children in industrial society. Hayden analyzes the utopian and pragmatic sources of the feminists' programs for domestic reorganization and the conflicts over class, race, and gender they encountered. This history of a little-known intellectual tradition challenging patriarchal notions of "women's place" and "women's work" offers a new interpretation of the history of American feminism and a new interpretation of the history of American housing and urban design. Hayden shows how the material feminists' political ideology led them to design physical space to create housewives' cooperatives, kitchenless houses, day-care centers, public kitchens, and community dining halls. In their insistence that women be paid for domestic labor, the material feminists won the support of many suffragists and of novelists such as Edward Bellamy and William Dean Howells, who helped popularize their cause. Ebenezer Howard, Rudolph Schindler, and Lewis Mumford were among the many progressive architects and planners who promoted the reorganization of housing and neighborhoods around the needs of employed women. In reevaluating these early feminist plans for the environmental and economic transformation of American society and in recording the vigorous and many-sided arguments that evolved around the issues they raised, Hayden brings to light basic economic and spatial contradictions which outdated forms of housing and inadequate community services still create for American women and for their families.

**Roll Models** Richard Holicky 2004 "I thought life was pretty much over." Paul Herman "I was afraid people wouldn't see me for who I still was." Cathy Green "I didn't need this to be a better person." Susan Douglas "I wasn't sure I wanted to live" this way. Kevin Wolitzky The above four people and 49 more just like them went on to find high levels of success and lead satisfying lives. Together they tell 53 stories of moving forward to meet all the challenges, fears, obstacles, and problems common to the life-altering circumstances after spinal cord injury, and doing it without benefit of wealth, large settlements or solid health coverage. Ranging in age from 21 to 67, disabled from three to 48 years they share 931 years of disability experience. Roll Models is a valuable new resource for recently injured people and their families, and for nurses, therapists, psychologists and all other professionals who treat, work with and care for people with spinal cord injury. Straight from the horse's mouth, survivors explore their experiences with disability and answer many questions those in rehab are asking. Early Thoughts What were your thoughts immediately following injury? What were your initial thoughts and reactions regarding SCI and the future? The First Years What were your biggest fears during that first year or so? How did you get past those early fears? Changes, Obstacles and Solutions How much different are you now, compared to how you were before injury? What's been the biggest obstacle? How did you address these obstacles? Finding What Works What have been the most difficult things for you to deal with since injury? What's the worst thing about having an SCI and using a chair? What's been your biggest loss due to injury? Is SCI the worst thing that ever happened to you? Tell me something about your problem solving skills. How do you deal with stress? What do you do to relieve stress? Salvations, Turning Points and More Was there any one thing that was your "salvation" or key to your success? Was there a turning point for you when you began to feel things were going to get better? What personal factors, habits and beliefs have helped you the most? SCI and Meaning Do you find any meaning, purpose or lessons in your disability? Did any positive opportunities come your way because of your injury? What's your greatest accomplishment? What are you most proud of? A wonderful roadmap with many alternate routes to living and thriving with SCI. Minna Hong, SCI survivor and Peer Support Coordinator/Vocational Liaison, Shepherd Center "Avoids the trap of providing a "one size fits all mentality" and provides solutions as varied as the individuals used as examples. Accentuates the positives while not sugar coating the difficulties. Essential reading." Filled with examples of real people and their real experiences." This certainly hits the mark in capturing important survival strategies." Jack Dahlberg, SCI survivor, Past President of the National Spinal Cord Injury Association "Artfully crafted and organized,

Roll Models sensitively portrays life following spinal cord injury. Informative, creative, sensitive, as well as infused with humor and a kind heart. Recommended with my highest accolades." Lester Butt, Ph.D., ABPP, Director of the Department of Psychology, Craig Hospital. Humiliation, Degradation, Dehumanization Paulus Kaufmann 2010-10-07 Degradation, dehumanization, instrumentalization, humiliation, and nonrecognition – these concepts point to ways in which we understand human beings to be violated in their dignity. Violations of human dignity are brought about by concrete practices and conditions; some commonly acknowledged, such as torture and rape, and others more contested, such as poverty and exclusion. This volume collates reflections on such concepts and a range of practices, deepening our understanding of human dignity and its violation, bringing to the surface interrelationships and commonalities, and pointing to the values that are thereby shown to be in danger. In presenting a streamlined discussion from a negative perspective, complemented by conclusions for a positive account of human dignity, the book is at once a contribution to the body of literature on what dignity is and how it should be protected as well as constituting an alternative, fresh and focused perspective relevant to this significant recurring debate. As the concept of human dignity itself crosses disciplinary boundaries, this is mirrored in the unique range of perspectives brought by the book's European and American contributors – in philosophy and ethics, law, human rights, literature, cultural studies and interdisciplinary research. This volume will be of interest to social and moral philosophers, legal and human rights theorists, practitioners and students.

**Speculative Everything** Anthony Dunne 2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose "what if" questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food ~~background~~ use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

**The Wolf of Wall Street** Jordan Belfort 2007-09-25 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE DIRECTED BY MARTIN SCORSESE AND STARRING LEONARDO DiCAPRIO By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* "Raw and frequently hilarious."—The New York Times "A rollicking tale of Jordan Belfort's rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives."—Forbes "A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *Goodfellas* . . . Belfort has the Midas touch."—The Sunday Times (London) "Entertaining as pulp fiction, real as a federal indictment. . . . A hell of a read."—Kirkus Reviews
