Boystown Jason Orne 2017-01-20 From neighborhoods as large as Chelsea or the Castro, to locales limited to a single club, like The Shamrock in Madison or Sidewinders in Albuquerque, gay areas are becoming normal. Straight people flood in. Gay people flee out. Scholars call this transformation assimilation, and some argue that we—gay and straight alike—are becoming “post-gay.” Jason Orne argues that rather than post-gay, America is becoming “post-

lessons of sex. In Boystown, Orne takes readers on a detailed, lively journey through Chicago’s Boystown, which serves as a model for gayborhoods around the country. The neighborhood, he argues, has become an entertainment district—a gay Disneyland—where people get lost in the magic of the night and where straight white women can “go on safari.” In their original form, though, gayborhoods like this one don’t celebrate differences; they create them. By fostering a space outside the mainstream, gay spaces allow people to develop an alternative culture—a queer culture that celebrates sex. Orne spent three years doing fieldwork in Boystown, searching for ways to ask new questions about the connective power of sex and about what it means to be not just gay, but queer. The result is the striking Boystown, illustrated through

street photography by Dylan Stuckey. In the dark backrooms of raunchy clubs where bachelorettes wouldn't dare tread, people are hooking up and forging "naked intimacy." Orne is your tour guide to the real Boystown, then, where sex functions as a vital center and an antidote to assimilation.

one of the great American directors with movies such as *The Wild Bunch* and *Pat Garrett and Billy the Kid*. Max Evans, one of Peckinpah's best friends, experienced the director's mercurial character and personal demons firsthand. In this enthralling memoir we follow Evans and Peckinpah through conversations in bars, family gatherings, binges on drugs and alcohol, struggles with film producers and executives, and Peckinpah's abusive behavior—sometimes directed at Evans himself. Evans's stories—most previously unpublished—provide a uniquely intimate look at Peckinpah, their famous friends (including Lee Marvin, Brian Keith, Joel McCrea, and James Coburn), and the business of Hollywood in the 1960s and 1970s.

During the West's great transition into the post-Colonial age, the country of Rhodesia refused to succumb quietly, and throughout the 1970s fought back almost alone against Communist-supported elements that it did not believe would deliver proper governance. During this long war many heroes emerged, but none more skillful and courageous than Captain Darrell Watt of the Rhodesian SAS, who placed himself at the tip of the spear in the deadly battle to resist the forces of Robert Mugabe and Joshua Nkomo. It is difficult to find another soldier's story to equal Watt's in terms of time spent on the field of battle and challenges faced. Even by the lofty standards of the SAS and Special Forces, one has to look far to find anyone who can match his record of resilience and valor in the face of such

resources so paltry. In the fight he showed himself to be a military maestro. A bush-lore genius, blessed with uncanny instincts and an unbridled determination to close with the enemy, he had no peers as a combat-tracker (and there was plenty of competition). But the Rhodesian theater was a fluid and volatile one in which he performed in almost every imaginable fighting role; as an airborne shock-trooper leading camp attacks, long range reconnaissance operator, covert urban operator, sniper, saboteur, seek-and-strike expert, and in the final stages as a key figure in mobilizing an allied army in neighboring Mozambique. After 12 years in the cauldron of war his cause slipped from beneath him, however, and Rhodesia gave way to Zimbabwe. When the guns went quiet Watt had won all his battles but lost the war. In this fascinating biography we learn that in his

And he shares his thoughts on the now-legendary drivers he raced with, including six-time Le Mans winner Jacky Ickx, the famously flamboyant Hans Stuck, and two immense talents who lost their lives to the sport, Jo Siffert and Stefan Bellof. The overall effect is a fascinating trip back in time to a golden era for Porsche and sports car racing as a whole.

Married, with four children, he meets and falls in love with another woman and leaves his family to be with her, finding the freedom to be himself he so yearns for. But, when he introduces his new love to the zen practice that has long interested him, she becomes totally involved, both in the practice and with the Japanese zen master who uses his position to seduce many of his female students. Forced out of the zen center when he expresses his unhappiness with this situation, he sinks into despair and a hopeless pursuit of his beloved. Written in some parts with broad humor, Cardona-Hine also captures the ephemeral beauty of a new love and the depths of despair at its end.
