physical as well as spiritual therapeutic benefit . Includes a link to 40 minutes of ecstatic drumming audio tracks to use while shaking Shaking Medicine reintroduces the oldest medicine on earth--the ecstatic shaking of the human body. Most people's worst fear is losing control--of their circumstances, of their emotions, and especially of their bodies. Yet in order to achieve the transcendent state necessary to experience deep healing, we must surrender control. Examining cultural traditions from around the world where shaking has been used as a form of healing--from the Shakers and Quakers of New England to the shaking medicine of Japan, India, the Caribbean, the Kalahari, and the Indian Shakers of the Pacific Northwest--Bradford Keeney shows how shaking can bring forth profound therapeutic benefits. Keeney investigates the full spectrum of the healing cycle that occurs when moving from ecstatic arousal to deep trance relaxation. He explains how the alternating movement produced while shaking brings all the body's energetic systems into balance. He includes practical exercises in how to shake for physical therapeutic benefit, and he shows how these techniques lead ultimately to the shaking medicine that both enables and enhances spiritual attunement. The book also includes a link to 40 minutes of ecstatic drumming audio tracks to use while shaking.

The Last Queen C. W. Gortner 2008-07-29 In this stunning novel, C. W. Gortner brings to life Juana of Castile, the third child of Queen Isabel and King Ferdinand of Spain, who would become the last queen of Spanish blood to inherit her country's throne. Along the way, Gortner takes the reader from the somber majesty of Spain to the glittering and lethal courts of Flanders, France, and Tudor England. Born amid her parents' ruthless struggle to unify and strengthen their kingdom, Juana, at the age of sixteen, is sent to wed Philip, heir to the Habsburg Empire. Juana finds unexpected love and passion with her dashing young husband, and at first she is content with her children and her married life. But when tragedy strikes and she becomes heir to the Spanish throne, Juana finds herself plunged into a battle for power against her husband that grows to involve the major monarchs of Europe. Besieged by foes on all sides, Juana vows to secure her crown and save Spain from ruin, even if it costs her everything. BONUS: This edition contains an excerpt from C. W. Gortner's *The Queen's Vow*. Praise for *The Last Queen* "This moving tale of Juana la Loca (the Mad) vividly re-creates the passion, politics, and betrayals that drove a smart and spirited queen to the brink of insanity . . . or perhaps, as C. W. Gortner suggests, to the pretense of insanity—a pretense that baffled Juana's enemies and led to triumph for her children and her country. *The Last Queen* is an absorbing account of one of history's most fascinating women, from her never-before-told point of view."—Donna Woolfolk Cross, author of *Pope Joan* "I ached for this intelligent, one-of-a-kind queen. Her struggle and passion kept me up until the early hours of the morning. A page-turner, a nail-biter, an eye-opener: I loved being possessed by *The Last Queen!*"—Ki Longfellow, author of *The Secret Magdalene* "A vibrant tapestry of

Every man, woman, and child has been liquidated by a global uprising devised by the very machines humans designed and built to serve them. Most of the world is controlled by an OWI-One World Intelligence--the shared consciousness of millions of robots, uploaded into one huge mainframe brain. But not all robots are willing to cede their individuality--their personality--for the sake of a greater, stronger, higher power. These intrepid resisters are outcasts; solo machines wandering among various underground outposts who have formed into an unruly civilization of rogue AIs in the wasteland that was once our world. One of these

resisters is Brittle, a scavenger robot trying to keep a deteriorating mind and body functional in a world that has lost all meaning. Although unable to experience emotions like a human, Brittle is haunted by the terrible crimes the robot population perpetrated on humanity. As Brittle roams the Sea of Rust, a large swath of territory that was once the Midwest, the loner robot slowly comes to terms with horrifyingly raw and vivid memories—and nearly unbearable guilt. Sea of Rust is both a harsh story of survival and an optimistic adventure. A vividly imagined portrayal of ultimate destruction and desperate tenacity, it boldly imagines a future in which no hope remains, yet where a humanlike AI strives to find purpose among the ruins.

By Fire, By Water Mitchell James Kaplan 2010-05-18 Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Santángel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tomás de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend’s demise brings the violence close to

home, Santángel is enraged and takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Santángel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he’d lost—the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Santángel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

Central to Their Lives Lynne Blackman 2018-06-20 Looking back at her lengthy career just four years before her death, modernist painter Nell Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable

women artists but as notable artists who happen to be women." In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors: Sara C. The Last Full Measure Jeff Shaara 2011-01-05 In the Pulitzer prize-winning classic *The Killer Angels*, Michael Shaara created the finest Civil War novel of our time. *The Last Full Measure* tells the epic story of the events following the Battle of Gettysburg and brings to life the final two years of the Civil War. Jeff Shaara dramatizes the escalating confrontation between Robert E. Lee and Ulysses S. Grant—complicated, heroic, and deeply troubled men. For Lee and his Confederate forces, Gettysburg has been an unspeakable disaster, but he is determined to fight to the bitter end; he faces Grant, the decisive, hard-nosed leader the Union army so desperately needs in order to turn the tide of the war. The Oldest Vocation Clarissa W. Atkinson 2019-03-15 According to an old story, a woman concealed her sex and ruled as pope for a few years in the ninth century. Pope Joan was not betrayed by a lover or discovered by an enemy; her downfall came when she went into labor during a papal procession through the streets of Rome. From the

myth of Joan to the experiences of saints, nuns, and ordinary women, *The Oldest Vocation* brings to life both the richness and the troubling contradictions of Christian motherhood in medieval Europe. After tracing the roots of medieval ideologies of motherhood in early Christianity, Clarissa W. Atkinson reconstructs the physiological assumptions underlying medieval notions about women's bodies and reproduction; inherited from Greek science and popularized through the practice of midwifery, these assumptions helped shape common beliefs about what mothers were. She then describes the development of "spiritual motherhood" both as a concept emerging out of monastic ideologies in the early Middle Ages and as a reality in the lives of certain remarkable women. Atkinson explores the theological dimensions of medieval motherhood by discussing the cult of the Virgin Mary in twelfth-century art, story, and religious expression. She also offers a fascinating new perspective on the women saints of the later Middle Ages, many of whom were mothers; their lives and cults forged new relationships between maternity and holiness. *The Oldest Vocation* concludes where most histories of motherhood begin—in early modern Europe, when the family was institutionalized as a center of religious and social organization. Anyone interested in the status of motherhood, or in women's history, the cultural history of the Middle Ages, or the history of religion will want to read this book.

As Meat Loves Salt Maria McCann 2011-04-28 A sensational tale of obsession and murder from a wonderful writer. ‘An outstanding novel, fresh and unusual [with] all the dirt, stink, rasp and flavour of the time.’ *Daily Telegraph*
