The programme is based on the Drumsense books, which take the complete novice through the basics of drumkit playing, like a foundation course. It is this programme that sets the contemporary standard for drumkit teaching which will be used by modern teachers across the country. It is also the first programme to be aimed at private and peripatetic (schools) teachers. If a Drumkit student is having lessons at school, using the Drumsense books, but decides to switch to private lessons, he or she simply looks for a teacher using the Drumsense programme, and continues from where they left off with the new teacher. Or, if a student is having private lessons in Southampton, and decides to move home to Glasgow, lessons can continue with a Drumsense teacher in that area. then a teacher trained in the Drumsense programme could 'fill

Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals.
