National Integration in Indonesia Christine Drake 2019-03-31 Indonesia's great size and diversity and its history of regional dissension have made its struggle for national integration particularly complex. Christine Drake presents an informed and balanced picture of past and present developments in this struggle, offering readers a realistic assessment of the current status and future prospects of national integration in Indonesia. By addressing historical, political, social, and economic issues in conjunction with statistical analysis, Professor Drake argues that the spatial pattern of integration is far more complex than the commonly accepted core-periphery model of Indonesian integration and development. The author examines the effectiveness of Indonesian government policies in promoting national integration and concludes that in general they have led to greater national unity, although many serious problems remain.

Social Capital and Risk Sharing Abbas Mirakhor 2015-09-01 This exciting new addition to Palgrave Studies in Islamic Banking, Finance, and Economics argues that social capital can facilitate rule-compliance and co-operation in the sharing of risk in financial and economic activities.

The 4 A's of Marketing Jagdish N. Sheth 2012 The 4A framework helps companies create value for customers by identifying exactly what they want and need, as well as by uncovering new wants and needs. (For example, none of us knew we "needed" an iPad until Apple created it.) That means not only ensuring that customers are aware of the product, but also ensuring that the product is affordable, accessible and acceptable to them.

Zakat and Rural Development in Malaysia Abdul Aziz Bin Muhammad 1993

Beat the Curve Nick Nanton, Esq. 2015-11-18 Beat The Status Quo! Those who wish to improve are willing to make changes, others are dreamers. As Henry Ford so aptly put it: "If you always do what you've always done, you'll always get what you've always got." While this does not mean you have been unsuccessful, aspirations to move to a higher standard will require changes. What changes can a book like this offer? Beat The Curve is a compilation of authors who have outperformed the status quo. Their fields are different and their approaches are varied. Their ability and passion for their work, coupled with their perseverance, have allowed these Celebrity Experts(r) to soar to a higher level. While they have developed their successes in different ways, there are the common threads throughout. Why not be guided by a mountain climber who has been to the top before? To quote the Chinese philosopher, Confucius: Success depends upon previous preparation, and without such preparation there is sure to be failure. With the expert help available in the pages of this book, you will not only learn from their successes and their failures, but you will now have their guidance to help Beat The Curve.

Making Art Out of Pain Idayu Mumtaz Iskandar 2022-02-21 'Is it possible for beautiful things to come from a place of hurt and disappointment?' A beautiful life is not always one that goes on smoothly. A beautiful life is when the soul finds a way to make peace with the rough edges of existence. A beautiful life is interpreting the whole spectrum of human experiences, through the lens of faith. Fuelled by revealed divine verses and pressing personal reminiscences, this book coupled with vivid metaphorical watercolour artworks offers ten crafts to carry on when in the throes; to challenge what we perceive events in life to represent, how we respond to the unexpected, unfamiliar, and unpleasant, and what we choose to become in the face of everything.

Sultan Muhammad Al-Fateh: The Conquerer of Constantinople Abdul Latip Talib 2016-02-29 This is the story of the legendary Muhammad Al Fateh, following him from his childhood and how he was raised by his father to become a Caliph of Islam, through to his appointment as the Caliph of the Ottoman Empire at the tender age of 19 and subsequent rule. Without Constantinople under its jurisdiction, the Ottoman Empire was incomplete. And so, Sultan Muhammad AlFateh set out to conquer it. Al Fateh was not the first person to attempt conquering Constantinople. Many warriors and caliphs of Islam before him had tried in vain. Learning from their past failures, AlFateh carefully assembled and equipped his army. Finally, after an epic battle, Constantinople was conquered. Al Fateh changed the name of the city to Istanbul. At his peak, Al Fateh was the ruler of 25 countries. In the end, he was poisoned and killed by his enemies. Yet, the Ottoman Empire and legacy he left behind stayed strong.

Critical Issues on Islamic Banking and Financial Markets Saiful Azhar Rosly 2005 Thrust of this book is

to acquaint the reader with the obstacles overcome by a state whose past standing throughout the South and some of the northern sites had deteriorated from having over 40 SCV camps and 4 MOSB chapters to, by 1978, five camps and no active MOSB chapters. Under the leadership of Commander KH Bailey, his top adjutant Ray Hendrix and other carefully chosen staff members and some new camp commanders, the number of SCV Camps increased by 1986 to over 500 members in eleven camps. The MOSB chapters increased from 0 to 3. This increase in strength would have meant little in itself but what did these hardworking Tarheels accomplish during these nine years, 1977-1986? They hosted the first National SCV-MOSB Convention in NC in 1979, fifty years since the previous one in Charlotte in 1929! Long overdue was a monument to the Tarheels killed at the Battle of Bentonville in 1865. There were monuments to ALL Confederates killed and another one for the Texas killed. We "resurgents" built such a memorial. Read on for further outstanding contributions by these talented, hard charging Tarheels.

Economics Geoffrey Whitehead 2014-05-15 Economics: Made Simple, 14th Edition covers all the basic aspects of the economic organization of free-enterprise societies, with special reference to Great Britain's position in the European Community. The book tackles the production, distribution, and exchange of goods and services, both within a country and internationally. The text also discusses the basic ideas on production; the factors, scale, and location of production; and the types of business units. The theory of price determination, the money system, the importance of the distribution theory, and the theory of international trade are also discussed. The book describes macroeconomics and the problems associated with it; national income; the development of economic theory; and money, monetary policy, and monetarism. The part played by governments in controlling abuses, promoting social progress, and managing prosperity and the historical development of Economics are considered as well. Students reading books on Economics as a liberal study and practicing economists will find the book useful.

Islamic Law and Finance Frank E. Vogel 1998-01-01 Mirroring the expansion of wealth in the Middle East and Asia and a surge in Islamic self-identity, Islamic banking practices have either become the law of the land or coexist and compete with Western practices in at least six countries. A growing number of institutions and mutual funds (akin to Western "socially responsible" funds) have established Islamic investment and other practices to cater to this burgeoning market. Because of its prevalence, practitioners in every banking-related area must familiarize themselves with current Islamic finance practices in order to do business with Muslim clients and to engage in cross-border financing. Injunctions from the "Qur'an and the sayings of Prophet Muhammed have generated a web of interrelated norms which prohibit Islamic financiers from engaging in transactions that involve interest "(riba) and speculation "(gharar). "Islamic Law and Finance describes the dynamic set of Islamically-sanctioned ways financiers can transact business.

Why Mars and Venus Collide John Gray 2009-03-17 The phenomenal #1 bestselling author who revolutionized our understanding of male-female relations returns to the territory he intimately knows to help couples get past stress and find the loving relationship they want Once upon a time, Venusians and Martians functioned in separate worlds. But today they each struggle in the same hectic, career-oriented environment. Exhausted by the time they get home, he's eager to tune out and relax, while she wants to share the events of her day. The result: anger and resentment as Venus and Mars collide. In this positive, practical guide, John Gray explains the different ways men and women are affected by stress, demonstrates how each approach their problems, and offers a clear, easy-to-understand program to bridge the gap and help them achieve a loving, nurturing relationship.

Al - Hidayah (The Guidance) Burhan Ad-Din Al-Farghani Al-Marghinani 2020-10-13 The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works that discussed Islamic

jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author, Shaykh Al Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford

Strategic Management Robert A. Pitts 2000 This strategic management text focuses on building, extending, organizing and sustaining competitive advantage. Within the context of its advantage-driven focus, five key themes are addressed and reinforced throughout the book: distinctive competence, quality, globalization, change, and ethics. This book has mini-cases within each chapter and is filled with current real-world applications.

No Sugar Jack Davis 1986 Commissioned for the 1985 Perth Festival, this is the spirited story of the Millimurra family's stand against government 'protection' policies in 1930s Australia.

Why Men Don't Listen & Women Can't Read Maps Barbara Pease 2003 Relationships can be difficult. This guide presents the scientific reasons why men and women are different, covering topics such as why men shouldn't lie to women and why men are quiet and women like to talk.

Numerology or What Pythagoras Wrought Underwood Dudley 2019-07-10 Numerology is the belief that numbers have power over events. It is a descendant of number mysticism, the belief the contemplation of numbers can give mystical and non-rational insights into life, the universe, and everything. Twenty-five hundred years ago, Pythagoras originated number mysticism, crediting certain numbers with characteristics, though numerology is a more recent invention that allots numbers, hence, characteristics to individuals. Underwood Dudley outlines here the history of number mysticism and numerology and gives many examples, including biorhythms, Bible-numberists, pyram.

Taking Design Thinking to School Shelley Goldman 2016-12-01 Design thinking is a method of problem-solving that relies on a complex set of skills, processes and mindsets that help people generate novel solutions to problems. Taking Design Thinking to School: How the Technology of Design Can Transform Teachers, Learners, and Classrooms uses an action-oriented approach to reframing K-12 teaching and learning, examining interventions that open up dialogue about when and where learning, growth, and empowerment can be triggered. While design thinking projects make engineering, design, and technology fluency more tangible and personal for a broad range of young learners, their embrace of ambiguity and failure as growth opportunities often clash with institutional values and structures. Through a series of in-depth case studies that honor and explore such tensions, the authors demonstrate that design thinking provides students with the agency and compassion that is necessary for doing creative and collaborative work, both in and out of the classroom. A vital resource for education researchers, practitioners, and policymakers, Taking Design Thinking to School brings together some of the most innovative work in design pedagogy.

Make, Think, Imagine John Browne 2019-08-28 Today's unprecedented pace of change leaves many people wondering what new technologies are doing to our lives. Has social media robbed us of our privacy and fed us with false information? Are the decisions about our health, security and finances made by computer programs inexplicable and biased? Will these algorithms become so complex that we can no longer control them? Are robots going to take our jobs? Can we provide housing for our ever-growing urban populations? And has our demand for energy driven the Earth's climate to the edge of catastrophe? John Browne argues that we need not and must not put the brakes on technological advance. Civilization is founded on engineering innovation; all progress stems from the human urge to make things and to shape the world around us, resulting in greater freedom, health and wealth for all. Drawing on history, his own experiences and conversations with many of today's great innovators, he uncovers the basis for all progress and its consequences, both good and bad. He argues compellingly that the same spark that triggers each innovation can be used to counter its negative consequences. Make, Think, Imagine provides an eloquent blueprint for how we can keep moving towards a brighter future.

Corporate Giving Directory Verne Thompson 2008-08

Contemporary Islamic Finance Karen Hunt-Ahmed 2013-01-14 A comprehensive look at the innovations, applications, and best practices of Islamic finance Islamic-compliant finance is transacted in every major world financial center, and the need for information on the topic in light of its global reach has grown exponentially. As an expert in this field, author Karen Hunt-Ahmed understands the intricacies of this area of the capital markets. Now, along with the help of a number of experienced contributors, she skillfully addresses Islamic finance from the perspective of practitioners, examining issues in wealth management, contract law, private equity, asset management, and much more. Engaging and accessible, Contemporary Islamic Finance skillfully explains the practices and innovations of Islamic finance in everything from banking and real estate to private equity, asset management, and many other areas. It is intended to be the go-to resource for both Muslims as well as non-Muslims with an interest in the subject. Divided into three comprehensive parts, it will put you in a better position to understand, and excel at, this important endeavor. Introduces you to the history, legal structures, and basic financial contracts in the industry Highlights the various issues facing contemporary Islamic finance practitioners, and details their significance in the contemporary financial and cultural environment Includes case studies of United States-based transactions and related challenges and successes Filled with in-depth insights and expert advice, this detailed analysis of Contemporary Islamic Finance will help you gain a firm understanding of how effective this proven approach can be.

Stormbird Conn Iggulden 2013 In 1437, after years of regency, the pious and gentle Henry VI, the Lamb, comes of age and accedes to the English throne. His poor health and frailty of mind render him a weakling king - Henry depends on his closest men, Spymaster Derry Brewer and William de la Pole, Duke of Suffolk, to run his kingdom. Yet there are those, such as the Plantagenet Richard, Duke of York, who believe England must be led by a strong king if she is to survive. With England's territories in France under threat, and rumours of revolt at home, fears grow that Henry and his advisers will see the country slide into ruin. With a secret deal struck for Henry to marry a young French noblewoman, Margaret of Anjou, those fears become all too real. As storm clouds gather over England, King Henry and his supporters find themselves besieged abroad and at home. Who, or what can save the kingdom before it is too late?

Islamic Modernism in India and Pakistan, 1857-1964 Aziz Ahmad 1967

Heart To Heal Synithia Williams 2014-01-31 Shayla Monroe fled her hometown of Helena, South Carolina, after a shocking situation broke the heart of the only guy she'd ever loved. Years later, after losing her job in Atlanta with her name once again shrouded in scandal, she has nowhere to go but home. Now a devastatingly handsome and well-respected man, Devin Jones became a successful doctor as a way to forget Shayla's betrayal. When she returns as infamously as she left, he plans to put aside old feelings and treat her as any other person in town. But after looking into her soft brown eyes, the feelings he thought long dead quickly rush to the surface. Ignoring rumors, disapproval from family and friends, and promises to avoid each other, the two become friends . . . then lovers. Devin wants all or nothing, but Shayla, haunted by her past, is afraid their relationship will damage what's left of her reputation. Can two broken hearts survive the fight against past and present demons to heal and find love? Sensuality Level: Sensual

The Startup Game William H. Draper, III 2011-01-04 Entrepreneurs drive the future, and the last several decades have been a thrilling ride of astounding, far-reaching innovation. Behind this transformative progress are also the venture capitalists - who are at once the investors, coaches and allies of the entrepreneurs. William H. Draper III knows this story first-hand, because as a venture capitalist, he helped write it. For more than 40 years, Bill Draper has worked with top entrepreneurs in fabled Silicon Valley, where today's vision is made into tomorrow's reality. The Startup Game is the first up-close look at how the relationship between venture capitalists and entrepreneurs is critical to enhancing the success of any economy. From a venture capitalist who saw the potential of Skype, Apollo Computer, Hotmail, OpenTable, and many other companies, come firsthand stories of success. In these pages, Draper explores how to evaluate innovative ideas and the entrepreneurs behind those ideas, and he shares lessons from Yahoo, Zappos, Baidu, Tesla Motors, Activision, Measurix, and more. Also, in revealing his on-the-ground account of how Deng Xiaoping brought China roaring into the modern world and how Manmohan Singh unlocked the creative genius of Indian entrepreneurs, Draper stresses the essential value of farsighted political leadership in creating opportunity. The author also discusses his efforts to bring best practices of the venture

capitalist/entrepreneur partnership to the social sector. Written in an engaging narrative, and incorporating many of the author's personal experiences, this book provides a much-needed look at how the world of venture capital and entrepreneurship works.

Quichotte Salman Rushdie 2019-09-03 NEW YORK TIMES BESTSELLER • An epic Don Quixote for the modern age, "a brilliant, funny, world-encompassing wonder" (Time) from internationally bestselling author Salman Rushdie SHORTLISTED FOR THE MAN BOOKER PRIZE • "Lovely, unsentimental, heart-affirming . . . a remembrance of what holds our human lives in some equilibrium—a way of feeling and a way of telling. Love and language."—Jeanette Winterson, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND NPR Inspired by the Cervantes classic, Sam DuChamp, mediocre writer of spy thrillers, creates Quichotte, a courtly, addled salesman obsessed with television who falls in impossible love with a TV star. Together with his (imaginary) son Sancho, Quichotte sets off on a picaresque quest across America to prove worthy of her hand, gallantly braving the tragicomic perils of an age where "Anything-Can-Happen." Meanwhile, his creator, in a midlife crisis, has equally urgent challenges of his own. Just as Cervantes wrote Don Quixote to satirize the culture of his time, Rushdie takes the reader on a wild ride through a country on the verge of moral and spiritual collapse. And with the kind of storytelling magic that is the hallmark of Rushdie's work, the fully realized lives of DuChamp and Quichotte intertwine in a profoundly human quest for love and a wickedly entertaining portrait of an age in which fact is so often indiscernible from fiction. Praise for Quichotte "Brilliant . . . a perfect fit for a moment of transcontinental derangement."—Financial Times "Quichotte is one of the cleverest, most enjoyable metafictional capers this side of postmodernism. . . . The narration is fleet of foot, always one step ahead of the reader—somewhere between a pinball machine and a three-dimensional game of snakes and ladders. . . . This novel can fly, it can float, it's anecdotal, effervescent, charming, and a jolly good story to boot."—The Sunday Times "Quichotte [is] an updating of Cervantes's story that proves to be an equally complicated literary encounter, jumbling together a chivalric quest, a satire on Trump's America and a whole lot of postmodern playfulness in a novel that is as sharp as a flick-knife and as clever as a barrel of monkeys. . . . This is a novel that feeds the heart while it fills the mind."—The Times (UK)

A Grammar of the Malay Language William Marsden 1812

Islamic Social Finance Valentino Cattelan 2018-08-06 The current dynamics of world economy show remarkable changes in the socio-economics of credit provision and entrepreneurship. If the emergence of the sharing economy is fostering innovative models of collaborative agency, networking and venture business, economic actors are also looking for a more sustainable development, able to foster profitability as well as community welfare. This book investigates Islamic social finance as a paramount example of this economy under change, where the balance between economic efficiency and social impact is contributing to the transformation of the market from an exchange- to a community-oriented institution. The collected essays analyse the social dimension of entrepreneurship from an Islamic perspective, highlighting the extent to which the rationales of "sharing," distribution and cooperation, affect the conceptualization of the market in Islam as a place of "shared prosperity." Moving from the conceptual "roots" of this paradigm to its operative "branches," the contributing authors also connect the most recent trends in the financial market to Shari'ah-based strategies for community welfare, hence exploring the applications of Islamic social finance from the sharing economy, FinTech and crowdfunding to microcredit, waqf, zakat, sukuk and green investments. An illuminating reference for researchers, practitioners and policy-makers dealing with the challenges of a global market where not only is diversity being perceived as a value to be fostered, but also as an important opportunity for a more inclusive economy for everybody.

Islamic Law of Business Organization Partnerships Imran Ahsan Khan Nyazee 2002 The author attempts to spell out the Islamic principles on which business enterprise should be based specially in the area of partnership. He displays a strikingly acute awareness of Islamic laws on the subject, matched by an equally striking awareness of the forms of business organization in vogue in the contemporary world. The work represents a serious scholarly effort to sort out complicated questions such as those mentioned above, to enunciate Islamic principles relative to business enterprise, and to apply them in the changed context of present-day business.

Quit Like a Woman Holly Whitaker 2019-12-31 NEW YORK TIMES BESTSELLER • "An unflinching examination of how our drinking culture hurts women and a gorgeous memoir of how one woman healed herself."—Glennon Doyle, #1 New York Times bestselling author of Untamed "You don't know how much you need this book, or maybe you do. Either way, it will save your life."—Melissa Hartwig Urban, Whole30 co-founder and CEO The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol's ubiquity—in fact, the only thing ever questioned is why someone doesn't drink. It is a qualifier for belonging and if you don't imbibe, you are considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What's more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don't need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, Quit Like a Woman is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

Transactions of the American Fisheries Society Anonymous 2019-03-12 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible.

Al Ahkam As Sultaniyyah - Al Mawardi Abul hasan Al Mawardi 2017-12-20 Al-Ahkam as-Sultaniyyah [The Laws of Islamic Governance] is both the single most comprehensive account of the workings of Islamic governance and equally a highly influential theoretical outline of the nature of that governance. It is also as if it were a snapshot of the inner workings of Abbasid power at its height. Woven throughout it are accounts of the scholars of the salaf which are the book's lifeblood and its light.

In Search of Southeast Asia David Joel Steinberg 1988-01-01 Six contemporary historians trace the development of distinctive cultural, political, and social institutions in Southeast Asia

Why i Travel Aziff Azuddin 2016

Mindfulness Gill Hasson 2013-09-03 Be calm, collected and in the moment Too often, life just races by. You don't fully experience what's happening now, because you're too busy thinking about what needs doing tomorrow, or distracted by what happened yesterday. And all the time your mind is chattering with commentary or judgement. Mindfulness allows you to experience the moment instead of just rushing through it. Being mindful opens you up to new ideas and new ways of doing things, reducing stress and increasing your enjoyment of life. With ideas, tips and techniques to help you enjoy a more mindful approach to life, you'll learn how to: • Adopt more positive ways of thinking and behaving • Become calmer and more confident • Break free from unhelpful thoughts and thinking patterns • Bring about positive changes in your relationships • Achieve a new level of self-awareness and understanding Life is happening right now; mindfulness will help you live in the moment, so it doesn't pass you by!

Hidden Slaves Barry Leonard 2004-12 Forced labor is a serious & pervasive problem in the U.S. At any given time 10,000 or more people work as forced laborers in cities & towns across the country, & it is likely that the actual number is much higher, possibly tens of thousands. Because forced labor is hidden, inhumane, widespread, & criminal, sustained & coordinated efforts by U.S. law enforce., social service

providers, & the general public are needed to expose & eradicate this illicit trade. This report documents the nature & scope of forced labor in the U.S. from Jan. 1998 to Dec. 2003. It is the first study to examine the numbers, demographic characteristics, & origins of victims & perpetrators of forced labor in the U.S. & the adequacy of the U.S. response to this growing problem. Illus.

Guild Wars: Ghosts of Ascalon Matt Forbeck 2010-07-27 250 years ago, Ascalon burned . . . Desperate to defend his land from advancing hordes of bestial charr, King Adelbern summoned the all-powerful Foefire to repel the invaders. But magic can be a double-edged sword—the Foefire burned both charr and human alike. While the charr corpses smoldered, the slain Ascalonians arose again, transformed by their king's rage into ghostly protectors and charged with guarding the realm . . . forever. The once mighty kingdom became a

haunted shadow of its former glory. Centuries later, the descendants of Ascalon, exiled to the nation of Kryta, are besieged on all sides. To save humankind, Queen Jennah seeks to negotiate a treaty with the hated charr. But one obstacle remains. The charr legions won't sign the truce until their most prized possession, the Claw of the Khan-Ur, is returned from the ruins of fallen Ascalon. Now a mismatched band of adventurers, each plagued by ghosts of their own, sets forth into a haunted, war-torn land to retrieve the Claw. Without the artifact, there is no hope for peace between human and charr—but the undead king who rules Ascalon won't give it up easily, and not everyone wants peace!

The Secret Oppression Constance Backhouse 1978

Electronic Commerce and the Internet 1997
