*Under the Banner of Heaven* Jon Krakauer 2004-06-08 NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. • Now an acclaimed FX limited series streaming on HULU. "Fantastic.... Right up there with *In Cold Blood* and *The Executioner's Song*." —San Francisco Chronicle Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

*The Book of the Damned* Charles Fort 2020-09-28 "Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

**The Collected Works** Edward Gibbon 2022-11-13 Edward Gibbon (1737-1794) was an English historian and Member of Parliament. He is best known for his book, The History of the Decline and Fall of the Roman Empire. The work covers the history of the Roman Empire, Europe, and the Catholic Church from 98 to 1590 and discusses the decline of the Roman Empire in the East and West. Because of its relative objectivity and heavy use of primary sources, unusual at the time, its methodology became a model for later historians. This led to Gibbon being called the first modern historian of ancient Rome. This edition includes: The History of the Decline and Fall of the Roman Empire Memoirs of My Life and Writings Private Letters of Edward Gibbon Gibbon - Biography by J. C. Morison

**The Fiery Angel** Michael Walsh 2018-05-29 Without an understanding and appreciation of the culture we seek to preserve and protect, the defense of Western civilization is fundamentally futile; a culture that believes in nothing cannot defend itself, because it has nothing to defend. The past not only still has something to tell us, but it also has something that it must tell us. In this profound and wide-ranging historical survey, Michael Walsh illuminates the ways that the narrative and visual arts both reflect and affect the course of political history, outlining the way forward by arguing for the restoration of the Heroic Narrative that forms the basis of all Western cultural and religious traditions. Let us listen, then, to the angels of our nature, for better and worse. They have much to tell us, if only we will listen.

**The Djinn in the Nightingale's Eye** A. S. Byatt 2009-10-21 The magnificent title story of this collection of fairy tales for adults describes the strange and uncanny relationship between its extravagantly intelligent heroine—a world renowned scholar of the art of story-telling—and the marvelous being that lives in a mysterious bottle, found in a dusty shop in an Istanbul bazaar. As A.S. Byatt renders this relationship with a powerful combination of erudition and passion, she makes the interaction of the natural and the supernatural seem not only convincing, but inevitable. The companion stories in this collection each display different facets of Byatt's remarkable gift for enchantment. They range from fables of sexual obsession to allegories of political tragedy; they draw us into narratives that are as mesmerizing as dreams and as bracing as philosophical meditations; and they all us to inhabit an imaginative universe astonishing in the precision of its detail, its intellectual consistency, and its splendor. "A dreamy treat.... It is not merely strange, it is wondrous." --Boston Globe "Alternatingly erudite and earthy, direct and playful.... If Scheherazade ever needs a break, Byatt can step in, indefinitely." --Chicago Tribune "Byatt's writing is crystalline and splendidly imaginative.... **Letters From The Earth** Mark Twain 2017-04-04 The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to extinction, almost, by contrast -- archangels -- their heads level with His ankle-bone. When the Creator had finished thinking, He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

**Judged by the Vampires** Erin Bedford 2021-08-26 Piper has enough masters in her life. She sure as hell didn't need to add a whole Vampire Council to the mix. Unfortunately, Piper doesn't have much choice in the matter. With the leader of the Vampire Hunter's Guild has a vice grip on her life, there isn't much else for her to do but go along with his plan. Even if that plan involves taking out the head of the whole vampire organization. With Durands still wanted for murder, Piper has to find a way to clear their names and finally be free to live their own lives. **Apollo's Angels** Jennifer Homans 2010-11-02 NATIONAL BESTSELLER For more than four hundred years,

the art of ballet has stood at the center of Western civilization. Its traditions serve as a record of our past. Lavishly illustrated and beautifully told, *Apollo's Angels*—the first cultural history of ballet ever written—is a groundbreaking work. From ballet's origins in the Renaissance and the codification of its basic steps and positions under France's Louis XIV (himself an avid dancer), the art form wound its way through the courts of Europe, from Paris and Milan to Vienna and St. Petersburg. In the twentieth century, émigré dancers taught their art to a generation in the United States and in Western Europe, setting off a new and radical transformation of dance. Jennifer Homans, a historian, critic, and former professional ballerina, wields a knowledge of dance born of dedicated practice. Her admiration and love for the ballet, as *Entertainment Weekly* notes, brings "a dancer's grace and sure-footed agility to the page." NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • LOS ANGELES TIMES • SAN FRANCISCO CHRONICLE • PUBLISHERS WEEKLY
