*Essentials of Corporate Finance* Stephen A. Ross 2019  
Essentials of Corporate Finance provides students with a

succinct introduction to the principles and practices of corporate and business finance. Based on the popular US text, now in its 10th edition, this book retains the

interactive Ross style, focusing on key concepts and incorporating a range of local and global case studies. New to this Edition, one of the most important updates is the introduction of the new structure of solved examples-Problem, Model to use, Solution. All examples first present the problem, identify the model to solve it and then provide the reader with the actual solution. -- publisher website.
