In Session Tonight Ken Garner 1993 The Radio 1 archives hold a wealth of largely unreleased recordings by many of the biggest names in rock and pop. This is the story of these sessions and how they have helped to set musical trends over the last 25 years, with selections from each period to represent the enormous range of styles recorded, and revelations of behind-the-scenes events. The book includes a detailed reference guide to the recordings - band line-ups, session transmission dates, recording dates, track listings and other relevant data - and there is also a complete reference list of all the live music recorded for The John Peel Show.

The Devil's Landscape Ken McClure 2017-12-12 Dr Steven Dunbar, ex Special Forces medic and chief investigator with the Sci-Med Inspectorate, comes across apparent interference with front-line medical research in the UK. Funding for Professor Dorothy Lindstrom, a leading neuroscientist who has recently returned home to the UK after a tragic fire took the lives of two of her young colleagues at Yale University, has been completely blocked. Professor Lindstrom, a feisty character who has made more than a few enemies over the years, and her research group, who have been making dramatic progress in the new field of epigenetics which deals with genetic influences on human behaviour are upset and angry but feel helpless. One of the group, Dr Owen Barrowman who has been looking for

genetic and biochemical differences in convicted psychopathic killers held in secure establishments across the UK is particularly upset as he believes he is on the brink of a major discovery. He is determined to complete his research before the money runs out despite Steven's warning about the dangers of being continually exposed to evil. His warnings go unheeded with tragic consequences.
