Brando's Smile: His Life, Thought, and Work Susan L. Mizruchi 2014-06-23 A groundbreaking work that reveals how Marlon Brando shaped his legacy in art and life. When people think about Marlon Brando, they think of the movie star, the hunk, the scandals. In Brando's Smile, Susan L. Mizruchi reveals the Brando others have missed: the man who collected four thousand books; the man who rewrote scripts, trimming his lines to make them sharper; the man who consciously used his body and employed the objects around him to create believable characters; the man who loved Emily Dickinson's poetry. To write this biography, Mizruchi gained unprecedented access to a vast number of annotated books from Brando's library, hand-edited copies of screenplays, private letters, and recorded interviews that have never before been quoted in a biography. Original interviews with some of the still-living players from Brando's life, including Ellen Adler, his one-time girlfriend and the daughter of his acting teacher Stella Adler, provide even deeper insight into the complex person whose intelligence belied the high-school dropout. Mizruchi shows how Brando's embrace of foreign cultures and social outsiders led to his brilliant performances in unusual roles—a gay man, an Asian, a German

soldier—to test himself and to foster empathy on a global scale. We also meet the political Brando: the civil rights activist, the close friend of James Baldwin, the actor who declined his Oscar to support Indian rights. More than seventy stunning—and many rare—photographs of Marlon Brando illuminate this portrait of the man who has left an astounding cultural legacy.

Persuasion and Rhetoric Carlo Michelstaedter 2004 This translation of Carlo Michelstaedter's Persuasion and Rhetoric brings the powerful and original work of a seminal cultural figure to English-language readers for the first time. Ostensibly a commentary on Plato's and Aristotle's relation to the pre-Socratic philosophers, Michelstaedter's deeply personal book is an extraordinary rhetorical feat that reflects the author's struggle to make sense of modern life. This edition includes an introduction discussing his life and work, an extensive bibliography, notes to introduce each chapter, and critical notes illuminating the text. Within hours of completing Persuasion and Rhetoric, his doctoral thesis, 23-year-old Michelstaedter shot himself to death. The text he left behind has proved to be one of the most trenchant and influential studies in modern rhetoric, a work that develops Nietzschean themes and anticipates the conclusions of, among others, Martin Heidegger. Publication of the book in English is an event of great magnitude for students of Italian philosophy, rhetoric, and literature as well as the culture of Mitteleuropa.

The Selected Poetry and Prose of Vittorio Sereni Vittorio Sereni 2008-09-15 One of the most important Italian poets of the last century, Vittorio Sereni (1913–83) wrote with a historical awareness unlike that of any of his contemporaries. A poet of both personal and political responsibility, his work sensitively explores life under fascism, military defeat and imprisonment, and the resurgence of extreme right-wing politics, as well as the roles played by love and friendship in the survival of humanity. The first substantial translation of Sereni's oeuvre published anywhere in the world, The Selected Poetry and Prose of Vittorio Sereni is a unique guide to this twentieth-century poet. A bilingual edition, reissued in paperback for the poet's centenary, it collects Sereni's poems, criticism, and short fiction with a full chronology, commentary, bibliography, and learned introduction by British poet and scholar Peter Robinson.

SOLOMON'S TOUCH June Naugle 2005-08-26 SOLOMON J. WICKEY · Member of the Old Order Amish faith · Iridologist · Master Herbalist · Born with a God-given gift to heal · Falsely accused of practicing medicine without a license · Widely known throughout the USA and world · Breeds and raises registered Standardbred horses · Happy, fun loving, musician, carpenter, gardener, fisherman; devoted husband, father, brother, friend. Historically, when God decides to send mankind in a new direction, He sends a messenger, or sometimes an entire army to lead the way. Although for thousands of years messengers have been trying to show people the way to achieve perfect, optimal health, each has presented it in a different way, and since God will not be denied, we can expect legions of new messengers shouting with even stronger voices until they finally "get it." Solomon J. Wickey was sent to deliver the most profound message of all; tap into God's power to heal by sending a coded signal to the body via silent thought. Solomon has successfully demonstrated this method by restoring health where there was little, if any, hope, and improving the quality of life for tens of thousands. The mere possibility of achieving instant results without pain or debilitating side effects, is exciting for those willing to take charge of their own lives; their own health.

Genes, Fossils, and Behaviour Peter Donnelly 2001 While the basic pattern of hominid evolution is well documented, the recent evolutionary history of homo sapiens is less clear. Application of molecular genetics techniques has great potential for resolving issues over this period, but as the complexity of such data increases, the quantitative methods used for its analysis are becoming more important. This phase is also one of the richest for biological and behavioural evidence derived from both fossils and archaeology. The book will contain expository and state-of-the-art research

contributions from experts in these diverse areas, covering data and its interpretation, and experimental and analytical techniques.

Kumba Africa Sampson Ejike Odum 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.
