political theory questions undergirding the issue of self-neglect by seniors. It also underscores the importance of limited government, the necessity of granting American citizens their individual rights, and the critical need to stop classifying self-neglect as abuse. This is an ideal read for graduate and undergraduate students, scholars, practitioners of health care and geriatrics, social workers, and lawyers. Most importantly, this book will appeal to those directly affected by the problem—family, friends, and social work professionals—by giving them a broader understanding of this complex social issue and how to best respond to it.

bestselling author of Blink and The Tipping Point, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique. A Legal and Political Interpretation of Articles 224 and 225 of the Treaty of Rome Constantin Stefanou 2018-12-12 First published in 1997. Article 224 is one of the most powerful Articles of the Treaty of Rome, allowing a member state to take unilateral measures and to suspend some or all its Treaty-based obligations in times of what can loosely be described as serious internal turmoil or external threat. It is for this reason that the very next Article of the Treaty, Article 225, allows the Commission or a member state to challenge invocation of Art.224, before

Justice (ECJ), on grounds of improper use. In practice, the use of Art.224, by a member state presents multiple problems. The obvious connection with defence and security issues has inhibited the ECJ which still has not given an authentic interpretation of this Article. As the recent former Yugoslav Republic of Macedonia (FYROM) cases (Greek referral for the embargo on FYROM) indicate, unless the use of Art.224 is blatantly flippant, the ECJ is not in a position to challenge a member state's unilateral measures.

And Margaret is an outsider: she has forgotten the language and stories of her people, and she can’t even stomach the food her mother prepares. However, Margaret gradually relearns her language and her family’s way of living. Along the way, she discovers how important it is to remain true to the ways of her people — and to herself. Highlighted by archival photos and striking artwork, this first-person account of a young girl’s struggle to find her place will inspire young readers to ask what it means to belong.

particular asking: when and how do legitimacy crises affect international organizations and their capacity to rule. The book starts with a new conceptualization of legitimacy crisis that looks at public challenges from a variety of actors. Based on this conceptualization, it applies a mixed-methods approach to identify and examine legitimacy crises, starting with a quantitative analysis of mass media data on challenges of a sample of 32 IOs. It shows that some, but not all organizations have experienced legitimacy crises, spread over several decades from 1985 to 2020. Following this, the book presents a qualitative study to further examine legitimacy crises of two selected case studies: the WTO and the UNFCCC. Whereas earlier research assumed that legitimacy crises have negative consequences, the book introduces a theoretical framework that privileges

the activation inherent in a legitimacy crisis. It holds that this activation may not only harm an IO, but could also strengthen it, in terms of its material, institutional, and decision-making capacity. The following statistical analysis shows that whether a crisis has predominantly negative or positive effects depends on a variety of factors. These include the specific audience whose challenges define a certain crisis, and several institutional properties of the targeted organization. The ensuing in-depth analysis of the WTO and the UNFCCC further reveals how legitimacy crises and both positive and negative consequences are interlinked, and that effects of crises are sometimes even visible beyond the organizational borders.

Easygoing and reckless, Tex, likes everyone and everything, especially his horse, Negrito, and Johnny Collins' blue-eyed sister, Jamie. Life with his older brother, Mason, would be just about perfect if only he would stop complaining about Pop, who hasn't been home in five months. While Mason worries about paying the bills and getting a basketball scholarship--his ticket out of Oklahoma--Tex just seems to attract trouble. When everything seems to be falling apart, how can Tex find a way to keep things together?

The Tiger Rising Kate DiCamillo 2009-09-08 A National Book Award finalist by Newbery Medalist Kate DiCamillo. Walking through the misty Florida woods one morning, twelve-year-old Rob Horton is stunned to encounter a tiger—a real-life, over-the-cage tiger—pacing

back and forth in a cage. What's more, on the same extraordinary day, he meets Sistine Bailey, a girl who shows her feelings as readily as Rob hides his. As they learn to trust each other, and ultimately, to be friends, Rob and Sistine prove that some things—like memories, and heartache, and tigers—can't be locked up forever. Featuring a new cover illustration by Stephen Walton and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale. Taming the Star Runner S.E. Holy Envy Barbara Brown Taylor 2019-03-30 The renowned Christian preacher and New York Times bestselling author of *An Altar in the World* recounts her moving discoveries of finding the sacred in unexpected places while teaching world religions to undergraduates in Baptist-saturated rural Georgia, revealing how God delights in confounding our expectations. Christians are taught that God is everywhere--a tenet that is central to Barbara Brown Taylor's life and faith. In *Holy Envy*, she continues her spiritual journey, contemplating the myriad ways she encountered God while exploring other faiths

classroom, and on field trips to diverse places of worship. Both she and her students ponder how the knowledge and insights they have gained raise important questions about belief, and explore how different practices relate to their own faith. Inspired by this intellectual and spiritual quest, Barbara turns once again to the Bible for guidance, to see what secrets lay buried there. Throughout *Holy Envy*, Barbara weaves together stories from her classroom with reflections on how her own spiritual journey has been challenged and renewed by connecting with people of other traditions--and by meeting God in them. At the heart of her odyssey is her trust that it is God who pushes her beyond her comfortable boundaries and calls us to "disown" our privatized versions of the divine--a change that ultimately deepens her relationship with both the world and with God, and

2019-04-05 The Language of Patient Feedback provides a unique insight into a diverse range of issues related to healthcare. Through the comprehensive and detailed interrogation of 29 million words of online patient feedback on the NHS in England, as well as 11 million words of responses to the feedback from NHS providers, this book: Uses a combination of computer-assisted and human analysis (Corpus-Assisted Discourse Analysis) to examine the extent to which characteristics like age and gender result in different types of evaluation. Investigates why nurses, doctors, dentists and receptionists are associated with very distinct types of feedback. Demonstrates the ways that NHS staff respond to comments and what this reveals about underlying institutional ideologies and practices. Concludes with suggestions for key recommendations.

He doesn't remember hitting his head. He doesn't, in fact, remember anything. He wakes up in a hospital room and suddenly has to learn his whole life all over again . . . starting with his own name. He knows he's Chase. But who is Chase? When he gets back to school, he sees that different kids have very different reactions to his return. Some kids treat him like a hero. Some kids are clearly afraid of him. One girl in particular is so angry with him that she pours her frozen yogurt on his head the first chance she gets. Pretty soon, it's not only a question of who Chase is --

it's a question of who he was . . . and who he's going to be. From the #1 bestselling author of Swindle and Slacker, Restart is the spectacular story of a kid with a messy past who has to figure out what it means to get a clean start.

Fatty Legs Christy Jordan-Fenton 2010-09-01 Eight-year-old Margaret Pokiak has set her sights on learning to read, even though it means leaving her village in the high Arctic. Faced with unceasing pressure, her father finally agrees to let her make the five-day journey to attend school, but he warns Margaret of the terrors of residential schools. At school Margaret soon encounters the Raven, a black-cloaked nun with a hooked nose and bony fingers that resemble claws. She immediately dislikes the strong-willed young Margaret. Intending to humiliate her, the heartless Raven gives gray stockings to all the girls — all except Margaret, who

gets red ones. In an instant Margaret is the laughingstock of the entire school. In the face of such cruelty, Margaret refuses to be intimidated and bravely gets rid of the stockings. Although a sympathetic nun stands up for Margaret, in the end it is this brave young girl who gives the Raven a lesson in the power of human dignity.

Complemented by archival photos from Margaret Pokiak-Fenton's collection and striking artworks from Liz Amini-Holmes, this inspiring first-person account of a plucky girl's determination to confront her tormentor will linger with young readers.

Alienation From Schooling (1986)

school with an academic tradition in the suburbs of a large city. The material is drawn together to discuss and describe the issues revealed by the studies: these include discipline, boredom, staff-student relations, and the relevance of school work to the outside world. The book includes interviews with both students and teachers, recording the reactions of students to the way they are being taught, and their views on whether it is worth working hard at school when there is no certainty of a job at the end of it. The philosophy of the teachers emerges in the interviews, as do their views on the prospect of changing students' attitudes from those acquired at home, and on the need for vocational rather than academic courses. What also comes out in the interviews is their realistic attitudes to their students' future job prospects, and their views on alternative courses which

could prepare the pupils for life rather than for a specific job. The book also includes an account of how the case studies were undertaken and reported. The methodological chapters set out some of the dilemmas and the possibilities in the study of such complex human situations.

Sociolinguistics of

Writing Theresa Lillis
2013-03-11 Brings the study of writing to the heart of sociolinguistic inquiry This book puts writing at the centre of sociolinguistic inquiry drawing on a range of academic fields including New Literacy Studies, semiotics, genre studies, stylistics and new rhetoric. The key question the book explores is- what do we mean by 'writing' in the 21 century? Using examples from across a range of contexts the book argues that writing, involving both

old and new technologies, is a pervasive and complex communicative feature of contemporary life. The book is organised around the following areas: The multimodal nature of writing The verbal dimension to writing. Writing as everyday practice. Writing as a differentiated semiotic and social resource. Writing as the inscription of identity A range of analytic tools for analysing writing as text and practice are illustrated including genre, register, discourse and metaphor, as well as notions which emphasise the mobile potential of writing such as genre chains, networks, literacy brokers and text trajectories. This book seeks to redress the neglect of writing in the field of sociolinguistics by introducing readers to the nature and consequences of what it means to do writing in a globalised world.
